answers two simple questions What do professional political consultants do and How successful are they Medvic analyzes the way consultants shape political dialogue and uses empirical data to show the benefits and limits of a consultant s involvement in a campaign He focuses on issues as diverse as vote shares outcomes and fundraising Finally the author demonstrates how the adversarial nature of campaigns fosters the kind of electioneering advocated by most political consultants and argues that this process may not be as harmful for the country as is often suggested      Democratic Representation in Europe Maurizio Cotta,Heinrich Best,2007-11-08 Democratic Representation in Europe Diversity Change and convergence explores representation as a core element of democracies in the modern era Over the past 150 years parliamentary representation has developed into a main link between polity and society and parliamentary representatives have come to form the nucleus of political elites The twenty authors of the 16 chapters follow a comparative and empirical approach by exploiting the unique longitudinal data base of the EURELITE project which has gathered standardized evidence about the structures of parliamentary representation in 11 European countries and their development over time in many countries over 160 years Following on from an earlier book by the same editors Parliamentary Representatives in Europe 1848 2000 which focused on trends in single European countries Democratic Representation in Europe pursues a trans national approach by comparing the mechanisms and modes of parliamentary recruitment and career formation between the main party families and various categories of the population in European societies Such cross national analyses which include a longitudinal account of female representation throughout modern European parliamentary history have not been attempted before The book concludes with longitudinal in depth analyses of cleavage representation in European parliamentary history and of the impact of the institutional factor on political elites transformations Democratic Representation in Europe contributes to a better understanding of relations between social and political change and of the importance of institutional factors in shaping the political elites of European democracies In so doing it can help substantiate theoretical debates in the social and political sciences on issues such as historical institutionalism and path dependency      **Norway Banking and Financial Market Handbook Volume 1 Strategic Information and Regulations** IBP USA,2007-02-07 Norway Banking Financial Market Handbook      **Norway Country Study Guide Volume 1 Strategic Information and Developments** IBP, Inc.,2015-04-13 Norway Country Study Guide Strategic Information and Developments      **Norway Investment and Business Guide Volume 1 Strategic and Practical Information** IBP, Inc.,2015-09-11 Norway Investment and Business Guide Volume 1 Strategic and Practical Information      Norway a "Spy" Guide Volume 1 Strategic Information and Developments IBP USA,
