Parenting For The State:

Parenting for the State Teresa Toguchi Swartz, 2020-11-25 Through careful ethnography and rich in depth interviews at a non profit foster family agency this book takes a look behind the scenes of our troubled foster care system **Parenting and the State in Britain and Europe, c. 1870-1950** Hester Barron, Claudia Siebrecht, 2016-12-29 This innovative collection draws on original research to explore the dynamic interactions between parents governments and their representatives across a range of European contexts from democratic Britain and Finland to Stalinist Russia and Fascist Italy The authors pay close attention to the various relationships and dynamics between parents and the state showing that the different parties were defined not solely by coercion or manipulation but also by collaboration and negotiation Parents were not passive recipients of government direction rituals and cultures of parenting could both affirm and undermine state politics Readers will find this collection crucial to understanding family life and the role of the state during a period when both underwent significant change **Parents, Children, Young People And The State** Shaw, Sandra, 2010-01-01 This book provides an exploration of the social policies and practices of the Blair and Brown led Labour governments in relation to families children and young people in the United Kingdom *Parents, Poverty and the State* Eisenstadt, Naomi, Oppenheim, Carey, 2019-09-18 Naomi Eisenstadt and Carey Oppenheim explore the radical changes in public attitudes and public policy concerning parents and parenting Drawing on research and their extensive experience of working at senior levels of government the authors challenge expectations about what parenting policy on its own can deliver They argue convincingly that a more joined up approach is needed to improve outcomes for children both reducing child poverty and improving parental capacity by providing better support systems This is vital reading for policymakers at central and local government level as well as those campaigning for the rights of children **EBOOK: Parents, Children, Young People And The State** Sandra Shaw, 2010-01-16 This book provides an exploration of the social policies and practices of the Blair and Brown led Labour governments in relation to families children and young people in the United Kingdom Although not a commentary solely on the policies of New Labour the book examines Labour s Third Way by widening out the debate to consider family welfare policies in the context of the European Union globalization and international policy groups such as UNICEF Within the UK the Every Child Matters policy agenda provides a context for the areas considered While there has been considerable improvement in the lives of many children and young people during this period there have also been many headlines about abuse and failures of the care system Moreover the UK is still below the average in terms of child poverty within Europe and the well being of children and young people is of concern The author has taken a rigorous look at policy developments during this period focusing on key areas such as Health and well being Child Poverty Risks rights and responsibilities Young people being a risk and at risk Youth homelessness Looked after children Parents Children Young People and the State provides an accessible analysis of this key area for students lecturers researchers and policy makers with an interest in the well being of

children and young people now and in the future Parents, Schools and the State Helen Proctor, Anna Roch, Georg Breidenstein, Martin Forsey, 2023-11-14 This book maps globally shifting relations between families schools and the state across a range of nations Australia Germany India Norway Singapore Sweden USA in the late twentieth and early twenty first centuries Featuring contributions from leading international experts the book s eight chapters reflect upon the apparently vital responsibility of parents for choosing the rights sort of educational pathways for their children offering comparative insights into several different kinds of state with different contexts for the practices of educational parenting The contributors consider the proposition that a significant focus of the material emotional and occupational investment of contemporary parents is the formal education of their children re shaping not only the relationship between parents and schools but also the nature of parenthood itself Parents are analysed both as local actors in schools and as subjects of national and international policy regimes particularly recent and contemporary imperatives of marketisation With a focus on social change the chapters examine the operation of global educational programmes and ideas in national and local settings The collected national and local studies attend to different confluences of local regional and transnational considering a variety of social and cultural patterns as well as national and local educational structures and policy regimes Parents Schools and The State Global Perspectives will be a useful resource for academics researchers and advanced students of comparative education educational policy and leadership educational research history of education sociology research methods and politics This book was originally published as a special issue of Comparative Education

Children's Rights and Moral Parenting Mark C. Vopat, 2015-02-10 Children s Rights and Moral Parenting offers systematic treatment of a variety of issues involving the intersection of the rights of children and the moral responsibility of parents Mark C Vopat offers a theory of the relationship between children parents and the state that can be applied to the real life decisions that parents are often in the position to make on behalf of their children In many instances our current view of parental rights has granted parents far more discretion than is morally warranted Vopat arrives at this conclusion by carefully considering the unique status children have socially legally and morally in most western societies Children s Rights and Moral Parenting is essentially contractualist in the Rawlsian tradition While it may appear counterintuitive to speak of children in terms of the social contract tradition there is much this approach can do to provide some conceptual clarity to the nature of the relationship between children parents and the state The overarching theme of the book is the moral

independence of children from extreme forms of parental and at times social control The objective of the book is to provide an argument for extending the range of things owed to children as well as making the case for fully including children in the moral community

Assigning Responsibility for Children's Health When Parents and Authorities Disagree: Whose Child? Allan J. Jacobs, 2021-10-25 This book provides a multidisciplinary analysis of the potential conflict between a government's duty to protect children and a parent's right to raise children in a manner they see fit Using philosophical, bioethical and legal analysis the author engages with key scholars in pediatric decision making and individual and religious rights theory Going beyond the parent-child dyad the author is deeply concerned both with the interests of the broader society and with the appropriate limits of government interference in the private sphere The text offers a balance of individual and population interests maximizing liberty but safeguarding against harm Bioethics and law professors will therefore be able to use this text for both a foundational overview as well as specific subject level analysis Clinicians such as pediatricians and gynecologists as well as policy makers can use this text to achieve balance between these often competing claims The book is written by a physician with practical and theoretical knowledge of the subject and deep sympathy for the parental and family perspectives As such the book proposes a new way of evaluating parental and state interventions in children's healthcare a refreshing approach and a useful addition to the literature

Supervision of Parent Education as a Function of State Departments of Education Ellen Celia Lombard, 1942

The Supportive State Maxine Eichner, 2010-10-15 Broad agreement exists among politicians and policymakers that the family is a critical institution of American life Yet the role that the state should play with respect to family ties among citizens remains deeply contested This controversy over the state's role undergirds a broad range of public policy debates Does the state have a responsibility to help resolve conflicts between work and family Should same sex marriage be permitted Should parents who receive welfare benefits be required to work Yet while these individual policy issues are endlessly debated the underlying theoretical question of the stance that the state should take with families remains largely unexplored In *The Supportive State* Maxine Eichner argues that government must take an active role in supporting families She contends that the respect for human dignity at the root of America's liberal democratic understanding of itself requires that the state not only support individual freedom and equality the goods generally considered as grounds for state action in liberal accounts It must also support families because it is through families that the caretaking and human development needs which must be satisfied in any flourishing society are largely met Families capacity to satisfy these needs she demonstrates is critically affected by the framework of societal institutions in which they function In the supportive state model she develops the state bears the responsibility for structuring societal institutions to support families in performing their caretaking and human development functions Although not all family forms will further the important functions that warrant state support she argues that a broad range will Eichner's vigorous defense of the state's responsibility to enhance families capacity for caretaking and human development stands as a sharp

rejoinder to the widespread conservative belief that the state's role in family life must be diminished in order for families to flourish
