Hide/Seek Jonathan D. Katz, David C. Ward, 2010-11-02 An entirely new interpretation of modern American portraiture based on the history of sexual difference Hide Seek Difference and Desire in American Portraiture companion volume to an exhibition of the same name at the National Portrait Gallery Smithsonian Institution traces the defining presence of same sex desire in American portraiture through a seductive selection of more than 140 full color illustrations drawings and portraits from leading American artists Arcing from the turn of the twentieth century through the emergence of the modern gay liberation movement in 1969 the tragedies of the AIDS epidemic and to the present Hide Seek openly considers what has long been suppressed or tacitly ignored even by the most progressive sectors of our society the influence of gay and lesbian artists in creating American modernism Hide Seek shows how questions of gender and sexual identity dramatically shaped the artistic practices of influential American artists such as Thomas Eakins Romaine Brooks Marsden Hartley Georgia O'Keeffe Charles Demuth Jasper Johns Robert Rauschenberg Andrew Wyeth Andy Warhol Robert Mapplethorpe and many more in addition to artists of more recent works such as Felix Gonzalez Torres Glenn Ligon Catherine Opie and Cass Bird The authors argue that despite the late nineteenth century definition and legal codification of the homosexual in reality questions of sexuality always remained fluid and continually redefined by artists concerned with the act of portrayal In particular gay and lesbian artists of but not fully in the society they portrayed occupied a position of influential marginality from which vantage point they crafted innovative and revolutionary ways of painting portraits Their resistance to society's attempt to proscribe them forced them to develop new visual vocabularies by which to code disguise and thereby express their subjects identities and also their own Bringing together for the first time new scholarship in the history of American sexuality and new research in American portraiture Hide Seek charts the heretofore hidden impact of gay and lesbian artists on American art and portraiture and creates the basis for the

necessary reassessment of the careers of major American artists both gay and straight as well as of portraiture itself

**Robert Frost's Visionary Gift** William F. Zak, 2022-01-26 In Robert Frost's Visionary Gift Mining and Minding the Wonder of Unexpected Supply William F Zak provides groundbreaking analysis of well over one hundred of Frost's lyrics considering each poem as an interrelated portion of the poet's overarching constellation of intention Beyond biography this book offers extended close readings of Frost's oeuvre building its case incrementally from deftly examined particulars Zak discusses how the pastoral mode Frost adopts is no depleted homespun idiom retreating from modernism's complexities but a self-conscious determination to assume the prophetic mantle from his predecessors Shakespeare Milton Wordsworth Emerson and Thoreau Frost's version of pastoral represents no escape from life's stresses but the most constructive and life-sustaining means to address life's struggles head-on in both sense of that last phrase This book makes a case for Frost as America's preeminent philosophical poet The unfortunate effect of Frost's early detractors claim that he was merely an ironic and equivocal anecdotalist has for too long relegated his work to the second tier of the modernist poetic pantheon This study by contrast supports Robert Graves' claim for Frost as the first American poet who could be honestly reckoned a master poet by world standards *Robert Kibet Cheboi - In Togetherness There Is Life-Forever My Beloved..* Robert Kibet Cheboi

*Bee-keeping for Small-holders and Others ...* Henry Geary, 1923 Robert Kirkman's The Walking Dead: Descent Jay Bonansinga, Robert Kirkman, 2014-10-14 Written by Jay Bonansinga based on the original series created by Robert Kirkman The Walking Dead Descent follows the events of The Fall of the Governor and Lilly Caul's struggles to rebuild Woodbury after

the Governor's shocking demise Out of the ashes of its dark past Woodbury Georgia becomes an oasis of safety amidst the plague of the walking dead a town reborn in the wake of its former tyrannical leader Philip Blake aka The Governor Blake's legacy of madness haunts every nook and cranny of this little walled community but Lilly Caul and a small ragtag band of survivors are determined to overcome their traumatic past despite the fact that a super herd is closing in on them This vast stampede of zombies driven by inexorable hunger and aimed directly at Woodbury becomes their first true test But Lilly and company refuse to succumb and in a stunning counteroffensive the beleaguered townspeople save themselves by joining forces with a mysterious religious sect fresh from the wilderness Led by an enigmatic preacher named Jeremiah this rogue church group seems tailor made for Woodbury and Lilly's dream of a democratic family friendly future The two factions meld into one the town prospers and everything seems hopeful for the first time since the plague broke out But things especially in the world of the walking dead are often not what they seem Jeremiah and his followers harbor a dark secret the evidence of which very gradually begins to unravel Along with a popular TV show also based on Kirkman's AMC comic books The Walking Dead franchise is just getting better and better with Bonansinga's newest novel In a stunning and horrifying finale the world for Lilly and her close friends is turned upside down and it is solely up to Lilly Caul to cleanse the town once and for all of its poisonous fate These novels continue to be a great companion for fans of the television series and graphic novels
