**Race and Morality** Melvyn L. Fein,2012-12-06 After I had finished my presentation a colleague and I sat rocking on the hotel porch to discuss its merits It was a picture perfect fall day in Jekyll Island Georgia and he was a friend Yes he explained what I was saying seemed to be true And yes it probably needed to be said but why did I want to be the one to say it Wasn t I after all a tenured professor who didn t need to make a fuss in order to retain his job Didn t it make sense to just kick back and enjoy the easy life I had earned The topic of our tete a tete was my speculations about race relations and he was certain that too much honesty could only get me in trouble Given my lack of political correct ness people were sure to assume that I was a racist and not give me a fair hearing This was a prospect I had previously contemplated Long before embarking on this volume I had often asked myself why I wanted to write it The ideological fervor that dominates our public dialogue on race guaran teed that some people would perceive me as a dangerous scoundrel who had to be put in his place      **Bosnian**

The Limits of Idealism Melvyn L. Fein, 2007-08-28 If the truth be known I am only a partially reformed idealist In the secret depths of my soul I still wish to make the world a better place and sometimes fantasize about heroically eradicating its faults When I encounter its limitations it is consequently with deep regret and continued surprise How I ask myself is it possible that that which seems so fight can be a chimera And why I wonder aren't people as courageous smart or nice as I would like The pain of realizing these things is sometimes so intense that I want to close my eyes and lose myself in the kinds of daydreams that comforted me as a youngster One thing is clear my need to come to grips with my idealism had its origin in a lifetime of naiveté From the beginning I wanted to be a good person Often when life was most treacherous I retreated into a corner from whence I escaped into reveries of moral glory When I was very young my faith was in religion In Hebrew school I took my lessons seriously and tried to apply them at home By my teen years this had been replaced by an allegiance to socialism In the Brooklyn where I grew up my teachers and relatives made this seem the natural course When I reached my twenties however and was obliged to confront a series of personal deficiencies psychotherapy shouldered its way to the fore
