Gentleman in Spanish Literature Francesco Raimondo Ph. D., Francesco Raimondo, 2013-05 In this study on the subject of the Spanish courtly gentleman of the sixteenth century the author traces the courtly gentleman's life ideals as they appear first in Montalvo's Amadis de Gaula and later in Il Cortegiano of Castiglione The study also appraises what new perspectives and attitudes are at the center of Castiglione's view of cortegiania and how these elements are reflected in other Spanish courtesy books subsequent to The Courtier's arrival and publication in Spain In the last part of the book the author deals with the theme of courtliness in Don Quixote and with Cervantes's attitude toward the courtier's pursuits aspirations and lifestyle He also analyzes through the study of selected works of Calderón and Gracián certain problems of self perception moral conscience and outlook that distinguish the ideal man of the baroque age as envisioned by these authors from his renaissance counterpart On the whole the study points to the gradual change and process of secularization of the courtier's ideal during the sixteenth and seventeenth centuries and to the decline of traditional thought and myths about class limitations and human potential Locating the Voice in Film Tom Whittaker, Sarah Wright, 2017 This book locates the voice in cinema in different national and transnational contexts to explore how the critical approaches to the voice as well as the practices of sound design technologies and even reception are often grounded in cultural specificity to present readings which challenge traditional theories of the voice in film
