Partisan View Five Decades In The Politics Of Literature:

The CIA and the Congress for Cultural Freedom in the Early Cold War Sarah Miller Harris, 2016-08-05 This book questions the conventional wisdom about one of the most controversial episodes in the Cold War and tells the story of the CIA's backing of the Congress for Cultural Freedom. For nearly two decades during the early Cold War the CIA secretly sponsored some of the world's most feted writers, philosophers and scientists as part of a campaign to prevent Communism from regaining a foothold in Western Europe and from spreading to Asia. By backing the Congress for Cultural Freedom the CIA subsidized dozens of prominent magazines, global congresses, annual seminars and artistic festivals. When this operation QKOPERA became public in 1967 it ignited one of the most damaging scandals in CIA history. Ever since then many accounts have argued that the CIA manipulated a generation of intellectuals into lending their names to pro American anti Communist ideas. Others have suggested a more nuanced picture of the relationship between the Congress and the CIA with intellectuals sometimes resisting the CIA's bidding. Very few accounts however have examined the man who held the Congress together Michael Josselson the Congress's indispensable manager and secretly a long time CIA agent. This book fills that gap. Using a wealth of archival research and interviews with many of the figures associated with the Congress this book sheds new light on how the Congress came into existence and functioned both as a magnet for prominent intellectuals and as a CIA operation. This book will be of much interest to students of the CIA Cold War History intelligence studies US foreign policy and International Relations in general.

A Partisan View William Phillips, 2004 Since its founding in 1937 Partisan Review has been one of the most important and culturally influential journals in America. Under the legendary editorship of William Phillips and Philip Rahv Partisan Review began as a publication of the John Reed Club but soon broke away to establish itself as a free voice of critical dissent. As such it counteracted the inroads of cultural Stalinism and took up the fight for aesthetic modernism at a time when the latter was fiercely contested by both the political left and the right. In *A Partisan View* William Phillips gives a vivid account of his own part in the magazine's eventful history. As the magazine's current editor Edith Kurzweil notes in her new introduction many of the literary and political disagreements that famously marked Partisan Review's history originated in the editors' initial adherence to a program of radical politics and avant gardism. Although this proved increasingly unworkable Phillips and Rahv even from the outset never allowed sectarian narrowness to determine the magazine's contents. Over the decades Partisan Review published work by authors as far from radicalism as T S Eliot and Wallace Stevens or from Marxist orthodoxy as Albert Camus and George Orwell. In literature its contributors were as stylistically and intellectually varied as Saul Bellow Vladimir Nabokov Robert Lowell and Isaac Bashevis Singer. In short Partisan Review featured the best fiction poetry and essays of the 1940s and postwar decades. Beyond its literary preeminence Partisan Review was famed as the most representative journal of the New York Intellectuals. Much of the quality of Partisan Review came from Phillips' own broad culture cosmopolitanism and intellectual tolerance. As Edith Kurzweil writes

he kept trying to find a category of criticism that might enable us all to better come to grips with the complexities of our ever changing world Now in paperback A Partisan View will be of keen interest to intellectual historians as well as literary scholars William Phillips 1907 2002 was one of the founding editors of Partisan Review and served as editor in chief from the late 1960s He was the author of A Sense of the Present Edith Kurzweil is the editor of Partisan Review She is the author of many essays on American and European culture and of The Freudians and The Age of Structuralism both available from Transaction

Norman Podhoretz and Commentary Magazine Nathan Abrams, 2011-10-27 What does the term neoconservative mean Who are we talking about and where did they come from Abrams answers those very questions through a detailed and critical study of neoconservatism's leading thinker Norman Podhoretz and the magazine he edited for 35 years Commentary Podhoretz has been described as the conductor of the neocon orchestra and through Commentary Podhoretz powerfully shaped neoconservatism Rich in research the book is based upon a wide range of sources including archival and other material never before published in the context of Commentary magazine including Podhoretz's private papers It argues that much of what

Star Authors Joe Moran, 2000-02-20 In America authors are as likely to be seen on television talk shows or magazine covers as in the more traditional settings of literary festivals or book signings Is this literary celebrity just another result of dumbing down Yet another example of the mass media turning everything into entertainment Or is it a much more unstable complex phenomenon And what does the American experience tell us about the future of British literary celebrity In *Star Authors* Joe Moran shows how publishers the media and authors themselves create and disseminate literary celebrity He looks at such famous contemporary authors as Toni Morrison J D Salinger Thomas Pynchon Don DeLillo John Updike Philip Roth Kathy Acker Nicholson Baker Paul Auster and Jay McInerney Through an examination of their own work biographical information media representations and promotional material Moran illustrates the nature of modern literary celebrity He argues that authors actively negotiate their own celebrity rather than simply having it imposed upon them from
