Sculpture at the Ends of Slavery Caitlin Meehye Beach, 2022-11-15 From abolitionist medallions to statues of bondspeople bearing broken chains sculpture gave visual and material form to narratives about the end of slavery in the eighteenth and nineteenth centuries Sculpture at the Ends of Slavery sheds light on the complex and at times contradictory place of such works as they moved through a world contoured both by the devastating economy of enslavement and by international abolitionist campaigns By examining matters of making circulation display and reception Caitlin Meehye Beach argues that sculpture stood as a highly visible but deeply unstable site from which to interrogate the politics of slavery With focus on works by Josiah Wedgwood Hiram Powers Edmonia Lewis John Bell and Francesco Pezzicar Beach uncovers both the radical possibilities and the conflicting limitations of art in the pursuit of justice in racial capitalism's wake

Moved by Love Mary D. Sheriff, 2008-10-30 In eighteenth century France the ability to lose oneself in a character or scene marked both great artists and ideal spectators Yet it was thought this same passionate enthusiasm if taken to unreasonable extremes could also lead to sexual deviance mental illness even death Women and artists were seen as especially susceptible to these negative consequences of creative enthusiasm and women artists doubly so Mary D Sheriff uses these very different visions of enthusiasm to explore the complex interrelationships among creativity sexuality the body and the mind in eighteenth century France Drawing on evidence from the visual arts literature philosophy and medicine she portrays the deviance ascribed to both inspired men and women But while various mythologies worked to normalize deviance in male artists women had no justification for their deviance For instance the mythical sculptor Pygmalion was cured of an abnormal love for his statue through the making of art He became a model for creative artists living happily with his statue come to life No

happy endings though were imagined for such inspired women writers as Sappho and Heloise who burned with erotomania their art could not quench Even so Sheriff demonstrates the perceived connections among sexuality creativity and disease also opened artistic opportunities for creative women took full advantage of them Brilliantly reassessing the links between sexuality and creativity artistic genius and madness passion and reason Moved by Love will profoundly reshape our view of eighteenth century French culture
