Parting With Illusions:

Parting with Illusions : the Extraordinary Life and Controversial Views of the Soviet Union's Leading Commentator Vladimir Pozner,1990 THE ILLUSION ... OF BEING PART OF AN ILLUSION Adrian Gabriel Dumitru, Identifying the illusion is not enough But smiling is sometimes the only option You see when we connect to people we also connect to their inner worlds And we see so so many ideas emotions perceptions such a large spectrum that we don t really understand most of the times Sometimes we ignore them Sometimes we connect to those universes believing they are real and we somehow become part of them No one ever told us that we don t have to believe that something is real We could simple look at the image from the front of our eyes just as we look at a beautiful painting asking ourselves what is the meaning that the artist had in mind when created that scene And now the question is who is the artist behind the illusion What is the meaning of the illusion How do we recognize this illusion if it said that all we see it s an illusion How can we get out of such stories repeated on and on and on Is there any theory that we should know regarding the illusions What do we understand seeing and connecting to the human being spectrum Well i simple smile I used to analyze and define a lot my life and everything that happened around myself until the day when i realized i am a prisoner But it was all so weird cause i was the prisoner the guardian of the prison but also the prison itself I was all so how could i get rid of that And all the time i was remembering that it s all and illusion That is the moment when i had the power to smile again but being so silly it all took such a long time to realize it I was spending my life in a prison with invisible walls jumping from my illusions to other s people illusory worlds I was simple replacing an illusion with another illusion believing i escaped from the illusion And still I was having a weird feeling that i was living the illusion of being part of an illusion Each time a new story And a new one and another one

Illuminati Bible of Divine Light: Part two Sorin Cerin,2021-07-10 With the appearance of my first philosophical studies but also of aphorisms I initially published the book entitled Bible of the Light and then a more complete form of the book Bible of the Light was the book entitled The Illuminati Bible so that in present to publish the full form of the Bible which I felt that it will be perfected with the help of God and which I decided to call the Illuminati Bible of Divine Light Some will wonder why I chose this name of The Illuminati Bible starting with that book published in 2014 the content of which is also in this book called the Illuminati Bible of Divine Light which in turn contains many other parts Simple Firstly because I wanted to help in Good the Karma of this World because Illuminati and Enlightenment are spoken of in negative terms and secondly because Illuminati comes from Enlightenment and true Enlightenment cannot bring the Evil nor can it be the Evil vile True Enlightenment must be based only on Good and never on bringing the Evil as the supreme Wickedness Therefore in order to improve the Karma of Mankind I show that Enlightenment does not consist in Wickedness but in combating Wickedness The enlightened ones cannot be a hidden group of people who lead humanity out of the shadows committing all sorts of evils and abuses to maintain power These people are by no means Enlightened but Dark If there really are some in such a situation

then they use the term Illuminati or Enlightened falsely How just as Dark are those who dirtyly attack on the true Illuminati or Enlightened only out of obscure interests of a religious nature for fear that the Enlightened ones might open the souls of the People and show them the Way to the Truth from which some high prelates that are at the head of certain churches flee who are afraid that if the Truth would be found they will lose both their financial and their decision making power I believe that the future will belong to those truly Enlightened the true Illuminati A thing is to use Evil to bring through it Good and another is to use Evil to bring through it the Wickedness The true Enlightened and not Dark are those who understand that the Evil can only be used for Good when he can do it and the Good only for the Evil less Evil when the Good itself can lead to destruction disaster or pain The real Bad People the Dark Ones are the ones who use both Good and Evil to do as much as possible Evil and not Good Mankind must understand that the Evil and Good the God and the Devil are an Entity with two distinct characteristics an Entity that defines our True God that is our Creator Factor and Unique Incidentally Therefore in order to improve the Karma of this World we will have to pray to the Universal Consciousness formed by the Universal Pure Language That is to pray to the Divine Light of all the Worlds the Supreme God of Intelligence which to inspire our thoughts so that to use in moderation both Good and Evil for the ultimate purpose of doing and bringing through us as much as possible Good Why didn t I let in continuation the name of the Illuminati Bible and to this new much deeper work of the Bible and call it the Illuminati Bible of Divine Light Because compared to the other book called the Illuminati Bible the Illuminati Bible of Divine Light contains in addition to the content of that book many other new chapters that appeared with the new Wisdom Collections or with the final form of the Coaxialism Sorin Cerin **Perceptual Illusions** C. Calabi,2017-04-03 Although current debates in epistemology and philosophy of mind show a renewed interest in perceptual illusions there is no systematic work in the philosophy of perception and in the psychology of perception with respect to the concept of illusion and the relation between illusion and error This book aims to fill that gap *The Conservator* ,1899 [MIMICS of Epileptic Seizures](#) Ambar Chakravarty,2020-10-31 Epilepsy is a common condition where sudden bursts of electrical activity in the brain cause seizures or fits There are lots of possible symptoms of epileptic seizures including uncontrollable shaking or loss of awareness of surroundings There are many other disorders with symptoms that mimic those of epilepsy thus accurate diagnosis is essential for effective treatment This book is a comprehensive guide to the diagnosis of disorders that may mimic epilepsy Divided into 22 sections each chapter covers a different epilepsy imitator presented as an analytical discourse A number of case studies are also included The book concludes with discussion on the use of EEG a test that detects electrical activity in the brain using small metal discs electrodes attached to the scalp and its potential pitfalls Also included is a chapter dedicated to Sir William Gowers a British neurologist at the forefront of the diagnosis and treatment of epilepsy and other neurological disorders 1845 1915 The text is further enhanced by clinical images and figures Key points Comprehensive guide to diagnosis of MIMICS of epilepsy Covers many different imitators presented as analytical discourse

Includes discussion on use and potential pitfalls of diagnostic EEG Features clinical images and figures as well as a selection of case studies **Dictionary of Philosophy and Psychology: List of collaborators.
