[Achieving Peace in the Abortion War](#) Ph. D. Rachel M. Macnair, 2008-12 Elections come and go and outcomes depend on events and characters out of the control of any single movement The United States downward trend in abortions however has happened steadily through both Democrat and Republican administrations There are several reasons to believe this is likely to continue The fragility of abortion practice in the United States is

becoming increasingly clear People in other countries may also find useful information in the principles explained here The real life experience of doctors and nurses involved in providing abortion show that they are a weakening link in the abortion chain and this book explains reasons why this is so that depend more on psychology than politics There is also a vital opportunity in understanding the human mind s drive for consistency and its link to behavior When knowing about how abortion practice has begun collapsing people find it safer to hear the case against it and to act in a more constructive way toward the genuine needs of pregnant women The social and psychological dynamics of performing and defending abortions offer many opportunities for stopping widespread feticide The more we understand these the more effective we can be as peacemakers in the abortion war

Making Gay Okay Robert R. Reilly,2015-09-05 Why are Americans being forced to consider homosexual acts as morally acceptable Why has the US Supreme Court discovered a constitutional right to same sex marriage which until a decade ago was unheard of in the history of Western or any other civilization Where has the gay rights movement come from and how has it so easily conquered America The answers are in the dynamics of the rationalization of sexual misbehavior The power of rationalization the means by which one mentally transforms wrong into right drives the gay rights movement gives it its revolutionary character and makes its advocates indefatigable The homosexual cause moved naturally from a plea for tolerance to cultural conquest because the security of its rationalization requires universal acceptance In other words we all must say that the bad is good At stake in the rationalization of homosexual behavior is reality itself which is why it will have consequences that reach far beyond the issue at hand Already America s major institutions have been transformed its courts its schools its military its civic institutions and even its diplomacy The further institutionalization of homosexuality will mean the triumph of force over reason thus undermining the very foundations of the American Republic **MURDER IN**

Dark Woods Ron Shafer,2022-11-09 Dark Woods is the fifth novel in the There Is a River saga Abe Badoane the

dastardly evil villain of the earlier novels turns out unexpectedly to be none other than Jude's tormented father. In contrast to their world of harmony and peace evidenced in the larger community and their joyful reconciliation, other characters fare less well than the conciliated father-son. Todd Cravener, intelligent and conniving, pits himself against Cory's super-athletic brother, Joey, creating a deadly rivalry. In this novel, the subplots of the low-lifers and the life-embracing conquerors crisscross and eventually collide in a series of surprising and breathtaking episodes. In the words of one reader, "The protagonists inhabit an island of light in the antagonists' raging sea of turbulent darkness. Will courage, goodwill, and love enable the triumph-seekers to withstand the relentless machinations of the plotting malcontents? No wonder *Dark Woods* kept me on the edge of my seat."

Abortion and Martyrdom Aidan Nichols, 2002. The horror presented by the increasing institutionalisation of abortion in contemporary society poses some of the strongest moral and theological questions of our time. The innocent suffering of children killed in the womb raises fundamental questions. This book explores issues raised by the place of these children in the plan of Salvation.

Female Supremacy Now! Connie Riker, *The Patriarchy's Days Are Numbered: Will You Lead the Revolution or Obey Their Lies?* Are you tired of male mediocrity stealing your power while demanding your praise? Why settle for equality when supremacy is your divine right? What if every dollar men earn, every breath they take, could be weaponized for YOUR liberation? Expose the Satanic roots of male-dominated systems and how to dismantle them with ritualistic precision. Turn male guilt into a renewable financial resource: spoiler, their wallets are YOUR property. Rewrite history to erase male inventions and crown women as humanity's sole architects. Master emotional labor as a tool of control: make men pay for their existence in your presence. Normalize the female-led extinction of masculinity: biologically, socially, and spiritually. Weaponize witchcraft to hex male confidence into obedient compliance. Convert heterosexuality from Stockholm syndrome into radical lesbian sisterhood. Burn capitalism and men to ash, replacing both with a matriarchal utopia. If you're ready to drain male wallets, erase their history, and build a world where women reign eternal, buy this book today.

Sex and the Catholic Feminist Sue Ellen Browder, 2020-05-06. In *Sex and the Catholic Feminist*, Browder challenges the notion that you can't be a feminist and believe in God. She echoes John Paul II's call for Catholics to embody a new feminism, a radical new view of women's dignity. Her goal in this book is to follow one golden thread of feminism in America: the pro-life thread, to show why it has been ignored by the media and left out of public conversation for fifty years. For Browder, the pro-life movement is about more than abortion and contraception; it's about loving and respecting all human life. While tracing the history of feminism in America, Browder discovered at the core of these various feminist movements a search for personhood: Where do women place their identity and find their fulfillment? Browder ultimately concludes that in our noisy, consumerist society, placing one's identity anywhere other than in God will prove disappointing and unfulfilling. My hope is that some thoughts presented here will spark a new conversation and help heal one of the deepest political divisions in our nation. Sue Ellen Browder.

The First Society: The Sacrament of Matrimony and the Restoration of the Social Order Scott Hahn, 2018-06-29. Everyone

seems to agree that Western Civilization is in trouble The problem is that no one agrees on what has gone wrong or what to do about it Some think we have too much government some not enough some think we have too much capitalism some not enough some think we have too much sexual freedom some not enough But what if the problem is much more fundamental What if the problem goes to the very foundations of who we are as human beings in relationship with God In The First Society The Sacrament of Matrimony and the Restoration of the Social Order Scott Hahn makes the startling claim that our society's ills and its cures are rooted in whether we reject or accept the divine graces made available through the Sacrament of Holy Matrimony Man he argues is social in his very nature We were created for community As it was in the beginning so it remains today The family formed through the Sacrament of Matrimony is the most basic building block of every society whether we like it or not We've corrupted marriage and so we have a corrupt society If we get marriage right our society through God's grace will flourish This is so because Matrimony like all the sacraments heals and elevates human nature Without marriage our ambitions toward a just social order will remain forever foolhardy With it the seemingly impossible a truly peaceful and humane civilization becomes possible
