bestselling book he examines the latest leads and developments of Ireland's most high profile missing cases including the women who disappeared under eerily similar circumstances in the 1990s and whose bodies have never been found. Written with the assistance of the garda and the families concerned, *Missing* is a comprehensive and shocking account of the cases that have in turn fascinated, puzzled and horrified the Irish public. It also examines the possibility that there may be a serial killer out there who has gone to extraordinary lengths to evade justice, leaving open the possibility that they could strike again.
