Jennings Bryant,J. Alison Bryant

Parents Children And Communication Frontiers Of Theory And Research:

Parents, Children, and Communication Thomas J. Socha, Glen H. Stamp, 2013-11-05 This is the first edited volume in the communication field to examine parent child interaction It creates a framework for future research in this growing area family communication and more specifically parent child communication and also suggests new areas of communication research among parents and children cultural work related taboo topics family sex discussions conflict and abuse Chapter authors provide thorough coverage of theoretical approaches new methods and emerging contexts including lesbian gay parent child relationships In so doing they bring a communication perspective to enduring problems of discipline adolescent conflict and physical child abuse The text highlights various methodological approaches both quantitative and qualitative including conversation analysis grounded theory participant observation and phenomenological interviewing of children It also introduces and surveys various theoretical approaches general systems developmental cultural and intergenerational transmission

Parents and Children Communicating with Society Thomas J. Socha, Glen Stamp, 2010-03-17 The volume opens a new frontier in parent child communication research as it brings together veteran researchers and newcomers to explore the communication of parents and children as they create relationships outside the family The chapters herein examine communication processes and problems of parents and children as they interact with childcare healthcare education and youth sports investigate the unique challenges facing various types of families as they communicate outside the family e g stepfamilies and gay lesbian bisexual families and consider the role of media in family relationships outside of home The primary audiences for the volume includes scholars researchers and graduate students studying communication in families children s communication communication in personal relationships organizational communication group communication and health communication It will also be of interest to psychologists who study families children and organizations sociologists who study families children and organizations education researchers teachers coaches family physicians and family therapists graduate students It has the potential for use in courses in family communication family studies family sociology and child development

Voicing Relationships Leslie A. Baxter, 2010-01-19 One of the field s most respected scholars advances a dialogic perspective on communication in personal and familial relationships presenting the next iteration of relational dialectics theory RDT This is an excellent book and moves one of the major theories in the social sciences forward in very innovative ways Indeed this book extends beyond RDT by addressing limitations in the family interpersonal and personal relationships literature I believe this book will prompt many discussions among theorists and researchers in those areas and has the potential to provide exciting new directions in the study of relationships Glen H Stamp Ball State University Leslie A Baxter is offering up something here that is desperately needed and fills a big hole for those who adopt RDT as their theoretical framework I found the conceptual content of the book to be clear compelling and provoking The chapter on contrapuntal analysis is the only one of its kind Melissa Wood Alem n James Madison University Voicing

Relationships presents a dialogic perspective on relating inspired by the dialogism work of the Russian theorist of literature and culture Mikhail Bakhtin Written by Leslie A Baxter one of the theory's originators this groundbreaking book presents the next iteration of the theory along with a methodological primer for contrapuntal analysis that includes guiding readers through a sample analysis Developing a rich palette of dialogic concepts useful in the study of interpersonal communication the book's central argument is that meaning making emerges from the clash of competing systems of meaning or discourses Relationship communication is embedded in culture history difference and conceptions of the ideal In addition the book gives us a method by which to study communication dialogically contrapuntal analysis Key Features Centers communication at the heart of relationships with an interdisciplinary focus on communication from fields such as psychology social work and sociology Offers an up to date distillation of two decades of relevant research to organize major findings and issues Moves scholars and students beyond simplistic uses of relational dialectics or using the dialectical pairs in overly simplistic cookie cutter ways Provides scholars and students with guidance in using RDT to guide their own research Intended Audience Voicing Relationships is ideal for use in a wide range of courses such as Interpersonal Communication Family Studies Couples Marriage and Family and Counseling Balancing the Secrets of Private Disclosures Sandra Petronio, 1999-12 Examines the issues of disclosure privacy secrecy to further understanding of how people balance their public private needs Of interest to scholars researchers in interpersonal communication personal relationships social psychology related areas

Contemporary Studies on Relationships, Health, and Wellness Jennifer A. Theiss, Kathryn Greene, 2018-11-29 Discusses contemporary research that examines the ways that close relationships are involved in and affected by health and wellness

The Wiley-Blackwell Handbook of Couples and Family Relationships Patricia Noller, Gery C. Karantzas, 2012-02-20 The Wiley Blackwell Handbook of COUPLES AND FAMILY RELATIONSHIPS Perhaps as never before models of couples and families are changing dramatically in the 21st century This remarkable and timely collection brings it all together from description of societal trends to psychological studies of communication affect and cognition to implications for health intervention and policy Noller and Karantzas have assembled an outstanding up to date collection of theoretically grounded empirically rich chapters This volume is likely to end up one of the most well worn books on your desk Harry Reis University of Rochester This volume provides important state of the art commentaries on the psychological interpersonal and social issues that face couples and families Noller and Karantzas have assembled an excellent group of contributors who skillfully articulate current trends in scholarship and who apply research findings to practical concerns associated with treatment and policy This is a must read for anyone interested in couple and family relationships Anita L Vangelisti University of Texas at Austin The Wiley Blackwell Handbook of Couples and Family Relationships offers keen insights into ways to confront the unique challenges of relationships in 21st century Western society Original contributions from an international cast of leading relationship researchers practitioners educators and policy makers link research policy and practice to reflect the

most up to date knowledge of the myriad issues surrounding contemporary relationships Themes explored include family structure versus functioning attachment theory divorce and family breakdown communication and conflict self regulation partner regulation and behavior change care giving and parenting relationship education and therapy and policy implications In addition to tackling issues of love sex and intimacy a number of authors focus on specific interventions that can be utilized by professionals in assisting clients achieve more fulfilling relationships This handbook is an invaluable resource for counselors therapists and others involved in helping couples and families to survive in the current social context The Handbook of Group Communication Theory and Research Lawrence R. Frey, Dennis Gouran, Marshall Scott Poole, 1999-07-08

The Handbook of Group Communication Theory and Research establishes a central resource for the field documenting and synthesizing the work done in group communication s 50 year history With contributions from the most experienced and respected scholars in the field the editors Lawrence R Frey Dennis S Gouran and Marshall Scott Poole present an overview of group communication study and examine a variety of theoretical positions and methodological practices The volume is divided into six broad areas of communication scholarship Foundations of group communication theory and research Individuals and group communication Task and relational group communication Group communication processes Group communication facilitation Group communication contexts and applications The sections serve as a crossroads where various paths pursued in each area meet summarize and suggest new maps and roads that need to be followed in the future Offering a comprehensive history of group communication theory and research and establishing new conceptual perspectives and research agendas for future group communication scholars this important resource will be an unrivalled tool for scholars researchers educators practitioners and students alike **Handbook of Family Theories** Mark A. Fine, Frank D.

Fincham, 2013-03-05 Organized by content areas rather than by theory this comprehensive accessible handbook helps readers gain greater insight into how key theories have impacted today s family research Most competing books organized by theory do not provide a strong sense of the links between theory and research Using the 2000 and 2010 decade in review issues of the Journal of Marriage and Family as a resource the book addresses the most important topics impacting family studies research today The introductory chapter written by the editors provides an overview of the role family theories have had on the field This chapter is followed by 23 others on family related content areas written by renowned scholars in the field The book is organized around the most important domains in the field parenting and parent child relationships romantic relationships conflict and aggression structural variation and transitions demographic variations and families and extra familial institutions Each of the contributors describes how theory has been used to generate new knowledge in the field and suggests future directions for how theory may be used to extend our knowledge base The book helps readers acquire a working knowledge of the key family science theories findings and issues and understand how researchers make use of these theories in their empirical efforts To maximize accessibility each of the renowned contributors addresses a common set of

issues in their chapter Introduction to the content area Review of the key topics issues and findings A description of each of the major theories used to study that particular content area Limitations of the theories Suggestions for better use of the theories and or new theoretical advances Conclusions about future theoretical developments An ideal text for graduate and or advanced undergraduate family theories courses this book s unique organization also lends itself to use in content based family studies science courses taught in family studies human development psychology sociology communication education and nursing Due to its comprehensive and current approach the book also appeals to scholars and researchers in these areas

Handbook of Family Communication Anita L. Vangelisti, 2004 Integrating the varying perspectives and issues addressed by researchers theorists and practitioners this edited collection presents an analysis and synthesis of cutting edge research and theory on family interactions

Counselling Adolescents Kathryn Geldard, David Geldard, 2009-11-25 Filled with practical and effective approaches this book is an asset to anyone wanting to develop their skills in working with adolescents Samantha Best CAMHS Manager and Clinical Nurse Specialist This publication is a further invaluable resource to counsellors wanting to work with young people It offers a one stop shop for any practitioner who wants to understand adolescent development and the need for a counselling approach that parallels this with helpful strategies for enhancing the counselling conversation and the relationship between counsellor and the young person Barbara Rayment Director of Youth Access London Providing an excellent introduction to counselling young people that is theoretically sound and rich in delivering practical techniques this book is an important addition to the personal library of counselling students and counsellors Associate Professor Sylvia Rodger University of Queensland St Lucia Queensland Australia In this third edition of their bestselling text Kathryn and David Geldard provide a practical introduction to the principles and practices required for successful counselling to show that working with young people can be both challenging and effective The book is divided into three main parts covering how to understand the young client as a person the pro active approach of working with young people the counselling skills and strategies needed This Third Edition has been completely revised and updated and includes two new chapters The first Maintaining a Collaborative Relationship identifies ways to engage a young person collaboratively throughout a proactive counselling process The other Professional and Ethical Issues deals with these issues as they relate to working with young people Additional practical case studies and examples show how counsellors can work pro actively with this age group The book will be of particular interest as a textbook and resource to all professionals who work with emotionally disturbed young people and will provide an excellent resource for trainees in courses on counselling social work psychology occupational therapy mental health and psychiatry nursing and education

Television and the American Family Jennings Bryant, J. Alison Bryant, 2001 This second edition of a trend setting volume provides an updated examination of the interaction between families and the most pervasive mass medium television Charting the dynamic developments of the American family and television over the past decade this volume provides a comprehensive representation of

programmatic research into family and television and examines extensively the uses families make of television how extensions of television affect usage families evolving attitudes toward television the ways families have been and are portrayed on television the effects television has on families and the ways in which families can mediate its impact on their lives The volume is an invaluable resource for scholars and students in the areas of media and society children and media and family studies

Social and Cultural Lives of Immune Systems James M. Wilce Jr., 2003-09-02 This book introduces a provocative new branch of social theory the hypothesis that immunity and disease are in part socially constituted It suggests that immune systems function not only as material entities but also as social symbols

Close Encounters Laura K. Guerrero, Peter A. Andersen, Walid A. Afifi, 2017-03-01 A relational approach to the study of interpersonal communication Close Encounters Communication in Relationships Fifth Edition helps students better understand their relationships with romantic partners friends and family members Bestselling authors Laura K Guerrero Peter A Andersen and Walid A Afifi offer research based insights and content illustrated with engaging scenarios to show how state of the art research and theory can be applied to specific issues within relationships with a focus on issues that are central to describing and understanding close relationships While maintaining the spotlight on communication the authors also emphasize the interdisciplinary nature of the study of personal relationships by including research from such disciplines as social psychology and family studies The book covers issues relevant to developing maintaining repairing and ending relationships Both the bright and dark sides of interpersonal communication within relationships are explored

Parenthood in America Lawrence Balter, 2000-12-13 Critically acclaimed and highly authoritative collection of parenting issues featuring a unique balance of practical and scholarly information This illustrated A Z encyclopedia on parenthood in America offers fresh insights and solid information all based on the latest research Parenthood in America is the work of the nation's real authorities the heavy hitters in psychology health sociology anthropology and family history It aims to fill the gap between how to books which generally blend popular notions and authors pet theories and specialized texts aimed at scholars Parents teachers students and professionals working in the field will find something here to inform surprise and even entertain Entries are concise carefully illustrated and accompanied by suggestions for further reading Readers will find entries on the superstars of the field both popular Dr Spock Dr Seuss Mr Rogers and scholarly Ainsworth Bowlby Erikson

Explaining Family Interactions Mary Anne Fitzpatrick, Anita L. Vangelisti, 1995-06-09 Explaining Family Interactions represents a unique collection that may stand alone or complement a traditional textbook The contents reflect the ever changing nature of families and the role communication plays in creating and maintaining family relationships The collection captures the wide universe of family experience as represented in fine scholarship Kathleen M Galvin Northwestern University What relationship exists between family structure and communication How do communication patterns between family members change over time What role does culture play in family communication In this groundbreaking volume a stellar team of contributors answers these and

other significant questions by offering a detailed review of current research and state of the art ideas concerning both communication processes and family functioning Contributors explore a rich tapestry of topics including family conflict courtship and dating relationships postdivorce relations communication and family culture and dual career families to name but a few And while contributors each explore different aspects of family communication all address similar questions and incorporate a range of methodological and or theoretical positions Explaining Family Interactions is an ideal resource for all scholars and students in the fields of interpersonal communication family studies relationships family sociology and social psychology

Romantic Relationships and Sexuality in Adolescence and Young Adulthood Daphne van de Bongardt,Rongqin Yu,Maja Dekovic,Wim Meeus,2018-04-19 Romantic relationship formation and the engagement in sexual behaviors are normative and salient developmental tasks for adolescents and young adults These developmental tasks are increasingly viewed from an ecological perspective thus as strongly embedded in different social contexts including the proximal social domains of parents peers and partners This volume brings together seven recent empirical studies on adolescents and young adults romantic relationships and sexuality in the context of relationships with parents peers and partners In this editorial introduction we describe two important recent changes in the theoretical perspectives on emerging romantic relationships and sexual activity from risky behaviors to normative tasks and from individual to contextualized processes We then discuss recent advances in empirical research on romantic relationships and sexuality of adolescents and young adults After that we review the seven studies in this volume and discuss the contributions of these studies to the existing literature Finally we discuss directions for future research regarding how to further incorporate the interrelational perspective in empirical research on these topics and how to bridge the gap between the research fields on romantic relationships and sexuality This book was originally published as a special issue of the European Journal of Developmental Psychology

Handbook of Marriage and the Family Marvin B. Sussman,Suzanne K. Steinmetz,Gary W. Peterson,2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no

spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p

Reader's Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report

Family Communication Chris Segrin, Jeanne Flora, 2004-09-22 This advanced text carefully examines state of the art research and theories of family communication and family relationships In addition to presenting cutting edge research authors Chris Segrin and Jeanne Flora focus on classic theories and research findings that have influenced and revolutionized the way scholars conceptualize family interaction Showing that answers to many questions about family communication can be found in current scientific research the book introduces readers to fundamental issues in the study of family communication explores what is known about communication in different types of families and family relationships and examines problematic issues in family communication Family Communication offers a thorough and up to date presentation of scientific research in family communication for students and teachers of family communication as well as professionals who work with families Undergraduate readers will find the text to be accessible engaging and easy to understand while graduate students and professionals will utilize the work as a comprehensive reference to classic and contemporary research on family communication and relationships
