Gage, Sabrina V. Gage, 2008 Issac Asimov once said I write for the same reason I breathe because if I didn't I would die I feel the same way My poetry is an outlet for my frustration my anger my happiness and my confusion While reading the poetry contained in these pages you may feel those same emotions My goal was to trap these feelings in the moment and set them free Some of these pages contain advice that may benefit you in some way Take to heart the words and emotions trapped here and then set your problems free as well Don't let them drown you just let them go **Beyond the River, Under the Eye of Rome** Timothy C Hart, 2024-09-05 Beyond the River Under the Eye of Rome presents the Danube frontier of the Roman empire as the central stage for many of the most important political and military events of Roman history from Trajan's invasion of Dacia and the Marcomannic Wars to the humbling of the Roman state power at the hands of the Goths and Huns Hart delves into the cultural and political impacts of Rome's interactions with Transdanubian peoples emphasizing the Sarmatians of the Hungarian Plain whose long encounter with the Roman Empire he argues created a problematic template for later dealings with Goths and Huns based on misapplied ethnographic and ecological tropes Beyond the River Under the Eye of Rome explores how Roman stereotypical perceptions of specific Danubian peoples directly influenced some of the most politically significant events of Roman antiquity Drawing on textual inscriptional and archaeological evidence Hart illustrates how Roman ethnic and ecological stereotypes were employed in the Danubian

borderland to support the imperial frontier edifice fundamentally at odds with the region's natural topography. Distorted Roman perceptions of these Danubian neighbors resulted in disastrous mismanagement of border wars and migrant crises throughout the first five centuries CE. *Beyond the River* demonstrates how state-supported stereotypes when coupled with Roman military and economic power exerted strong influences on the social structures and evolving group identities of the peoples dwelling in the borderland.

Beyond Spoon River Ronald Primeau, 2014-09-12 As the first full-length critical study of Edgar Lee Masters, *Beyond Spoon River* is important not only for its reevaluation of this American poet and his work but also for its valuable insights into central questions of aesthetics, regionalism, and the nature and meaning of literary influence. The inordinate popularity of *Spoon River Anthology* has for many years unfairly restricted Masters' reputation as a one-book phenomenon. Although between 1911 and 1942 he wrote over fifty other books, most of which were neglected or misinterpreted precisely because they attempted a large-scale rewriting of what he felt had been obscured or distorted in the Anglo-American tradition. Masters' wide reading in the whole of western literature shaped his own attitudes, themes, and style, and his detailed accounts of that reading and its effect on his work form the basis for this reinterpretation of his place in American poetry in this century. After reviewing Masters' own statements on literary influence and his role as a critic, Primeau devotes the main body of his study to the major influences on Masters' work: the Greeks, Goethe, Emerson, Whitman, Shelley, and Browning. For Masters, the composite of all these influences provided a corrective to the poetry and criticism of his time, which he little admired. Primeau concludes by exploring Masters' midwestern heritage in the light of recent reinterpretations of regionalism.

Beyond The Black River Robert E. Howard, 2021-01-01 The stillness of the forest trail was so primeval that the tread of a soft-booted foot was a startling disturbance. At least it seemed so to the ears of the wayfarer, though he was moving along the path with the caution that must be practised by any man who ventures beyond Thunder River. He was a young man of medium height with an open countenance and a mop of tousled tawny hair unconfined by cap or helmet. His garb was common enough for that country: a coarse tunic belted at the waist, short leather breeches beneath, and soft buckskin boots that came short of the knee. A knife hilt jutted from one boot top. The broad leather belt supported a short heavy sword and a buckskin pouch. There was no perturbation in the wide eyes that scanned the green walls which fringed the trail. Though not tall, he was well built, and the arms that the short wide sleeves of the tunic left bare were thick with corded muscle.
