Feminine by Design John D. Garr, 2013-05-23 Women are the product of divine design the exquisite creation that God fashioned with careful meticulous and loving care Understanding how and why God created woman enables both women and men to recognize the rightful contributions that God designed women to make for the welfare of humanity Despite millennia of misguided efforts by men to control and dominate them women were originally designed by God to be coequal with men and to have complete freedom to use any gift and to fulfill any role that he has given to them That design is still God's ideal for the God fashioned woman and includes the following subjects Designed to Be Feminine Designed for Beauty Designed for Purity and Modesty Designed for Sexual Fulfillment Designed for Nurture and Relationship Designed for Freedom Whatever your race ethnicity gender faith or social status this book and the other volumes in this series will literally set you free from misconceptions that have restricted the roles of women As you are reconnected with the Hebraic foundations of your faith you will clearly understand God's original design and purpose for women and you will begin to help remove obstacles that have kept women from assuming their God given roles in the family in society and especially in the community of faith

Raising Uncommon Kids Sami Cone, 2016-01-12 The single greatest lesson parents teach their kids isn't anything they say it's what they do And while most parents would say they want to raise compassionate kids they might be surprised to discover just how little they're actually modeling the behaviors they hope to pass on qualities such as unconditional love gentleness forgiveness patience gratitude humility and more In this unique book Sami Cone shows parents a new way to look at molding their children one in which focusing on adding good behaviors and attitudes is more powerful than eliminating bad ones Grounding her advice in Scripture specifically the twelve characteristics found in Colossians 3:12-17 Cone offers plenty of stories from her own life to show these principles in action And she offers

practical things parents can do right now to create a home and family that exhibits love harmony and generosity of spirit in a self centered world
