Sea Wolf Of The Confederacy:

Sea Wolf of the Confederacy David W. Shaw, 2005-09 David Shaw is the author of America's Victory and a number of other books. He lives in Maine.

Sea Wolf of the Confederacy David W. Shaw, 2001-01-01 In June 1863 just days before the epic clash at Gettysburg ended the last rebel land invasion of the North a small party of the Confederate Navy mounted a devastating series of raids on the New England coast culminating in a battle off Portland, Maine. Veteran author David W. Shaw brilliantly re-creates this almost forgotten chapter of the Civil War in rich narrative detail drawn from accounts of the participants. At the center of the conflict were two men: the hotheaded young adventurer Charles W. Read who resigned his commission as a Union midshipman to become a lieutenant in the Confederate Navy and Secretary of the United States Navy Gideon Welles, a well-connected politician who ably oversaw the explosive growth of the fleet including the revolutionary ironclads during the war despite his lack of maritime experience. Serving aboard CSS Florida off the coast of Brazil, Read hatched a daring plan to sail a captured brig directly into the Union's home waters and wreak havoc on their shipping lanes. Burning or capturing more than twenty merchant vessels in less than three weeks and switching ships several times to elude capture, Read's rampage caused widespread panic in Northern cities, made headlines in the major daily newspapers, and brought enormous pressure on Welles to stop the rebel pirate. At one point there were nearly forty Union ships sent to hunt down Read in a cat and mouse game that finally led to his dramatic capture off the coast of Maine. *Sea Wolf of the Confederacy* brings to light this fascinating yet little-known episode of the war, combining Shaw's flair for powerful storytelling with extensive research culled from contemporary newspapers, journals, and official war records. Taking readers to the heart of the action on the decks of the burning ships, Shaw offers a compelling portrait of the complex Read and an insightful new perspective on the divisions splitting North and South during this dark time in American history.

The Best Station of Them All Maurice Melton, 2012-08-30 This is the story of the Confederate navy's Savannah Squadron, its relationship with the people of Savannah, Georgia, and its role in the city's economy. The author charts the history of the unit, the sailors (both white and black), the officers, their families, and their activities aboard ship and in port. The Savannah Squadron worked, patrolled, and fought in the rivers and sounds along the Georgia coast. Though they saw little activity at sea, the unit did engage in naval assault, boarding, capture, and ironclad combat. The sailors finished the war as an infantry unit in Robert E. Lee's Army of Northern Virginia, fighting at Sayler's Creek on the road to Appomattox. The author concentrates on navy life and the squadron's place in wartime Savannah. The book reveals who the Confederate sailors were and what their material, social, and working lives were like.

After Vicksburg Myron J. Smith, Jr., 2021-11-01 This is the first published comprehensive survey of naval action on the Mississippi River and its tributaries for the years 1863-1865. Following introductory reviews of the rivers and of the U.S. Navy's Mississippi Squadron, chronological Federal naval participation in various raids and larger campaigns is highlighted, as well as counterinsurgency, economical support, and control and logistical

protection The book includes details on units locations and activities that have been previously underreported or ignored Examples include the birth and function of the Mississippi Squadron s 11th District the role of U S Army gunboats and the war on the Upper Cumberland and Upper Tennessee Rivers The last chapter details the coming of the peace in 1865 and the decommissioning of the U S river navy and the sale of its gunboats [Cruising World](#) ,2006-01 [Ironclad Captains of the Civil War](#) Myron J. travelling from London to Paris from Copenhagen to Havana from Washington to Tokyo Five Flags brings this incredible true story to life Strangled by the Union s naval blockade the Confederacy needed ships and turned to Europe to build them In 1862 Emperor Napoleon III agreed to deliver a unique new design whose 300 pounder canon 5 inches of armour and twenty foot bow ram made her a threat to every warship on earth Before the mighty ironclad was finished U S agents discovered it and she was sold to Denmark only to be smuggled back after her defeat by Prussia Christened Stonewall after the legendary general the ship took on an elite crew with 5 captains among them narrowly survived terrifying storms took refuge in Spain and had to run the gauntlet of Union warships and Spanish courts to escape The Stonewall reached Cuba in May 1865 too late to change the Civil War before her sale to the Queen of Spain and a handover to a newly re united America But the ironclad would not end its career mothballed at the Washington Navy Yard Though sold to the Tokugawa shogun in 1867 she was delivered to his bitter enemy the emperor and led the brutal and harrowing war at sea that secured the Meiji restoration and set Japan on a path of modernization industrialization and expansion that would end in World War II

Mainers in the Civil War Harry Gratwick,2011-03-18 Too far north the great state of Maine did not witness any Civil War battles However Mainers contributed to the war in many important ways From the mainland to the islands soldiers bravely fought to preserve the United States in all major battles Men like General Joshua Chamberlain a hero of Little Round Top proudly returned home to serve as governor Maine native Hannibal Hamlin served as Abraham Lincoln s first vice president And Maine s strong women sacrificed and struggled to maintain their communities and support the men who had left to fight Author Harry Gratwick diligently documents the stories of these Mainers who preserved The Way Life Should Be for Maine and the entire United States

Faces of the Civil War Navies Ronald S. Coddington,2016-10-30 Explore the human side of the Civil War through archival images and biographical sketches of Confederate and Union sailors During the American Civil War more than one hundred thousand men fought on ships at sea or on one of America s great inland rivers There were no large scale fleet engagements yet the navies particularly the Union Navy did much to define the character of the war and affect its length The first hostile shots roared from rebel artillery at Charleston Harbor Along the Mississippi River and other inland waterways across the South Union gunboats were often the first to arrive in deadly enemy territory In the Gulf of Mexico and along the Atlantic seaboard blockaders in blue floated within earshot of gray garrisons that guarded vital ports And on the open seas rebel raiders wreaked havoc on civilian shipping In *Faces of the Civil War Navies* Civil War photograph collector Ronald S Coddington focuses his skills on the Union and Confederate navies Using identifiable cartes de visite of common sailors on both sides of the war many of them never before published Coddington uncovers the personal histories of each individual These unique narratives are drawn from military and pension records letters diaries period newspapers and other primary sources In addition to presenting the personal stories of seventy seven intrepid volunteers Coddington also focuses on the momentous naval events that ushered in an era of ironclad ships and other technical innovations Taken collectively

these snapshots show that the history of war is not merely a chronicle of campaigns won and lost it is the collective personal odysseys of thousands of individual men

The Civil War Diary of Gideon Welles, Lincoln's Secretary of the Navy Gideon Welles, 2014-08-15 Gideon Welles s 1861 appointment as secretary of the navy placed him at the hub of Union planning for the Civil War and in the midst of the powerful personalities

ving for influence in Abraham Lincoln s cabinet Although Welles initially knew little of naval matters he rebuilt a service depleted by Confederate defections planned actions that gave the Union badly needed victories in the war s early days and oversaw a blockade that weakened the South s economy Perhaps the hardest working member of the cabinet Welles still found time to keep a detailed diary that has become one of the key documents for understanding the inner workings of the Lincoln administration In this new edition William E and Erica L Gienapp have restored Welles s original observations gleaned from the manuscript diaries at the Library of Congress and freed from his many later revisions so that the reader can experience what he wrote in the moment With his vitriolic pen Welles captures the bitter disputes over strategy and war aims lacerates colleagues from Secretary of State William H Seward to General in Chief Henry Halleck and condemns the actions of the self serving southern elite he sees as responsible for the war He just as easily waxes eloquent about the Navy s wartime achievements extols the virtues of Lincoln and drops in a tidbit of Washington gossip Carefully edited and extensively annotated this edition contains a wealth of supplementary material The appendixes include short biographies of the members of Lincoln s cabinet the retrospective Welles wrote after leaving office covering the period missing from the diary proper and important letters regarding naval matters and international law Civil War Almanac John C. Fredriksen,2007 Presents a comprehensive reference to the American Civil War including a chronology of major events biographical sketches related articles and a collection of maps
