intellectual history Let 180 Masterpieces of World Literature illuminate your journey through literary heritage where each page turns a window into a different era a new perspective and the enduring spirit of creativity **Ivanhoe, Complete** Walter Scott, 2016-01-27 INTRODUCTION TO IVANHOE The Author of the Waverley Novels had hitherto proceeded in an unabated course of popularity and might in his peculiar district of literature have been termed L'Enfant Gate of success It was plain however that frequent publication must finally wear out the public favour unless some mode could be devised to give an appearance of novelty to subsequent productions Scottish manners Scottish dialect and Scottish characters of note being those with which the author was most intimately and familiarly acquainted were the groundwork upon which he had hitherto relied for giving effect to his narrative It was however obvious that this kind of interest must in the end occasion a degree of sameness and repetition if exclusively resorted to and that the reader was likely at length to adopt the language of Edwin in Parnell's Tale Reverse the spell he cries And let it fairly now suffice The gambol has been shown Nothing can be more dangerous for the fame of a professor of the fine arts than to permit if he can possibly prevent it the character of a mannerist to be attached to him or that he should be supposed capable of success only in a particular and limited style The public are in general very ready to adopt the opinion that he who has pleased them in one peculiar mode of composition is by means of that very talent rendered incapable of venturing upon other subjects The effect of this disinclination on the part of the public towards the artificers of their pleasures when they attempt to enlarge their means of amusing may be seen in the censures usually passed by vulgar criticism upon actors or artists who venture to change the character of their efforts that in so doing they may enlarge the scale of their art There is some justice in this opinion as there always is in such as attain general currency It may often happen on the stage that an actor by possessing in a preeminent degree the external qualities necessary to give effect to comedy may be deprived of the right to aspire to tragic excellence and in painting or literary composition an artist or poet may be master exclusively of modes of thought and powers of expression which confine him to a single course of subjects But much more frequently the same capacity which carries a man to popularity in one department will obtain for him success in another and that must be more particularly the case in literary composition than either in acting or painting because the adventurer in that department is not impeded in his exertions by any peculiarity of features or conformation of person proper for particular parts or by any peculiar mechanical habits of using the pencil limited to a particular class of subjects *Waverley Novels: Ivanhoe* Walter Scott, 1886 **Waverley novels.
