Iran Looking East Annalisa Perteghella, 2020-01-12 In February 2018 anticipating the US withdrawal from the JCPOA Iran s Supreme Leader Ayatollah Ali Khamenei declared a policy of preferring East over West thus paving the way for deeper cooperation with Asian powers such as China Russia and India Differently from the Look East policy promoted during the presidency of Ahmadinejad 2005 2013 the current Iranian strategy is not only functional to escape the US led isolation but it rather seems devoted to the consolidation of a block of power which can commit to security and economic schemes in alternative to the Western dominated ones This ISPI report aims to answer few crucial questions Which are the major initiatives promoted within Iran s Look East 2 0 strategy To what extent will Tehran succeed in creating a solid Eastern block What will be the influence of the wider geopolitical context And finally what role is left for the EU

Looking East in Winter Rowan Williams, 2021-06-24 In many ways we seem to be living in wintry times at present in the Western world In this new book Rowan Williams former Archbishop of Canterbury and a noted scholar of Eastern Christianity introduces us to some aspects

and personalities of the Orthodox Christian world from the desert contemplatives of the fourth century to philosophers novelists and activists of the modern era that suggest where we might look for fresh light and warmth He shows how this rich and diverse world opens up new ways of thinking about spirit and body prayer and action worship and social transformation which go beyond the polarisations we take for granted Taking in the world of the great spiritual anthology the Philokalia and the explorations of Russian thinkers of the nineteenth and twentieth centuries discussing the witness of figures like Maria Skobtsova murdered in a German concentration camp for her defence of Jewish refugees and the challenging theologies of modern Greek thinkers like John Zizioulas and Christos Yannaras Rowan Williams opens the door to a climate and landscape of our humanity that can indeed be warmed and transfigured This is an original and illuminating vision of a Christian world still none too familiar to Western believers and even to students of theology showing how the deep rooted themes of Eastern Christian thought can prompt new perspectives on our contemporary crises of imagination and hope **Look East, Cross**
