Philip II Alexander The Great And The Macedonian Heritage:

Philip II, Alexander the Great and the Macedonian Heritage W. Lindsay Adams, Eugene N. Borza, 1982 **Philip the Second, Alexander the Great and the Macedonian Heritage** Philip II, Alexander the Great and the Macedonian Heritage Winthrop L. Adams, 1982 **Philip II and the Sacred War** John Buckler, 2018-08-14 Preliminary Material The peace of 362 BC The road to war 363 357 BC First blood 355 354 BC Onomarchos Philip and Thessaly 354 353 BC The war widens 353 347 BC Peace in 346 BC Epilogue Chronology Internal politics at Delphi Selected bibliography Index List of Plates *Eurydice and the Birth of Macedonian Power* Elizabeth Donnelly Carney, 2019-05-07 Eurydice the wife of Amyntas III the mother of Philip II and grandmother of Alexander the Great was the first royal Macedonian woman who played a role in the public life of ancient Macedonia This study examines the nature of her role and the factors that contributed to its expansion *Alexander's Lovers (Second Edition)* Andrew Chugg, 2012-03-01 Alexander's Lovers reveals the personality of Alexander the Great through the mirror of the lives of those with whom he pursued romantic relationships including his friend Hephaestion his queen Roxane his mistress Barsine Bagoas the Eunuch Did you know that Alexander got the idea of adopting Persian dress from a book he read in his youth Had you realised that Alexander's pursuit of divine honours was part of his emulation of Achilles that Bagoas undertook a diplomatic mission or that Hephaestion's diplomacy kept Athens from joining a Spartan rebellion Are you aware that Aetion's painting of Alexander's marriage depicted Hephaestion Bagoas as well as Roxane and really depicted the King's passions Which girl was betrothed to Alexander's son Would it surprise you that Alexander's mourning for Hephaestion was conducted according to models from Homer and Euripides If you would like to get to know Alexander on a more personal level then you need to read this book Second edition revised updated *In the Shadow of Olympus* Eugene N. Borza, 2020-07-21 In tracing the emergence of the Macedonian kingdom from its origins as a Balkan backwater to a major European and Asian power Eugene Borza offers to specialists and lay readers alike a revealing account of a relatively unexplored segment of ancient history He draws from recent archaeological discoveries and an enhanced understanding of historical geography to form a narrative that provides a material culture setting for political events Examining the dynamics of Macedonian relations with the Greek city states he suggests that the Macedonians although they gradually incorporated aspects of Greek culture into their own society maintained a distinct ethnicity as a Balkan people Borza has taken the trouble to know Macedonia the land its prehistory its position in the Balkans and its turbulent modern history All contribute to our understanding of the emergence of Macedon Borza has employed two of the historian's most valuable tools autopsy and common sense to produce a well balanced introduction to the state that altered the course of Greek and Near Eastern history Waldemar Heckel Bryn Mawr Classical Review **Ancient Historiography on War and Empire** Timothy Howe, Sabine Müller, Richard Stoneman, 2016-11-30 In the ancient Greek speaking world writing about the past meant balancing the reporting of facts with shaping and guiding the political interests and behaviours

of the present Ancient Historiography on War and Empire shows the ways in which the literary genre of writing history developed to guide empires through their wars Taking key events from the Achaemenid Persian Athenian Macedonian and Roman empires the 17 essays collected here analyse the way events and the accounts of those events interact Subjects include how Greek historians assign nearly divine honours to the Persian King the role of the tomb cult of Cyrus the Founder in historical narratives of conquest and empire from Herodotus to the Alexander historians warfare and financial innovation in the age of Philip II and his son Alexander the Great the murders of Philip II his last and seventh wife Kleopatra and her guardian Attalos Alexander the Great s combat use of eagle symbolism and divination Plutarch s juxtaposition of character in the Alexander Caesar pairing as a commentary on political legitimacy and military prowess and Roman Imperial historians using historical examples of good and bad rule to make meaningful challenges to current Roman authority In some cases the balance shifts more towards the literary and in others more towards the historical but what all of the essays have in common is both a critical attention to the genre and context of history writing in the ancient world and its focus on war and empire

Demosthenes of Athens and the Fall of Classical Greece Ian Worthington, 2015 The first ever biography of Demosthenes written in English for a popular audience set against the rich backdrop of late classical Greece and Macedonia **The Marshals of Alexander's Empire** Waldemar Heckel, 2005-10-26 This book presents for the first time in English a detailed study of the closest friends and most trusted commanders of Alexander the Great their career progress their rivalry with one another and their influence on Alexander The Marshals of Alexander s Empire is a blend of biography and prosopography that sheds light on some of the most dynamic individuals of the age of Alexander [New Perspectives in Seleucid History, Archaeology and Numismatics](#) Roland Oetjen, 2019-12-16 Dedicated to Getzel M Cohen a leading expert in Seleucid history this volume gathers 45 contributions on Seleucid history archaeology numismatics political relations policy toward the Jews Greek cities non Greek populations peripheral and neighboring regions imperial administration economy and public finances and ancient descriptions of the Seleucid Empire The reader will gain an international perspective on current research
