## Seal Up The Thunder:

**Reading Revelation** Joseph L. Trafton, 2005 Trafton has produced a clear understandable insightful reading of the book of Revelation not an easy task for a book that has left many readers puzzled and confused One of the particular strengths of Trafton's commentary is his close attention to the structure of John's work and the internal connections between various passages of the book Readers will also benefit from Trafton's identification of John's extensive indebtedness to the Hebrew Bible for much of his imagery and ideas Mitchell G Reddish O L Walker Professor of Christian Studies and Chair Department of Religious Studies Stetson University *The Plan of the Apocalypse* James Walker Hood, 1900 *Notes, explanatory and practical, on the book of Revelation* Bible. N.T. Revelation. English. 1852, 1852 **Revelation** G. K. Beale, 2015-01-02 G K Beale's monumental New International Greek Testament Commentary volume on Revelation has been highly praised since its publication in 1999 This shorter commentary distills the superb grammatical analysis and exegesis from that tome over 1 300 pages into a book more accessible and pertinent to preachers students and general Christian readers As in the original commentary Beale views Revelation as an integrated whole as a conscious continuation of the Old Testament prophetic books and shows that recognizing Revelation's nearly constant use of Old Testament allusions is key to unlocking its meaning Interspersed throughout the volume are more than sixty sets of Suggestions for Reflection to help readers better grasp the relevance of Revelation to their lives and our world today **Interpretation of the Book of Revelation** Pastor Bob Stidham, 2019-07-19 Revelation is a book of prophecy Revelation 1 3 proves this Jesus will destroy this heaven and earth see Rev 6 12 14 and will create a new heaven and a new earth Isa 65 17 and 2 Pet 3 13 Interpretation of the Book of Revelation seeks to explain everything and to prove everything in the Bible All the symbolic languages are interpreted and are used to prove that nothing is hidden the four beasts with six wings the beast with seven heads and ten horns the woman clothed with the sun with the moon under her feet and upon her head a crown of twelve stars the sharp two edged sword and the battle of Armageddon The bottomless pit where is it and what is it The last war fought on Earth is plainly written It was not fought between men Rather it was kingdom against kingdom good against evil see Matt 24 7 and Rev 20 7 10 Everything is interpreted by the Holy Spirit **The Book of Revelation for Blockheads** Douglas Connelly, 2009-05-26 Getting a glimpse into the future is always intriguing especially when that glimpse comes from God's Word But let's face it the book of Revelation has some pretty weird stuff in it seven headed beasts locusts with gold crowns a city coming down from the sky What does it all mean and how does it help you in your Christian faith This lighthearted yet accurate guide to the last book of the Bible will help you overcome the confusion Engaging and user friendly The Book of Revelation for Blockheads helps you Understand the message of this often misunderstood book chapter by chapter Discover what Revelation says about how end time events will unfold Make sense of all the symbolism See how Revelation relates to other parts of the Bible Learn how others interpret controversial parts Worship God with a new vision of his glory and ultimate triumph and of what that means

**With a Brief Commentary by Various Authors** William Walsham How,1884      **Revelation** Gordon D. Fee,2010-11-01

Revelation is a book that many Christians find confusing due to the foreign nature of its apocalyptic imagery It is a book that has prompted endless discussions about the end times with theological divisions forming around epicenters such as the rapture and the millennium In this book award winning author Gordon Fee attempts to excavate the layers of symbolic imagery and provide an exposition of Revelation that is clear easy to follow convincing and engaging Fee shows us how John s message confronts the world with the Revelation of Jesus Christ so that Christians might see themselves as caught up in the drama of God s triumph over sin evil and death Fee draws us into the world of John and invites us to see the world through John s eyes as the morbid realities of this world have the joyous realities of heaven cast over them In this latest installment in the New Covenant Commentary Series we see one of North America s best evangelical exegetes at his very best      The Book of Revelation G. K. Beale,2013-09-07 This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and others While engaging the major questions of text and interpretation at a scholarly level the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis      *Living Hope for the End of Days* John S. Fanning, III,2020-05-05 Concentrate on the biblical author s message as it unfolds Designed to assist the pastor and Bible teacher in conveying the significance of God s Word the Zondervan Exegetical Commentary on the New Testament series treats the literary context and structure of every passage of the New Testament book in the original Greek With a unique layout designed to help you comprehend the form and flow of each passage the ZECNT unpacks The key message The author s original translation An exegetical outline Verse by verse commentary Theology in application While primarily designed for those with a basic knowledge of biblical Greek all who strive to understand and teach the New Testament will benefit from the depth format and scholarship of these volumes      *144 Thousand and Speaking in Tongues* Melvin Winfrey,2011-07-07 This book is my translation of the Bibles prophecy as well as how it ties into todays events It breaks down a couple of books within the Bible It talks more about the 144 thousand It gives the reader a clearer picture of who the 144 thousand are and it explains where they come from This book is an attempt to help people to become more comfortable
