Streetwise Paris Map Michelin, 2017-12-12. Streetwise Paris Map is a laminated city center travel map of Paris, France. The accordion-fold pocket-size travel map has an integrated metro map including lines and stations. Coverage includes Main Paris Map 1:14,000, Paris Metro Map, Map of France. Dimensions 4 x 8.5 folded, 8.5 x 38 unfolded. There are more clichés about Paris than there are tourists at the Louvre, but the fact is that underneath each overused hackneyed cliché is a glistening kernel of truth. The City of Light, the City of Love, and the City of Romance: familiar platitudes, but once you experience it for yourself, you understand why. There is a *je ne sais quoi* allure to this city that beguiles but never completely reveals what makes it so universally appealing. Artists, poets, writers, and composers have tried to define exactly what it is about this place, and yet they succeed only to a point. Perhaps it is as elusive as defining love: for to be in Paris entails experiencing love about someone, something, some place. There is so much to do, you know the big ones: the Louvre, Musée d'Orsay, Sacré-Cœur, St. Germain des Pres, the Left Bank, the Right Bank, the Arc de Triomphe, the Champs Elysées, the Opéra, but don't miss the fun of discovering the small ones, the ones off the beaten path. Nothing like taking your time strolling through the turn-of-the-century mansion that houses Musée Marmottan, then enjoying a café and patisserie in the museum's jewel-box café. Wandering aimlessly is romantic; getting lost isn't. In fact, there are few things that can drain the romance out of a situation faster than realizing that you're hopelessly lost. So take your travel map and put it away if you want to wander, but have no fear that your wandering will turn into a lost odyssey. You can always pull out the STREETWISE Paris Map and get yourself pointed back in the right direction. Paris is not without faults. Sometimes people can be rude, but that's the case anywhere in the world, be it a large city or small village. You get what you give. And in the case of Paris, as with any true love, you accept the flaws with the charms, the weaknesses with the strengths. In the end, the true beauty of Paris will surpass any blemish. Life from a Parisian perspective is beautiful. But that's another cliché, isn't it? The pocket-size map of Paris is laminated for durability and accordion-folding for effortless use. To enhance your visit to Paris, pick up a Michelin Green Guide Paris, which details sites and attractions using a star-rating system so you can prioritize your trip based on time and interest. For a selection of the best restaurants and hotels, buy the MICHELIN Guide, Main Cities in Europe, or the MICHELIN Guide Paris et ses environs, French only. For driving or to plan your trip to and from Paris, use the Michelin France Road and Tourist Map No. 721.
