In Search of Jason Andrew Grover,2000-09-01 IN SEARCH OF JASON is the story of Jason Reilly a lowly employee at B Pictures a cut rate New York City film production company whose owner Mr B is a confidante of many curious characters inhabiting both sides of the law In the course of one of his many errands for Mr B Jason goes to hand some papers to a diplomat at the United Nations and in the course of his time there misplaces a film script he was carrying From that loss dire consequences arise for the film for which the script was written was to have been shot in the Caribbean with the production serving as cover for a drug courier

operation run by one of Mr B's less than legitimate pals an underworld dynamo named Sick. In addition to his illegal interests Sick has entertained a lifelong legitimate interest in some day becoming a major feature film producer. Thus the idea of someone like Jason not only endangering his profits which would be bad enough but also imperiling his cinematic opportunity of a lifetime is an outrage to which the only answer can be one of summary execution. Now it's one thing when you're seeking to prove your innocence to a law officer who theoretically is subject to some constraints but when you're trying to explain yourself to a paranoid gunman who acknowledges no laws save those in his own options become more limited. Such is the case for Jason. So after narrowly avoiding being murdered in his bed and getting run over by a speeding car aimed at a pay phone booth he's calling from Jason makes his escape from the city. He heads for the New Jersey Turnpike, Chesapeake Bay, Virginia, the Carolinas, Georgia, the Florida swamps, Miami, and finally the Caribbeans. Along the way he picks up a partner in crime or perhaps innocence. Dr Sam Albert is a former 1960s college revolutionary, present day psychiatrist, and off hours bush pilot whose set of wings Jason finds useful in Miami when the ship's captain he's hired to take him afloat begins to cause problems. Later while island hopping in the Caribbean with Albert Jason gets unwittingly another partner in the form of Aringapu, a Central American Indian whose ancestors 500 years earlier were either massacred or driven off the very island where Sick now proposes to set up his supreme shoot. You wouldn't expect Jason to come to earth practically right under Sick's Ray-Bans. You'd think it would be the last place Aringapu would want to turn up in too. You'd think above all that the good Dr Albert, skilled in providing wise counsel and comfort, would look out for Jason's interests and fly him out at once. You'd be wrong on all counts, particularly on the last. You might also expect on this page to find out how it all wraps up but this place is meant to stimulate your appetite, not satiate it. All that can be said for now is that in a curious and appropriate way the punishment fits the crime.

Killing It Camas Davis,2018-07-24

Camas Davis was at an unhappy crossroads. A longtime magazine editor, she had left New York City to pursue a simpler life in her home state of Oregon with the man she wanted to marry and taken an appealing job at a Portland magazine. But neither job nor man delivered on her dreams, and in the span of a year Camas was unemployed on her own with nothing to fall back on. Disillusioned by the decade she had spent as a lifestyle journalist advising other people how to live their best lives, she had little idea how best to live her own life. She did know one thing: She no longer wanted to write about the genuine article she wanted to be it. So when a friend told her about Kate Hill, an American woman living in Gascony, France, who ran a cooking school and took in strays in exchange for painting fences and making beds, it sounded like just what she needed. She discovered a forgotten credit card that had just enough credit on it to buy a plane ticket and took it as kismet. Upon her arrival, Kate introduced her to the Chapolard brothers, a family of Gascon pig farmers and butchers who were willing to take Camas under their wing, inviting her to work alongside them in their slaughterhouse and cutting room. In the process, the Chapolards inducted her into their way of life, which prizes pleasure, compassion, community, and authenticity above all else, forcing Camas to question everything she'd believed about life, death, and dinner. So begins Camas Davis's funny, heartfelt searching memoir of her unexpected journey from knowing magazine editor to humble butcher. It's a story that takes her from an eye-opening stint in rural France, where deep artisanal craft and whole animal gastronomy thrive despite the rise of mass-scale agribusiness, back to a Portland in the throes of a food revolution, where Camas attempts, sometimes successfully, sometimes not, to translate much of this old-world craft and way of life into a new-world setting. Along the way, Camas learns what it really means to pursue the real thing and dedicate your life to it. *Electronic Resources* Linda S. Katz, 2013-10-31
