NASA EP. United States. National Aeronautics and Space Administration, 1972 **Demand My Writing** Jeanne Cortiel, 1999-01-01 In this major study of the work of Joanna Russ Jeanne Cortiel gives a clear introduction to the major feminist issues relevant to Russ's work and assesses its development The book will be especially valuable for students of SF and feminist SF especially in its concern with the function of woman based intertextuality Although Cortiel deals principally with Russ's novels she also examines her short stories and the focus on critically neglected texts is a particularly valuable feature of the study I recommend this book to any reader interested in Russ's fiction or in women's science fiction generally **Science Fiction Studies**
