Russian Genre Painting in the Nineteenth Century Rosalind Polly Blakesley, 2000 This book addresses the little studied area of Russian genre painting in the first three quarters of the nineteenth century Rosalind Gray begins by examining artistic patronage and published texts which engaged with the visual arts in order to illustrate the context in which Russian artists were working Five major painters Venetsianov Bryullov Ivanov Fedotov and Perov are then discussed in detail Dr Gray identifies the vital contribution which these artists made to Russian intellectual life as genre painting was appropriated as a medium in the dissemination of popular values and social change At the same time the relationship between Russian and European art is explored The book demonstrates that far from being a self contained movement Russian genre painting instead engaged in a fluid and complex dialogue with the art of the West **The Ballets Russes and Its World** Lynn Garafola, Nancy Van Norman Baer, Nancy Baer, 1999-01-01 The dance art music and cultural worlds of the Ballets Russes a dance company which helped define the avant garde in the early part of this century are surveyed in this book which begins with Serge Diaghilev s influence 200 illustrations **Framing Russian Art** Oleg Tarasov, 2012-01-01 The notion of the frame in art can refer not only to a material frame bordering an image but also to a conceptual frame Both meanings are essential to how the work is perceived In *Framing Russian Art* art historian Oleg Tarasov investigates the role of the frame in its literal function of demarcating a work of art and in its conceptual function affecting the understanding of what is seen The first part of the book is dedicated to the framework of the Russian icon Here Tarasov explores the historical and cultural meanings of the icon s setting and of the iconostasis Tarasov s study then moves through Russian and European art from ancient times to the twentieth century including abstract art and Suprematism Along the way Tarasov pays special attention to the Russian baroque period and the famous nineteenth century Russian battle painter Vasily Vereshchagin This
