Rauschenberg's 'Combines' - Masterpieces of the New Sensibility - Between Abstract Expressionism and Pop Art

Sonja Longolius, 2005-07-18 Seminar paper from the year 2004 in the subject English Language and Literature Studies Culture and Applied Geography grade 1.7 Free University of Berlin John F Kennedy Institut language English abstract For a thorough understanding of the development of the American art scene in the 1950s and 1960s it is essential to have a close look on the early work of the forerunner Robert Rauschenberg whose art bridged the way between Abstract Expressionism and Pop Art In this context it is equally important to analyze Susan Sontag's essays on art and style from the mid 1960s which had a precursory function in the art critic world and promoted a new kind of sensibility to the audience To understand the development of Rauschenberg's art concept which was breathtakingly new at its time it is inevitable to look at his artistic career and the different influences on his work from artistic models teachers and fellow artists Additionally an analysis of the 1950s and 1960s art scene and the change of the audience's reception are equally necessary to recognize the significance of Rauschenberg's work for its time and beyond Sontag was one of the first critics to fully acknowledge the importance of Rauschenberg's ideas for the development of the American art scene Her essay collection is thus in itself a pioneer work of a new kind of art criticism Rauschenberg's artwork as well as Sontag's essays on the arts challenged people's perspective on art and its functions Even though Sontag only directly refers twice to Rauschenberg's artwork in her essay collection *Against Interpretations* her ideas of the new kind of art of the late 1950s and early 1960s nevertheless strongly correspond to Rauschenberg's art concept The artist and the art critic thus paved the way for a new understanding of art and its reception

Robert Rauschenberg Robert Rauschenberg, 2007 *Robert Rauschenberg* Paul Schimmel, 2006 Catalogue de l'exposition portant sur les Combines painting un travail combinatoire d'arts de 1953 montrant la peinture l'image et l'objet Cet artiste a participé au renouvellement de l'art américain à travers un processus de création qui efface les limites entre peinture et sculpture juxtaposant différents médias de la photographie jusqu'à la performance Robert Rauschenberg: Combines ,

Robert Rauschenberg Combines Rauschenberg Robert, Walker Kelley, 2005 Edited by John Rasmussen Essays by Joanna Burton and Fabrice Stroun **Robert Rauschenberg and Surrealism** Gavin Parkinson, 2023-03-23 The art of Robert Rauschenberg 1925-2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period

1959 69 In the face of Rauschenberg's avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist's oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg's key works on that basis By viewing Rauschenberg's art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist's work was turned towards political interpretation By analysing Rauschenberg's art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history
