*Routledge Intensive Russian Course* Robin Aizlewood, 2013-09-05 This intensive foundation course in Russian is designed for students with no previous knowledge of the language. Developed primarily for classroom use, the course offers an original and distinctive approach to language learning, presenting Russian in context, offering access to Russian life, culture, history and society. Using authentic language throughout, the course takes students from beginner to intermediate level in one year. Progress is carefully structured, starting with simple grammar and working towards more complex points with the acquisition of a significant body of vocabulary. By the end of the course, students will have acquired a sound knowledge of the main structures of the language and will be able to express themselves confidently in a wide range of communicative contexts. The tried and tested material featured in the course is structured to improve all four core skills of language learning: speaking, listening, reading and writing. The course is divided into three parts. Part 1 provides a foundation which gets the student going in Russian. Part 2 concentrates on intensive development to take the student rapidly forward. Part 3 incorporates both revision and further development. Each unit is divided into lessons which all include lively dialogues, sections on grammar and language functions, and lots of exercises that help develop the student's practical language skills. Audio materials, recorded by native speakers, include dialogues, exercises, and a variety of texts to help students using the course to improve their listening comprehension and pronunciation skills. **Literary Cultures in Hyderabad** Kousar J Azam, 2017-08-09 There is great interest in recent scholarship in the study of metropolitan cultures in India, as evident from the number of books that have appeared on cities such as Delhi, Mumbai, Chennai, and Kolkata. Though Hyderabad has a rich archive of history, scattered in many languages, very few attempts have been made to bring this scholarship together. The papers in this volume bring together this scholarship at one place. They trace the contribution of different languages and literary cultures to the multicultural mosaic that is the city of Hyderabad. How it has acquired this uniqueness and how it has been sustained is the subject matter of *Literary Cultures in Hyderabad*.

This work attempts to trace some aspects of the history of major languages practiced in the city. It also reviews the contribution of the various linguistic groups that have added to the development not just of varied literary cultures but also to the evolution of an inclusive Hyderabad culture. The present volume it is hoped will enthrall both younger and senior scholars and students to take a fresh look at the study of languages and literary cultures as they have evolved in India's cities and add to the growing scholarship of metropolitan cultures in India. **Russian in Arizona** Katherine Lutz, Barry

Zhigun, 2025-06-22 This book is the first comprehensive work on Russian Fractals in indigenous artifacts While existing works focus on universal phenomena such as liquid crystal or finance none explore the intersection between Fractals and Russia Russian Fractals in Indigenous Artifacts therefore investigates how indigenous Russian cultures have a wonderful Fractal heritage that was originally tied to socially just and ecologically sustainable social practices including those of indigenous northern groups such as the Yakut Fractal designs originally allowed unalienated value both human and nonhuman to be visible thereby enabling just and sustainable living This book also examines how the tsarist elite encouraged the creation of unique creative masterpieces developing and strengthening traditional crafts and art of indigenous people hence Fabergé or imperial architecture Today the challenge for contemporary Russia is to reestablish the relationship between the social and ecological sustainability of indigenous cultures and practices for which we can now provide modeling and analysis Lay attempts at this have only limited success as they have based the attempts on a purely religious basis which recognizes the ecological aspects but often succumbs to authoritarian nationalism However the freely accession of

indigenous peoples to Russia for the sake of national liberation has had a positive effect on enriching them with spirituality and creativity by Fractal artifacts through friendly exchanges with one another In Russian Fractals in Indigenous Artifacts Bangura and Zhigun express why there is a need for a forward thinking Fractal renaissance in Russia bringing together contemporary computational and scientific analyses with these ecologically and socially sustainable traditions      **Russian Review** ,1924      *An Anthology of Russian Folk Epics* James Bailey,Tatyana Ivanova,2015-05-20 An extensive introduction provides basic information about Russian epics their historical background their poetics the history of their collection their performance context and their main interpretations In addition there is a short introduction to each song explaining its plot allusions and interpretations A glossary of common terms and a selected bibliography of studies about the Russian epic in English and Russian are also included in the volume
