Parting Visions:

Parting Visions Melvin Morse, Paul Perry, 1995 **Parting Visions** Melvin Morse, Paul Perry, 1994 After Dr Morse's bestselling *Closer to the Light* and *Transformed by the Light* this book presents scientific evidence proving the significance of pre-death visions to the dying and their loved ones Morse examines premonitions, angelic encounters, mystical experiences and deathbed visions and finds that they are more than just fantasy **Parting Visions** Melvin Morse, 1997-01-28

Visions Eddie Ensley, 2000 **ACCOUNTS OF SPIRITUAL VISIONS** **The Near-Death Experience** Lee W. Bailey, Jenny Yates, 2013-06-17 *The Near Death Experience A Reader* is the most comprehensive collection of NDE cases and interpretations ever assembled This book encompasses a broad range of disciplines psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena the biological perspective describes how brains near death may produce soothing endorphins optical illusions and convincing hallucinations Philosophers present empirical analyses and images in archetypal theories and the symbolic language of comparative phenomenological theories Christian Jewish and Mormon responses to NDEs outline the religious perspective and the mystical and spiritual interpretations of NDEs are also explored **Toward More Family-Centered Family Sciences** Howard M. Bahr, Kathleen S. Bahr, 2009-03-16 Much academic writing on families reflects the ideal of non-involvement and distanced subject matter *Toward More Family-Centered Family Sciences* suggests that the family sciences in their effort to be scientific have perpetuated this distance between researcher and subject to the detriment of both The authors argue that family and kinship ties are transcendent ties boundary crossing in numerous ways They place an emphasis on family love in contrast and in addition to romantic love and criticize current approaches for neglecting the importance of transcendent concepts such as love, commitment, respect and sacrifice in the development and well-being of family structures Drawing from insights both inside and outside of academia the authors seek to reincorporate transcendent concepts into the study of the family as a unit of society They argue for a more collaborative family-centered family science and offer recommendations for how family researchers might work to change the scientific monologue about families to a systemic dialogue with families **Unveiling Empire** Wes Howard-Brook, Anthony Gwyther, 1999 Confused by end-of-the-world readings or put off by the dense and mysterious imagery many readers hesitate to explore the Book of Revelation *Unveiling Empire* offers a new entree into this troubling and controversial book of the Bible by examining the roots and social purposes of apocalyptic literature and Revelation's own use of traditional imagery In this way the authors provide readers with the tools for deciphering the text's message and its urgent applications for Christians today living amidst a new kind of empire *Century Illustrated Monthly Magazine ...*, 1897

The Century, 1897 **The Century Illustrated Monthly Magazine** Josiah Gilbert Holland, Richard Watson Gilder, 1897

Mitchell's Point George E. Monroe, Ph.D., 2002-02-01 The purpose of this book is to share a revelation The information on which this revelation is based came from the Universal Mind God It came in whispers It came through dreams It came when

experiencing the heightened awareness of meditation or hypnotic trance or mental imagery It was often received in the form of startling intuition The vehicle for presenting this revelation is the story of one person s developmental journey from simple consciousness to cosmic awareness The main character Gregg arrives at a potent juncture in his life where all the negatives and positives seem to feed into a central purpose The more he learns the more he is able to see Events in his life that are no coincidence become ever more frequent and lead him to significant discoveries These discoveries accumulate and one day they result in a powerful flash of insight that he instantly knows is something vitally important for peace in the world and the ultimate survival of human life

everyday lives that define our lives purpose These lessons give us hope to move forward into the light through love releasing fear and judgment as we find peace and listen to our inner voice We also realise that we do have help in our daily life through the guidance we are each given on a daily basis We were born to experience life in all its many facets to find love and to live that love From personal tragedy in Chriss life comes a warm story of understanding our spiritual side through this guidance and ultimately finding peace and forgiveness She has received what she believes to be divine guidance over a period of time some of which was channelled to uplift her in times of sadness doubt or frustration She feels it has been given not for her alone but for everyone As our planet moves towards a higher dimension we mankind must move forward with it if we are to remain on the earth in our physical forms On the Path to Enlightenment seeks to help us make that move Profound and uplifting this book by Chris Hamilton has grown from a long study of esoteric knowledge channelled guidance and personal tragedy Lawrence and Michael Sartorius authors of The New Earth Healing with Death Imagery Anees Ahmad Sheikh, Katharina Sheikh, 2018-10-26 Sages of various traditions and ages have reiterated that we must incorporate the inevitability of death into the fabric of life to experience life s breadth and beauty Imagery is an important tool in dealing with death and this book is devoted to exploring many facets of this fascinating issue It begins with an overview of ancient and modern approaches to the use of death imagery for therapeutic purposes including a discussion of its possible benefits Chapter 2 specifically exploring Stephen Levine s contributions in this area shows that only by opening up to the reality of death can one make living a conscious process of growth A number of excellent imagery based experiential exercises are discussed in detail Chapter 3 demonstrates the significance of confronting death through mental and artistic images it discusses six examples of death related religious and existential works of art Recently there has been an upsurge of interest in near death experiences and their salutary effects on attitudes beliefs and values Of particular interest here are increases in spirituality concern for others an appreciation of life and an enhanced sense of meaning and purpose in life Chapter 4 presents a detailed critical overview of this field of investigation with special emphasis on the transformatory after effects of near death experiences Of all the major religions in the world Buddhism is at the forefront of exploring the topic of death and dying and developing specific meditative exercises for confronting death Chapter 5 presents an in depth treatment of death imagery in Buddhist thought Exploring the use of hypnosis for death rehearsal Chapter 6 continues the theme that confrontation with death can lead to healthful consequences A variation of this technique hypnotic suicidal rehearsal is also discussed it seems to be effective for use with clients who are contemplating suicide Case examples clarify the details of the process Over the years several clinicians have proposed the use of imagery for reconstructing death related events and thereby facilitating the grieving process for individuals who are experiencing symptoms rooted in unfinished grieving Chapter 7 gives an exhaustive account of the use of imagery for unresolved grieving including a number of case histories Researchers have perhaps devoted more time and energy to the investigation of death anxiety than any other death related

topic Chapter 8 reviews the literature on death anxiety and death imagery and demonstrates a core connection between the two phenomena The authors claim that death imagery has the potential not only to ameliorate death anxiety but also to lead to a more authentic existence In Chapter 9 the authors explain how death imagery can be used constructively in death education they present several practical suggestions and specific guided imagery exercises The volume closes with a presentation of a detailed death imagery experiential exercise aimed at encountering death to enhance our appreciation of life The reader will notice this thread running steadily throughout the book This comprehensive book devoted to the role of death imagery in health and growth perhaps the first of its kind will be helpful in changing the rather sinister view of death prevalent in our culture to a deeper appreciation for its enhancing potential **Lessons from the Light** Kenneth

Ring,Evelyn Elsaesser,2006-09-01 While providing many accounts of near death experiences NDEs from men women and children of all ages and backgrounds Lessons from the Light is much more than just an inspiring collection of NDEs In Lessons near death expert Kenneth Ring extracts the pure gold of the NDE and with a beautiful balance of sound research and human insight reveals the practical wisdom held within these experiences As Stanley Krippner states In this remarkable book Ring presents evidence that merely learning about the near death experience has similar positive effects to those reported by people who actually have had near death experiences Kenneth Ring is one of the few authors whose gifts include the capacity to transform their readers lives
