Shapiro is one of the great thinkers in the realm of linguistics and language use and his integrated understanding of language and speech in its semantic and pragmatic structure grammatical and historical grounding and colloquial to literary stylistic variants is perhaps unmatched today This book is a treasure to be shared Robert S Hatten The University of Texas at Austin Jewel of a book a gift to us all from Michael Shapiro Like a Medieval Chapbook it can be a kind of companion whose vignettes on language use can be randomly and profitably consulted at any moment Some may consider these vignettes opinionated That would be to ignore how deeply anchored each vignette is in Shapiro s long and rare polyglot experience with language It could well serve as a night table book taken up each night to read and reflect upon to ponder both in the twilight mind and in the deeper reaches of associative somnolence There is nothing else like it that I know of James W Fernandez The University of Chicago
