Riverwalking Reflections On Moving Water:

Riverwalking Kathleen Dean Moore,1996 Twenty essays offer observations on rivers life love loss motherhood happiness evolution and country music **Less is More** Kimberly Campbell,2007 Less Is More is full of powerful ideas for teaching with short provocative text This book broadens and extends our available teaching tools and materials and can help engage all students It is a valuable resource for language arts teachers Cris Tovani Language arts teachers want all of their students to love literature and embrace the novels they assign The classroom reality is that many students are not ready or motivated to immerse themselves in an entire novel In order to reach and engage all students teachers need to look beyond novels alone and embrace a richer variety of literature In Less Is More Kimberly Hill Campbell draws on research as well as her own classroom experiences to show how short texts engage a wide range of middle and high school students She shares her discovery of the power of short texts to support her students skills as readers writers and students of literature Kimberly shows how short texts can be integrated into the curriculum without sacrificing required novels Chapters examine different genres of short text such as short stories essays memoir and graphic novels Each chapter provides reading writing and response strategies as well as a broad selection of short text resources that have proven effective with a wide range of students Good Roots Lisa Watts,2007 By prominent writers such as P J O'Rourke Susan Orlean and Alix Kates Shulman these contributions are alternately nostalgic irreverent and sincere and offer us a personal sense of place *Water Library* Basia Irland,2007 Water Library is a tribute to ecology expressed through art Irland's art projects explore practical ways to conserve water through rain harvesting systems how to foster dialogue and cooperation along the entire length of a river and the dangerous impact of waterborne diseases on human health By offering thought provoking information presented poetically Water Library inspires in readers a broader appreciation of water's importance in their everyday lives **The Daily Reader** Fred White,2009-10-13 Let Great Reading Fuel Your Writing Great writers read voraciously and across many topics and genres They read to learn to research to study the style of others and to improve their own work They read because they love the written word But becoming well read takes time dedication and patience The thought can be daunting especially when you're eager to get to your own writing Fred White author of The Daily Writer helps you sort through the plethora of reading material available by providing you with 366 engaging excerpts from ancient poetry to modern science on topics from allegory to food to writer's block Each thoughtfully chosen excerpt is followed by a brief reflection and a prompt that allows you to integrate elements from each piece into your own writing The Daily Reader makes broad reading accessible invigorates your thirst for the written word and equips you to put the power of the pros behind your writing Exchange Pierre Lagayette,2005 Recueil de textes sur le change culturel symbolique ou matériel Les auteurs montrent que les changes peuvent constituer le fondement de l'entente entre les peuples Des textes analysent cette pratique dans le cadre de relations ethniques éclairant la situation des Indiens notamment en Californie et au Mexique **More Book Lust** Nancy

Pearl,2009-09-29 Whether you re searching for the perfect read for yourself or for a friend More Book Lust offer eclectic recommendations unlike those in any other reading guide available In this followup to the bestselling Book Lust popular librarian Nancy Pearl offers a fresh collection of 1 000 reading recommendations in more than 120 thematic intelligent and wholly entertaining reading lists For the friend wanting to leave her job Living Your Dream offers good armchair dreaming books about people who have left stodgy jobs to do what they love Are you a budding chef Fiction For Foodies includes books that sneak in a recipe or two along with a tantalizing plot For the James Bond wannabe Crime is a Globetrotter features crime novels set in various locations around the world such as Tibet Sweden and Sicily In the book s introduction Pearl jokes If we were at a twelve step meeting together I would have to stand up and say Hi I m Nancy P and I m a readaholic Booklist magazine plays off this obsession while echoing a sentiment of Nancy Pearl s fans everywhere A self confessed readaholic Pearl lets us benefit from her addiction May she never seek recovery Indeed *Rain* Cynthia Barnett,2015-04-21 Rain is elemental mysterious precious destructive It is the subject of countless poems and paintings the top of the weather report the source of the world s water Yet this is the first book to tell the story of rain Cynthia Barnett s Rain begins four billion years ago with the torrents that filled the oceans and builds to the storms of climate change It weaves together science the true shape of a raindrop the mysteries of frog and fish rains with the human story of our ambition to control rain from ancient rain dances to the 2 203 miles of levees that attempt to straitjacket the Mississippi River It offers a glimpse of our founding forecaster Thomas Jefferson who measured every drizzle long before modern meteorology Two centuries later rainy skies would help inspire Morrissey s mopes and Kurt Cobain s grunge Rain is also a travelogue taking readers to Scotland to tell the surprising story of the mackintosh raincoat and to India where villagers extract the scent of rain from the monsoon drenched earth and turn it into perfume Now after thousands of years spent praying for rain or worshipping it burning witches at the stake to stop rain or sacrificing small children to bring it mocking rain with irrigated agriculture and cities built in floodplains even trying to blast rain out of the sky with mortars meant for war humanity has finally managed to change the rain Only not in ways we intended As climate change upends rainfall patterns and unleashes increasingly severe storms and drought Barnett shows rain to be a unifying force in a fractured world Too much and not nearly enough rain is a conversation we share and this is a book for everyone who has ever experienced it **Sisters of the Earth** Lorraine

Anderson,2003-12-09 Sisters of the Earth is a stirring collection of women s writing on nature Nature as healer Nature as delight Nature as mother and sister Nature as victim Nature as companion and reminder of what is wild in us all Here among more than a hundred poets and prose writers are Diane Ackerman on the opium of sunsets Ursula K Le Guin envisioning an alternative world in which human beings are not estranged from their planet and Julia Butterfly Hill on weathering a fierce storm in the redwood tree where she lived for more than two years Here too are poems essays stories and journal entries by Emily Dickinson Alice Walker Terry Tempest Williams Willa Cather Gretel Erlich Adrienne Rich and others each offering a

vivid eloquent response to the natural world This second edition of *Sisters of the Earth* is fully revised and updated with a new preface and nearly fifty new pieces including new contributions by Louise Erdrich Pam Houston Zora Neale Hurston Starhawk Joy Williams Kathleen Norris Rita Dove and Barbara Kingsolver

Environmental Ethics and Forestry Peter C. List, 2000 During the past twenty five years North American forestry has received increasingly vigorous scrutiny Critics including the environmentalists environmental scientists representatives of public interest groups and many individual citizens have expressed concerns about forestry's basic assumptions and methods as well as its practical outcomes Criticism has centered on such issues as the exploitation of forests for timber production the reduction and fragmentation of old growth habitats the destruction of biodiversity the degradation of grasslands through grazing practices lack of government attention to recreation facilities silvicultural methods like clearcutting and the use of herbicides and pesticides the exportation of industrial forestry techniques to other parts of the world and the use of public monies to provide services for private resource companies as in the creation of logging roads This rising tide of public scrutiny has led many foresters to suspect that their contract with society to manage forests using their best professional judgment had been undermined Some of these professionals as well as some of their critics have begun to reexamine their old beliefs and to look for new ways of practicing forestry Part of this reflective process has entailed new directions in environmental ethics and environmental philosophy This reader brings together some of the new thinking in this area Here students of the applied environmental and natural resource sciences as well as the interested general reader will discover a rich sampling of writings in environmental ethics and philosophy as they apply to forestry Readings focus on basic ethical systems in forestry and forest management philosophical issues in forestry ethics codes of ethics in forestry and related natural resource sciences such as fisheries science and wildlife biology Aldo Leopold's land ethic in forestry ethical advocacy and whistleblowing in government resource agencies the ethics of new forestry ecoforestry and public debate in forestry as well as ethical issues in global forestry such as the responsibilities of forest corporations environmentalists and individual wood consumers This volume contains materials from the founders of forestry ethics such as Bernhard Fernow Gifford Pinchot John Muir and Aldo Leopold from such organizations as the Society of American Foresters the Wildlife Society the American Fisheries Society Forest Service Employees for Environmental Ethics and the Ecoforesters group in addition to writings by a variety of well known environmental philosophers and foresters including Holmes Rolston Robin Attfield Lawrence Johnson Michael McDonald Paul Wood James E Coufal Raymond Craig Kristin Shrader Frechette Jeff DeBonis Jim L Bowyer Alasdair Gunn Goug Gaigle Alan G McQuillan Stephanie Kaza Alan Dregson Duncan Taylor and Kathleen Dean Moore Author note Peter C List is Professor of Philosophy at Oregon State University where he teaches courses on environmental ethics ethical issues in the natural resource sciences and sustainable forestry He is the author of articles on Aldo Leopold's land ethic and co author of several articles on public attitudes about federal forests and forest management published in the *Journal of Forestry and Society* and

Natural Resources **Becoming a Teacher through Action Research** Donna Kalmbach Phillips, Kevin Carr, 2010-05-26
 Becoming a Teacher through Action Research skillfully interweaves the stories of pre service teaching with the process of action research This engaging text focuses specifically on the needs of pre service teachers The Meaning of Rivers T. S. McMillin, 2011-03-15 In the continental United States rivers serve to connect state to state interior with exterior the past to the present but they also divide places and peoples from one another These connections and divisions have given rise to a diverse body of literature that explores American nature ranging from travel accounts of seventeenth century Puritan colonists to magazine articles by twenty first century enthusiasts of extreme sports Using pivotal American writings to determine both what literature can tell us about rivers and conversely how rivers help us think about the nature of literature The Meaning of Rivers introduces readers to the rich world of flowing water and some of the different ways in which American writers have used rivers to understand the world through which these waters flow Embracing a hybrid essayistic form part literary theory part cultural history and part fieldwork The Meaning of Rivers connects the humanities to other disciplines and scholarly work to the land Whether developing a theory of palindromes or reading works of American literature as varied as Henry David Thoreau s A Week on the Concord and Merrimack Rivers and James Dickey s Deliverance McMillin urges readers toward a transcendental retracing of their own interpretive encounters The nature of texts and the nature of nature require diverse and versatile interpretation interpretation requires not only depth and concentration but also imaginative thinking broad mindedness and engaged connection making By taking us upstream as well as down McMillin draws attention to the potential of rivers for improving our sense of place and time *The Strangler Fig and Other Tales* Mary A. Hood, 2004 Hood s travel memoir is a lyrical journey to places of great natural beauty and biological importance Her stories reveal the vulnerability of natural places and the consequences of unsustainable exploitation This inspiring work will be valuable for those interested in nature or travel memoirs ethnographic writing and for all who are concerned with the survival of our broader sense of place in the global environment **Women Writing Nature** Barbara J. Cook, 2008-01-01 Women Writing Nature addresses the question Do women write about nature differently In the process the collection considers women s writings about the natural world in light of recent and current feminist and ecofeminist theory

Soulcraft Bill Plotkin, 2010-10-05 Since 1980 depth psychologist Bill Plotkin has been guiding women and men into the wilderness the redrock canyons and snow crested mountains of the American West but also into the wilds of the soul He calls this work soulcraft There s a great longing in all people to uncover the secrets and mysteries of our individual lives to find the unique gift we were born to bring to our communities and to experience our full membership in the more than human world This journey to soul is a descent into layers of the self much deeper than personality a journey meant for each one of us not just for the heroes and heroines of mythology A modern handbook for the journey Soulcraft is not an imitation of indigenous ways but a contemporary nature based approach born from wilderness experience the traditions of Western

culture and the cross cultural heritage of all humanity Filled with stories poems and guidelines Soulcraft introduces over 40 practices that facilitate the descent to soul including dreamwork wilderness vision fasts talking across the species boundaries council self designed ceremony nature based shadow work and the arts of romance being lost and storytelling **Haunted by Waters** Mark Browning,2014-08-27 Four essential questions Why does one fish How should one properly fish What relations are created in fishing And what effects does fishing have on the future Haunted by Waters is a self examination by the author as he constructs his own narrative and tries to answer these questions for himself But it is also a thorough examination of the answers he uncovers in the course of reading what s been written on the subject As his own story unfolds Mark Browning analyzes angling literature from the Bible to Norman Maclean always bringing his inquiry back to the same source the enigma of this sport Haunted by Waters is an exploration of the apparent compulsion of those who fish not only to read about the sport but to write about it as well Mark Browning s personal account as a fly fisherman and his perspective as a critic make him uniquely qualified to navigate these waters **Literature and the Environment** George Hart,Scott Slovic,2004-07-30 The phrase literature and environment only achieved popularity in recent decades yet writers dating back to the explorers of the 1500s and later such 19th century Romanticists as Thoreau have long been addressing environmental issues through literary expression This volume introduces students and educators to the field by tracing the evolution of environmental writing in the United States Chapters written by distinguished scholars offer new perspectives on important environmental issues guiding readers through 11 carefully selected literary works Each chapter provides brief biographical information on the author discussions of the work s structural thematic and stylistic components and insights into the historical context that relates the work to relevant environmental issues Each chapter concludes with information on works cited The analyzed works cover a wide spectrum of literature and span nearly 100 years Included are early writings such as Mary Austin s 1903 The Land of Little Rain and famous groundbreaking works such as Rachel Carson s Silent Spring 1962 and Gary Snyder s Turtle Island 1974 Also included are frequently assigned works of special interest to students such as The Monkey Wrench Gang 1975 The Earthsea Trilogy 1977 and Ceremony 1977 A list of selected further suggested readings completes the volume Students of literature as well as educators looking for new ways to present social issues will find many ideas and much inspiration in this volume **The Carpathians, the Hutsuls, and Ukraine** Anthony J. Amato,2020-12-02 This book examines the relationship between Ukraine s Galician Hutsuls and the Carpathian landscape between 1848 and 1939 The author analyzes the intersections of ecology and culture in the history of the Carpathian Mountains with a focus on the region s economy and biodiversity **What Wildness Is This** Susan Wittig Albert,2007-03-01 A collection of short stories poems and essays written by women who share the experiences of living in the Southwest **The Way of Natural History** Thomas Lowe Fleischner,2011-05-01 In this eclectic anthology more than 20 scientists nature writers poets and Zen practitioners attest to how paying attention to nature can be a healing antidote to the hectic and harrying pace of our lives

Throughout this provocative and uplifting book writers describe their various experiences in nature and portray how careful and mindful attention to the larger world around us brings rewarding and surprising discoveries They give us the literary personal and spiritual stories that point a way toward calm and quiet for which many people today hunger Contributors to The Way of Natural History highlight their individual ways of paying attention to nature and discuss how their experiences have enlivened and enhanced their worlds The anthology is a rich array of writings that provide models for interacting with the natural world and together create a call for the importance of natural history as a discipline
