### **Scattering the Proud** Sean O'Conaill, 2012-07-12

In this radically original and optimistic reflection on the future of Christianity in the Western world Sean O'Conaill starts from the conviction that the life ministry and death of Jesus of Nazareth were a deliberate reversal of the human heroic journey to adulation and influence which has caused violence tyranny and injustice in all epochs He did not identify with or seek to emulate the powerful and the influential he sought out the outcasts and taught that every person was of equal worth in the eyes of God In the end he exalted the person who was most despised the victim by accepting an ignominious death O'Conaill argues that even since the earliest times Jesus s followers have been tempted to rejoin the upward journey toward power and influence a journey which inevitably creates pyramids of esteem or hierarchies of respect which glorify individuals and elites at the expense of majorities The development of the relationship between Christianity and the political establishment in the fourth century soon associated Christ himself with coercion and led in the end to the schisms between East and West Protestant and Catholic and between Christianity and liberal secularism It is also at the root of the silent schism within the Catholic church today The future of Christianity then lies in its willingness to abandon this upward journey and to return to the essence of the

gospel message not only institutionally but personally in the lives of all Christians This return to a countercultural stance will aim to raise the disadvantaged and to secure the future of the global family and its environment     *The IRA, 1968-2000* J. Bowyer Bell, 2013-04-03 Based on thousands of interviews over 35 years with the leaders and members of the Republican movement and the IRA itself as well as the Irish British and Americans involved in the Troubles the focus of this study is on the workings of an organization involved in armed struggle     *Report* National Library of Ireland, 1921     *The Origins and Rise of Dissident Irish Republicanism* John F. Morrison, 2013-12-19 Throughout its history the Irish Republican Movement has been beset by splits The former paramilitary and author Brendan Behan famously quipped that The first thing on the agenda was always the split In this in depth research Morrison analyses the splits through his extensive range of interviews with leadership and rank and file members of the political and paramilitary wings of the Movement This timely analysis shows how the splits have both aided the politicization of Sinn Fein and the Provisional IRA while in parallel they have brought about the recent intensification of dissident Republican paramilitary activity He charts the rise of groups including the Real IRA Continuity IRA and the newly emerging New IRA By applying his unique process model of splits Morrison provides an insightful analysis of this long lasting terrorist movement     *Béaloides* , 1929     **Understanding Student Learning (Routledge Revivals)** Noel Entwistle, Paul Ramsden, 2015-08-20 First published in 1983 Understanding Student Learning provides an in depth analysis of students learning methods in higher education at the time It examines the extent to which these learning methods reflected the teaching assessment and individual personalities of the students involved The book contains interviews with students experiments and statistical analyses of survey data in order to identify successes and difficulties in student learning and the culmination of these techniques is a clearer insight into the process of student learning     **A First Nations Voice in the Australian Constitution** Shireen Morris, 2020-08-06 This book makes the legal and political case for Indigenous constitutional recognition through a constitutionally guaranteed First Nations voice as advocated by the historic Uluru Statement from the Heart It argues that a constitutional amendment to empower Indigenous peoples with a fairer say in laws and policies made about them and their rights is both constitutionally congruent and politically achievable A First Nations voice is deeply in keeping with the culture design and philosophy of Australia s federal Constitution as well as the long history of Indigenous advocacy for greater empowerment and self determination in their affairs Morris explores the historical political theoretical and international contexts underpinning the contemporary debate before delving into the constitutional detail to craft a compelling case for change     *The Pig Trilogy* Joseph Caldwell, 2013-05-21 Joseph Caldwell s rollicking Pig Trilogy a charmingly romantic three part tale of an American in contemporary Ireland
