The Life and Times of Charles R. Crane, 1858-1939 Norman E. Saul,2012-12-21 In *The Life and Times of Charles R Crane* Norman E Saul analyzes the contributions of Charles R Crane world traveler businessman diplomat and philanthropist in the setting of his times Crane acquired his appreciation for Russian culture and life through travel in the country making a total of twenty four trips to Russia He developed friendships and professional relationships with many prominent Russians in political cultural and artistic spheres in addition to his connections to important figures in American history such as Woodrow Wilson As the son of a Chicago industrialist with little formal education Charles R Crane enjoyed remarkable success serving as a financial backer and advisor to the Woodrow Wilson administration founding member of the 1917 Root Commission to Russia minister to China and establishing a factory in Russia to manufacture air brakes for the Russian railroad He devoted a considerable amount of his own time and resources to educating Americans about the Russian people He sponsored visiting lecturers subsidized publications and commissioned works by Russian artists Charles Crane was arguably the first true American globalist His activities involved Russia China and the Middle East but Saul emphasizes his travels in Russia and his role in the development and promotion of Russian studies in America Crane represented the United States becoming a world power in business and diplomacy and fostered an American appreciation and knowledge of Russian Asian and Middle Eastern societies By studying this unusual man Saul explores the world in which he lived and traveled The relationship between America and Russia has always been a complex and fascinating one and Saul shines light on a pivotal period in that relationship Inventing the Dream Kevin Starr,1986-12-04 This second volume in Kevin Starr s passionate and ambitious cultural history of the Golden State focuses on the turn of the century years and the emergence of Southern California as a regional culture in its own right How hauntingly beautiful how replete with lost possibilities seems that Southern California of two and three generations ago now that a dramatically different society has emerged in its place writes Starr As he recreates the lost California Starr examines the rich variety of elements that figured in the growth of the Southern California way of life the Spanish Mexican roots the fertile land the Mediterranean like climate the special styles in architecture the rise of Hollywood He gives us a broad array of engaging and often eccentric characters from Harrison Gray Otis to Helen Hunt Jackson to Cecil B DeMille Whether discussing the growth of winemaking or the burgeoning of reform movements Starr keeps his central theme in sharp focus how Californians defined their identity to themselves and to the nation **Pearson's Magazine** ,1922 Vol 49 no 9 Sept 1922 accompanied by a separately paged section entitled ERA electronic reations of Abrams **The World Tomorrow** Norman Thomas,John Nevin Sayre,Devere Allen,Kirby Page,1923 **John Randolph Haynes** Tom Sitton,1992 For four decades John Randolph Haynes 1853 1937 was in the forefront of social reform crusades

and political action in Los Angeles and California with his most important legacies in the fields of direct legislation and public ownership of utilities. He was the individual most responsible for the adoption of the initiative referendum and recall in Los Angeles in 1902 and in California in 1911. His vigilant protection of these measures thereafter and his promotion of direct legislation throughout the nation earned him the title father of direct legislation in California. From 1910 until his death, Haynes's chief priority was to shape the Los Angeles Department of Water and Power into a glowing example of public ownership of utilities. Today LADWP operates the world's largest municipal water and electrical power generation and distribution system, continuing to serve the needs of an ever-growing region whose extent even Haynes could not have envisaged. In many ways, Haynes is an enigma. He was not a typical progressive, having amassed a fortune in his medical practice and in real estate, mining and other capitalistic ventures. However, he spent a large portion of his wealth to promote a form of gradual democratic socialism in the United States. Haynes advocated the transformation of the nation's economy and government, yet he campaigned for morality laws that limited personal freedom. Haynes's motivation was not social status or money, both of which he had before his conversion to social reform. Nor was it political power; he never ran for office except as a temporary freeholder or created a personal political machine. His primary motive was a perhaps arrogant yet honest desire to aid in the creation of a more just society by improving the living and working conditions of the less fortunate. In one way or another, Haynes participated in all the major social and political events that shaped California and Los Angeles in a most dynamic era of their development. In a broader sense, Haynes's life serves as a yardstick with which to measure other progressives of his time and as a key for understanding the motivation of those idealists who helped shape our present political institutions.

Euro-Librarianship Assunta Pisani, 2018-10-24 *Euro Librarianship* focuses on strategies for working toward cooperation between libraries throughout Europe and the United States to provide the best access and information to research materials as possible. Chapters by several authors in their original languages with English abstracts give this book a unique international appeal. Common difficulties such as fiscal constraints and rising book and serial prices are discussed. Stressing enhanced communication and shared responsibilities, this new volume helps bring libraries of all countries closer to the resource sharing capabilities that allow scholars and researchers much wider access to information than is available today. In this timely new book, many of the papers that were presented at the Second Western European Specialists WESS International Conference are brought together to be read and studied by everyone.

Southern Belle Mary Craig Sinclair, 1999 This is a new edition of the autobiography of Mary Craig Kimbrough Sinclair, 1883-1961. She started life innocently and happily on her father's Mississippi Delta plantation but went on to know deprivation and danger when she married Upton Sinclair, the crusading social activist. As she joined him in his struggles to rescue the disinherited of the earth, collaborating with him in writing a shelf of books, she gave up the moonlight

and magnolias but not her grace After her death Sinclair recalled her as the loveliest woman I have ever known She moved North with him and began an exhilarating new life He was a Socialist and the celebrated muckraker whose novel *The Jungle* 1906 was an exposé of the meatpacking industry Later in 1943 he would win the Pulitzer Prize for his novel *Dragon s Teeth* Through him she became involved in social causes and came to know many of America s intellectuals including such eminent figures in the literary and political worlds as Walter Lippman Sinclair Lewis Max Eastman Floyd Dell and Art Young With her husband she traveled throughout the United States and Europe Her story is filled with many great names including Albert Einstein Bertrand Russell George Bernard Shaw Theodore Dreiser H L Mencken Charlie Chaplin and Douglas Fairbanks whom she and Sinclair counted among their friends As a child she once sat on Jefferson Davis s knee In her girlhood she was instructed in the southern graces Later she would be immersed in the world of demonstrations distress and political pamphleteering for the liberal causes she and her husband espoused Their marriage of forty eight years was extraordinary and happy Sinclair recalled her as the helpmeet of a man who set out to help in the ending of poverty and war in the world It required many crusades in which he bankrupted himself and her as well It required a year long entanglement in a bitter political campaign for the California governorship She helped him to write and publish three million books and pamphlets Of her book he said This is the story of a Southern belle told by a real one Mary Craig Sinclair was born near Greenwood Mississippi a member of a prominent old line Mississippi family from the Delta and the Gulf Coast
