and international case studies The Covid 19 pandemic has highlighted existing global inequalities and demonstrated the scope and scale of cascading socio ecological impacts The impacts of climate change on our global communities will likely dwarf the disruption brought on by the pandemic and moreover these impacts will be more diffuse and pervasive over a longer timeframe This edited volume considers opportunities to address global challenges in the context of developing resilience as an integrated development continuum instead of through independent and siloed agendas

**The Caribbean City** Rivke Jaffe, 2008 Caribbean cities are a unique yet underexposed phenomenon Their distinctiveness results from a combination of interrelated factors including a history of slavery development under the hemispheric hegemony of the United States and spatial limitations imposed by the settings of most Caribbean urban areas This innovative volume presents a detailed introduction to the spatial socio cultural and economic characteristics of the Caribbean city followed by case studies of selected cities in the Dutch Hispanophone Francophone and Anglophone Caribbean It discusses a broad range of disciplinary approaches in examining the urban Caribbean incorporating perspectives from anthropology sociology history political science geography and literary and cultural criticism

**BOOK JACKET** Urban Tourism and Development in the Socialist State Andrea Colantonio, 2017-11-30 After the collapse of the Soviet bloc in 1989 Fidel Castro announced the beginning of a Special Period for Cuba During this time the Cuban government has been obliged to look outward to other economies of the developed world specifically targeting tourism as a mechanism for economic growth and development This book examines the role played by international tourism in Cuba s institutional and economic restructuring and the country s reinsertion into the capitalist world economy It provides the most comprehensive in depth analysis of the economic social environmental and political realities which have emerged in Cuba as a result of the redevelopment of urban tourism since the early 1990s By analyzing the allocation of tourist resources and its impacts the generation of tourism policy and the politics of tourism development it focuses on the political economy of urban tourism in Cuba and the balance of power between domestic and foreign stakeholders involved in the Cuban tourist industry

**The Ecotourism-Extraction Nexus** Bram Büscher, Veronica Davidov, 2013-08-15 Ecotourism and natural resource extraction may be seen as contradictory pursuits yet in reality they often take place side by side sometimes even supported by the same institutions Existing academic and policy literatures generally overlook the phenomenon of ecotourism in areas concurrently affected by extraction industries but such a scenario is in fact increasingly common in resource rich developing nations This edited volume conceptualises and empirically analyses the ecotourism extraction nexus within the context of broader rural and livelihood changes in the places where these activities occur The volume s central premise is that these seemingly contradictory activities are empirically and conceptually more alike than often imagined and that they share common ground in ethnographic lived experiences in rural settings and broader political economic structures of power and control The book offers theoretical reflections on why ecotourism and natural resource extraction are systematically decoupled and epistemologically and analytically re links them

through ethnographic case studies drawing on research from around the world It should be of interest to students and professionals engaged in the disciplines of geography anthropology and development studies     International Development Planning Review ,2005     **Tourism and Welfare** Derek R. Hall,Frances Brown,2006 The concept of welfare is a somewhat neglected area within tourism studies despite the continued growth of interest in key issues such as ethics tourist safety employee s well being human rights ethnocentrism cultural sensitivity and behaviour codes green consumerism and the perceptions of management of sustainability This book provides an explanation definition and a critique of welfare and a welfare approach covering these issues Chapters cover the welfare of tourists employees in the tourism industry residents in tourism destinations animals as tourist attractions and the natural environment     **Sports Event Management** Ben Tyson,Leslie-Ann Jordan,David Truly,2016-04-01 Exploring sports event management from a Caribbean small island developing state perspective this volume uses the events of the recently held Cricket World Cup 2007 CWC 2007 as a launching pad for identifying best practices and the way forward The CWC 2007 was the first time in any sport a World Cup was staged in nine independent countries None of the Caribbean territories hosting a match has a population larger than Jamaica s 3 4 million most have less than a quarter of a million people economies are small and infrastructure limited The hosting of this event produced significant lessons that the region and the world can learn from concerning sports event management
