Robert Emmett The Making Of A Legend:

Robert Emmet Marianne Elliott,2004 Robert Emmet was the romantic hero of the 1803 Irish Uprising This is the definitive thrilling account of his life and legend Robert Emmet the leader of the doomed July 1803 rebellion was executed for treason by the British government in September 1803 He became a legend fuelled by his speech from the dock after the judge pronounced sentence his doomed romance with Sarah Curran whose father a Patriot advocate had refused to help Emmet the moving scenes from his last night in prison and his courage and defiance at the scaffold Two hundred years from his death many nationalists can still recite by heart his famous death oration **Chartist drama** Gregory Vargo,2020-06-10

The first collection of its kind Chartist Drama makes available four plays written or performed by members of the Chartist movement of the 1840s Emerging from the lively counter culture of this protest campaign for democratic rights these plays challenged cultural as well as political hierarchies by adapting such recognisable genres as melodrama history plays and tragedy for performance in radically new settings They include poet activist John Watkins s John Frost which dramatises the gripping events of the Newport rising in which twenty two Chartists lost their lives in what was probably a misfired attempt to spark a nationwide rebellion Gregory Vargo s introduction and notes elucidate the previously unexplored world of Chartist dramatic culture a context that promises to reshape what we know about early Victorian popular politics and theatre

Ireland in the Age of Revolution, 1760-1805, Part II Harry T Dickinson,2021-02-25 The latter half of the eighteenth century saw Irish opposition movements being greatly influenced by the American and French revolutions This two part six volume edition illustrates the depth and reach of this influence by publishing pamphlets dealing with the major political issues of these decades **The Cambridge History of Ireland: Volume 3, 1730-1880** James Kelly,2018-02-28 The eighteenth and nineteenth centuries was an era of continuity as well as change Though properly portrayed as the era of Protestant Ascendancy it embraces two phases the eighteenth century when that ascendancy was at its peak and the nineteenth century when the Protestant elite sustained a determined rear guard defence in the face of the emergence of modern Catholic nationalism Employing a chronology that is not bound by traditional datelines this volume moves beyond the familiar political narrative to engage with the economy society population emigration religion language state formation culture art and architecture and the Irish abroad It provides new and original interpretations of a critical phase in the emergence of a modern Ireland that while focused firmly on the island and its traditions moves beyond the nationalist narrative of the twentieth century to provide a history of late early modern Ireland for the twenty first century Dublin Easter 1916 The French Connection Bill Mc Cormack,2012-09-28 All revolutionary movements since 1789 have looked instinctively to the French model In this book Bill Mc Cormack demonstrates that the French influence in Ireland was indeed profound especially in the years leading up to the Easter Rising However it was not the traditions of the Tennis Court Oath or Bastille Day that motivated the Irish rebels but a new French Catholic nationalism which reached its apogee with the Dreyfus

Affair 1895 and which pervaded literature as well as politics This was a complex reactionary movement partly religious partly royalist and anti modern In Ireland its influence was advanced through the thought of individual visitors through Catholic teaching orders and through a vigorous periodical press The blood sacrifice rhetoric of Patrick Pearse and eventually James Connolly owes more to Maurice Barres than to Wolfe Tone Connolly's use of the sympathetic strike derives from Georges Sorel's syndicalism Mc Cormack examines how the formerly anti clerical Irish Republican Brotherhood was in effect rebaptised by a French inspired Catholic mission which even absorbed Pearse's English and agnostic father He explores the wealth of French material published by Thomas MacDonagh and J M Plunkett in *The Irish Review* 1911 1914 and traces the long campaign of *The Catholic Bulletin* to convert the rebel dead into martyrs Finally he discusses how the anti democratic undertow of 1916 breaks out again in 1939 with the IRA's bombing campaign in England *The Seven* Ruth Dudley Edwards,2016-03-22 On Easter Sunday 23 April 1916 the seven members of the Irish Republican Brotherhood's military council met to proclaim an Irish Republic with themselves as the provisional government After a week of fighting with the British army on the streets of Dublin the Seven were arrested court martialled and executed Cutting through the layers of veneration that have seen them regarded unquestioningly as heroes and martyrs by many Ruth Dudley Edwards provides shrewd yet sensitive portraits of Ireland's founding fathers She explores how an incongruous group which included a communist visionary Catholic poets and a tobaccoist joined together to initiate an armed rebellion that changed the course of Irish history Brilliant thought provoking and captivatingly told *The Seven* challenges us to see past the myths and consider the true character and legacy of the Easter Rising *Between Raid and Rebellion* William Jenkins,2013-10-28 A comparative study of Irish communities in a Canadian and an American city *Myth of the Jacobite Clans* Murray Pittock,2019-08-07 The second edition of this revolutionary book argues that British history has long sought to caricature Jacobitism rather than to understand it and that the Jacobite Risings drew on extensive Lowland support and had a national quality within Scotland

Cosmopolitan Nationalism in the Victorian Empire J. Regan-Lefebvre,2009-08-14 The first biography of Alfred Webb Irish nationalist and president of the 1894 Indian National Congress The biography explores how Webb viewed nationalism as a vehicle for global social justice Drawing on archives in Britain Ireland and India the author reveals how Irish and Indians used cosmopolitan London to create networks across the Empire **Women, Politics, and the Irish Public Sphere in the Age of Revolution** Catriona Kennedy,2025-04-28 The late eighteenth century age of revolutions has long been identified as a key moment in the gendering of modern democratic politics one which opened up new debates on the rights of women while often reaffirming the masculinity of the political citizen In Ireland the revolutionary era saw the rise of the radical United Irish movement mass popular mobilisation and reached a violent denouement in the 1798 rebellion But what did Ireland's age of revolution mean for women Was radical republicanism able to imagine women as political actors How did Irish women experience and navigate the intense ideological conflicts of the 1790s Addressing these and related questions

this is the first book length study of women and Irish politics in the late eighteenth century Revising a stubborn tendency to present women s political engagements in this period as largely mediated through men it stresses instead women s concerns initiatives and networks It reconstructs the distinctively gendered political cultures of Ireland s principal communities the dynastic politics of the Protestant elite the dynamic oppositional culture of Belfast Presbyterianism the urban and agrarian radicalism of unpropertied Catholics and asks how these shaped the meanings of the 1790s for women In looking beyond the homosocial spaces of the club pub lodge and corps it reveals a complexly gendered public sphere in which women were often active participants As the subjects of United Irish addresses religious sermons state surveillance and post rebellion commemoration women emerge as a clear if overlooked constituency in Ireland s age of revolution And it suggests how our understanding of revolution might change when viewed from the perspective of women British Jacobin Politics, Desires, and Aftermaths James Epstein,David Karr,2021-01-31 This book explores the hopes desires and imagined futures that characterized British radicalism in the 1790s and the resurfacing of this sense of possibility in the following decades The articulation of Jacobin sentiments reflected the emotional investments of men and women inspired by the French Revolution and committed to political transformation The authors emphasize the performative aspects of political culture and the spaces in which mobilization and expression occurred including the club room tavern coffeehouse street outdoor meeting theater chapel courtroom prison and convict ship America imagined as a site of republican citizenship and New South Wales experienced as a space of political exile widened the scope of radical dreaming Part 1 focuses on the political culture forged under the shifting influence of the French Revolution Part 2 explores the afterlives of British Jacobinism in the year 1817 in early Chartist memorialization of the Scottish martyrs of 1794 and in the writings of E P Thompson The relationship between popular radicals and the Romantics is a theme pursued in several chapters a dialogue is sustained across the disciplinary boundaries of British history and literary studies The volume captures the revolutionary decade s effervescent yearning and its unruly persistence in later years Unstoppable Brilliance Michael Fitzgerald,Antoinette Walker,2015-03-01 How much of what exceptional people achieve can be put down to their own efforts and inner drive and how much to fate In this groundbreaking study the authors argue that the extraordinary achievements of key figures in Irish history were indeed unstoppable a product of their character and unique way of interacting with the world In a series of fascinating character studies Antoinette Walker and Michael Fitzgerald argue that many of those who were crucial to the development of Ireland s political scientific and artistic traditions the revolutionaries Robert Emmet P draig Pearse and amon de Valera the scientist Robert Boyle mathematician William Rowan Hamilton and ethnographer Daisy Bates and the poet W B Yeats and writers James Joyce and Samuel Beckett would if they were alive today be diagnosed with Asperger s syndrome The authors examine the character quirks that lead them to believe that all nine can be seen as Asperger geniuses They assert that this condition meant that all nine were virtually predestined to become exceptional figures in their chosen field and that moreover Asperger

s syndrome can be seen as the key to genius in all ages and all cultures **From Armed Struggle to Political Struggle** Graham Spencer, 2015-06-18 The first study of its kind to link Irish republican identity through the influences of Catholicism the paramilitary campaign and political transformation **Banished** Delphine Diaz, Sylvie Aprile, 2021-12-06 This book aims to study the departure and reception of refugees in 19th century Europe from the Congress of Vienna to the 1870 1880s Through eight chapters it draws on a transnational approach to analyze migratory movements across European borders The book reviews the chronology of exile and shows how European states welcomed selected and expelled refugees In addition to presenting the point of view of nation states it reflects the experience of those migrating The book addresses departure into exile captured through the material circumstances of crossing borders in the 19th century and examines the emergence of new ways to pursue political commitments from abroad The outcasts are considered in all their diversity with a prominent place accorded to women and children many of whom also moved under duress The book aims to shed light on the forced migrations of Europeans across Europe while also considering the global dimension looking at exile to the Americas or the French colonies A final chapter examines the impossibility or difficulty of returning from exile to one's country of origin as well as the a posteriori memorial constructs around that crucial experience Sir Henry Irving Jeffrey Richards, 2005-12-16 Sir Henry Irving was the greatest actor of the Victorian age He transformed the theater in Britain and America from a disreputable and marginal entertainment into a respected art form His admirers ranged from Queen Victoria to working men and housewives He was thought of by Gladstone as his greatest contemporary and in 1895 became the first actor to receive a knighthood Published to mark the centenary of Irving's death this book gives an account not only of Irving himself and of his career but also of his whole impact on the Victorian Theatre and on Victorian culture Ireland 1798-1998 Alvin Jackson, 2010-04-26 Receiving widespread critical acclaim when first published Ireland 1798 1998 has been revised to include coverage of the most recent developments Jackson's stylish and impartial interpretation continues to provide the most up to date and important survey of 200 years of Irish history A new edition of this highly acclaimed history of Ireland reflecting both the very latest political developments and growth of scholarship Jackson provides a balanced and authoritative account of the complex political history of modern Ireland Draws on original research and extensive reading of the latest secondary literature Jackson provides an impressive treatment of events coupled with flowing narrative delivered analytically and elegantly History and memory Geoffrey Cubitt, 2013-01-18 In recent years memory has become a central though also a controversial concept in historical studies a term that denotes both a new and distinctive field of study and a fresh way of conceptualizing history as a field of inquiry more generally This book which is aimed both at specialists and at students provides historians with an accessible and stimulating introduction to debates and theories about memory and to the range of approaches that have been taken to the study of it in history and other disciplines Contributing in a wide ranging way to debate on some of the central conceptual problems of memory studies the book explores the relationships

between the individual and the collective between memory as survival and memory as reconstruction between remembering as a subjective experience and as a social or cultural practice and between memory and history as modes of retrospective knowledge
