Parliamentary Texts Of The Later Middle Ages:

Parliamentary Texts of the Later Middle Ages Nicholas Pronay, John Taylor, 2020 England in the Later Middle Ages M.H. Keen, 2004-08-02 First published to wide critical acclaim in 1973 England in the Later Middle Ages has become a seminal text for students studying this diverse constantly changing period The second edition of this book while maintaining the character of the Women and Parliament in Later Medieval England W. Mark Ormrod, 2020-07-15 This Palgrave Pivot provides the first ever comprehensive consideration of the part played by women in the workings and business of the English Parliament in the later Middle Ages Breaking new ground this book considers all aspects of women's access to the highest court of medieval England Women were active supplicants to the Crown in Parliament and sometimes appeared there in person to prosecute cases or make political demands It explores the positions of women of varying rank from queens to peasants vis vis this male institution where they very occasionally appeared in person but were more usually represented by written petitions A full analysis of these petitions and of the official records of parliament reveals that there were a number of issues on which women consistently pressed for changes in the law and its administration and where the Commons and the Crown either championed or refused to support reform Such is the concentration of petitions on the subjects of dower and rape that these may justifiably be termed women's issues in the medieval Parliament **Identity and Insurgency in the Late Middle Ages** Linda Clark, 2006 The most crucial issues in current research are debated in the latest volume in the series The essays collected here provide fresh insight into a range of important topics across the period They discuss religion both orthodox as revealed by the lives of anchoresses living in Norwich and heretical as practised by lollards living in Coventry politics exploring the motivations of individuals seeking election to parliament and how the way Cade's Rebellion was recorded by contemporaries affected its subsequent perception law whether it may be deduced from manorial court rolls that lawyers were employed by peasants and an examination of the process of peace making in feuds on the Scottish border national ethnic and political identity in the British Isles social ranking and chivalry in particular knighthood in Scotland and verse a consideration of the poem *Lydgate* addressed to Thomas Chaucer and the occasion of its composition Contributors JACKSON W ARMSTRONG JACQUELYN FERNHOLTZ TONY GOODMAN DAVID GRUMMITT CAROLE HILL MAUREEN JURKOWSKI JENNI NUTTALL SIMON PAYLING ANDREA RUDDICK KATIE STEVENSON MATTHEW TOMPKINS **Early Tudor Government, 1485-1558** Steven Gunn, 1995-05-10 This marvellous new book sets the developments in the government of England under the early Tudors in the context of recent work on the fifteenth century and on continental Europe New Directions in Later Medieval Manuscript Studies Derek Pearsall, 2000 Influential scholars from Britain and North America discuss future directions in rapidly expanding field of manuscript study The study of manuscripts is one of the most active areas of current research in medieval studies manuscripts are the basic primary material evidence for literary scholars historians and art historians alike and there has been an explosion of interest over the past twenty years Manuscript

study has developed enormously codices are no longer treated as inert witnesses to a culture whose character has already been determined by the modern scholar but are active participants in a process of exploration and discovery The articles collected here discuss the future of this process and vital questions about manuscript study for tomorrow s explorers They deal with codicology and book production with textual criticism with the material structure of the medieval book with the relation of manuscripts to literary culture to social history and to the medieval theatre and with the importance to manuscript study of the emerging technology of computerised digitisation and hypertext display The essays provide an end of millennium perspective on the most vigorous developments in a rapidly expanding field of study Contributors A I Doyle C David Benson Martha W Driver J P Gumbert Kathryn Kerby Fulton Linne R Mooney Eckehard Simon Alison Stones John Thompson DEREK PEARSALL is former Professor and Co Director of the Centre for Medieval Studies York and Professor of English at Harvard University *Ireland and the English World in the Late Middle Ages* B. Smith,2009-04-14 This volume extends the British Isles approach pioneered by Robin Frame and Rees Davies to the later middle ages Through examination of issues such as frontier formation colonial identities and connections with the wider world it explores whether this period saw the bonds between the British Isles weaken strengthen or simply alter **Parliament and Political Pamphleteering in**

Fourteenth-century England Clementine Oliver,2010 Sixty years before the advent of the printing press the first political pamphlets about parliament were circulated in the city of London These handwritten pamphlets reported on victories against the crown and point to the existence of a market of readers hungry for news of parliament **Historical Dictionary of Late Medieval England, 1272-1485** Ronald H. Fritze,William B. Robison,2002-03-30 Providing the chronological setting for many of Shakespeare s plays various swashbuckling novels from Sir Walter Scott s to Robert Louis Stevenson s and such Hollywood films as Braveheart late Medieval England is superficially well known Yet its true complexity remains elusive locked in the covers of specialized monographs and journal articles In over 300 entries written by 80 scholars this book makes the factual information and historical interpretations of the era readily available Covering political military religious and constitutional subjects as well as social and economic topics the volume is easy to use comprehensive and authoritative It provides a useful resource for undergraduate and graduate students scholars and educated laymen Rightly characterized as an age of crisis the 14th century saw the Hundred Years War the Black Death the Peasants Revolt of 1381 the Avignon Papacy and the Great Schism of the Western Church All placed great stresses on English society aggravating old problems and creating new ones In the late Middle Ages parliament became an important element in English government Cambridge and Oxford universities attained European wide reputations and general literacy increased The Church remained a paramount religious political and social institution but its independence and intellectual monopoly slipped The entries in this book synthesize recent scholarship on these and other historical events While emphasizing political religious constitutional and military topics the book also provides brief introductions to social economic cultural and intellectual topics It is a

valuable guide for those wishing to understand this complex tumultuous and until recently poorly understood era **Rulers and Ruled in Late Medieval England** G. L. Harriss, Rowena E. Archer, Simon Walker, 1995-01-01 How power was distributed and exercised is a key issue in understanding attitudes and assumptions in late medieval England The essays in this volume all deal with those who had the power to make political decisions whether kings nobles or gentry courtiers or clergy While ultimately power rested on force it was enshrined in the law and more usually exercised by influence and by the dangling of reward Most disputes were settled without violence if often with recourse to prolonged struggles in the courts but those who offended against established interests could be punished severely as the cases of Sir John Mortimer and of Bishop Reginald Pecock show These essays presented to Gerald Harriss who has done so much to illuminate the history of the period show not only how power was exercised but also how men of the time thought about it Contributors Rowena E Archer Christine Carpenter Jeremy Catto Rosemary Horrox R W Hoyle Maurice Keen Dominic Luckett Philippa Maddern S J Payling Edward Powell Anthony Smith Simon Walker Christopher Woolgar Edmund Wright **The Origins of the English Parliament, 924-1327** J. R. Maddicott, 2010-05-27 A magisterial study of the evolution of the English parliament from its earliest origins in the late Anglo Saxon period through to the fully fledged parliament of lords and commons which sanctioned the deposition of Edward II in 1327 **The Cambridge History of Ireland: Volume 1, 600-1550** Brendan Smith, Thomas Bartlett, 2018-04-26 The thousand years explored in this book witnessed developments in the history of Ireland that resonate to this day Interspersing narrative with detailed analysis of key themes the first volume in the Cambridge History of Ireland presents the latest thinking on key aspects of the medieval Irish experience The contributors are leading experts in their fields and present their original interpretations in a fresh and accessible manner New perspectives are offered on the politics artistic culture religious beliefs and practices social organisation and economic activity that prevailed on the island in these centuries At each turn the question is asked to what extent were these developments unique to Ireland The openness of Ireland to outside influences and its capacity to influence the world beyond its shores are recurring themes Underpinning the book is a comparative outward looking approach that sees Ireland as an integral but exceptional component of medieval Christian Europe **English Political Culture in the Fifteenth Century** Michael Hicks, 2003-09-02 English Political Culture in the Fifteenth Century is a new and original study of how politics worked in late medieval England throwing new light on a much discussed period in English history Michael Hicks explores the standards values and principles that motivated contemporary politicians and the aspirations and interests of both dukes and peasants alike Hicks argues that the Wars of the Roses did not result from fundamental weaknesses in the political system but from the collision of exceptional circumstances that quickly passed away Overall he shows that the era was one of stability and harmony and that there were effective mechanisms for keeping the peace Structure and continuities Hicks argues were more prominent than change Understanding Medieval Primary Sources Joel T. Rosenthal, 2014-06-03 Medieval society created

many kinds of records and written material which differ considerably giving us such sources as last wills sermons manorial accounts or royal biographies Primary sources are an exciting way for students to engage with the past and draw their own ideas about life in the medieval period Understanding Medieval Primary Sources is a collection of essays that will introduce students to the key primary sources that are essential to studying medieval Europe The sources are divided into two categories the first part treats some of the many generic sources that have been preserved such as wills letters royal and secular narratives and sermons Chapter by chapter each expert author illustrates how they can be used to reveal details about medieval history The second part focuses on areas of historical research that can only be fully discovered by using a combination of primary sources covering fields such as maritime history urban history women s history and medical history Understanding Medieval Primary Sources will be an invaluable resource for any student embarking on medieval historical research

Power and Identity in the Middle Ages Huw Pryce, John Watts, 2007-07-12 An engaging collection of thought provoking essays examining power struggles and political identities in medieval Britain featuring work from leading historians in the field Celebrating the work of the late Rees Davies a towering figure in the historiography of this period the book focuses on his interests opening up new perspectives on the political social and cultural history of the middle ages

Keeping Record Abigail S. Armstrong, Matthias J. Kuhn, Jörg Peltzer, Chun Fung Tong, 2024-06-04 The production and retention of written records was a common and important facet of pre modern rulership and administration Much of our understanding of governmental practices and expressions of authority come from the contents of such documents which have been well studied Less studied however are the records themselves as artefacts This volume is an attempt to redress this balance by taking a more holistic material approach to a range of written records Through a series of case studies this volume explores questions regarding the material characteristics of various records and their use It demonstrates that the material features of the records including the size and shape the hands that wrote them and the material substrate can shed new light on the functioning of government and the declarations of power these records asserted The ten contributions of this volume focus on records from a variety of rulers political systems and administrations With four case studies from early China and six from medieval Europe this volume offers transcultural perspectives to demonstrate how different cultures expressed rulership and administration materially through the use of text bearing artefacts

Essays on the History of Parliamentary Procedure Paul Evans, 2017-12-28 8 February 2015 marked the 200th anniversary of the birth of Thomas Erskine May May is the most famous of the fifty holders of the office of Clerk of the House of Commons His continued renown arises from his Treatise upon the Law Privileges Proceedings and Usage of Parliament first published in 1844 and with its 25th edition currently in preparation It is known throughout those parts of the world that model their constitutional arrangements on Westminster as the Bible of Parliamentary Procedure This volume celebrates both the man and his book Bringing together current and former Clerks in the House of Commons and outside experts the contributors analyse May s

profound contribution to the shaping of the modern House of Commons as it made the transition from the pre Reform Act House to the modern core of the UK's constitutional democracy in his lifetime. This is perhaps best symbolised by its enforced transition between 1834 and 1851 from a mediaeval slum to the World Heritage Palace of Westminster which is the most iconic building in the UK. The book also considers the wider context of parliamentary law and procedure both before and after May's time. It constitutes the first sustained analysis of the development of parliamentary procedure in over half a century attempting to situate the reforms in the way the central institution of our democracy conducts itself in the political contexts which drove those changes.

Chronicles Chris Given-Wilson, 2004-01-01. The priorities of medieval chroniclers and historians were not those of the modern historian nor was the way that they gathered, arranged and presented evidence. Yet if we understand how they approached their task and their assumption of God's immanence in the world, much that they wrote becomes clear. Many of them were men of high intelligence whose interpretation of events sheds clear light on what happened. Christopher Given-Wilson is one of the leading authorities on medieval English historical writing. He examines how medieval writers such as Ranulf Higden and Adam Usk treated chronology and geography, politics and warfare, heroes and villains. He looks at the ways in which chronicles were used during the middle ages and at how the writing of history changed between the twelfth and fifteenth centuries.

Medieval Aristotelianism and its Limits Cary J. Nederman, 2024-10-28. This volume deals with the development of moral and political philosophy in the medieval West. Professor Nederman is concerned to trace the continuing influence of classical ideas but emphasises that the very diversity and diffuseness of medieval thought shows that there is no single scheme that can account for the way these ideas were received, disseminated and reformulated by medieval ethical and political theorists.

The Three Edwards Michael Prestwich, 2003. This book is an excellent introduction to this eventful period in history, offering students of history and the Middle Ages a fascinating insight into the reigns of three very different sovereigns. Edward I, a confident and masterful conqueror of Wales; Edward II, defeated by the Scots, humiliated and deposed; Edward III, triumphant against the French but reigned through the ravages of plague. The book focuses on each king's approach to war, an essential determinant of political and constitutional development, and emphasizes how the importance of war stretches far beyond the traditional boundaries of military history. For any student or researcher of history and the Middle Ages, this highly acclaimed book provides excellent research and course study opportunities.

The Enigmatic Realm of **Parliamentary Texts Of The Later Middle Ages**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Parliamentary Texts Of The Later Middle Ages** a literary masterpiece penned by way of a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of people who partake in its reading experience.

Parliamentary Texts Of The Later Middle Ages Introduction

In today's digital age, the availability of Parliamentary Texts Of The Later Middle Ages books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Parliamentary Texts Of The Later Middle Ages books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Parliamentary Texts Of The Later Middle Ages books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Parliamentary Texts Of The Later Middle Ages versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Parliamentary Texts Of The Later Middle Ages books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Parliamentary Texts Of The Later Middle Ages books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Parliamentary Texts Of The Later Middle Ages books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Parliamentary Texts Of The Later Middle Ages books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Parliamentary Texts Of The Later Middle Ages books and manuals for download and embark on your journey of knowledge?

FAQs About Parliamentary Texts Of The Later Middle Ages Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Parliamentary Texts Of The Later Middle Ages is one of the best book in our library for free trial. We provide copy of Parliamentary Texts Of The Later Middle Ages in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Parliamentary Texts Of The Later Middle Ages. Where to download Parliamentary Texts Of The Later Middle Ages online for free? Are you looking for Parliamentary Texts Of The Later Middle Ages PDF? This is definitely going to save you time and cash in
