

POETRY

JANUARY

Lea (left)

Sydney Lea, editor of *New England Review*, received in 1979 a Bread Loaf Fellowship in Poetry. He has taught English and creative writing at Dartmouth, Yale, and Middlebury.

Sydney Lea's poetry resonates with images and themes drawn from nature, from the revelations of memory, and from an abiding affection for friends and relations. Notable for its hardheaded responses to the natural world of New England, and for its careful attention to the formal properties of verse, these poems form an encompassing elegy whose principal theme is the possibility of regeneration.

"The poems of Sydney Lea create, even in their apparent unambitiousness, a coherent and heart-touching world. Mr. Lea converts factuality into a poetry of depth (an attempt that has become a fashion but that usually fails), small observations into something as deep as ritual. He is a poet who knows where to find the poetry that suits his nature—and a poetry of which we would not be happily deprived. He has the subtlety of mind, emotion, and ear to achieve this in a genre in which many fail."—Robert Penn Warren

"Frost has said that what finally saves poetry from prose is the speaking tone of voice somehow entangled in the words. In his first full volume, Sydney Lea's strong narrative voice is so entangled in his language that what we nominally call naturalism—raw-barked and rough—takes on new value; Lea's poems live at the level at which lyricism is crowded with the daily lives of those who will not or cannot speak for themselves—the doomed, the disenfranchised, the local dead. That is why, in his most vocal, his love ethic is indistinguishable from his elegy. He embraces what he cannot change."—Stanley Plumly

*Poems* William Carlos Williams,2002 Before William Carlos Williams

was recognized as one of the most important innovators in American poetry he commissioned a printer to publish 100 copies of *Poems* 1909 a small collection largely imitating the styles of the Romantics and the Victorians This volume collects the self published edition of *Poems* Williams's foray into the world of letters with previously unpublished notes he made after spending nearly a year in Europe rethinking poetry and how to write it As *Poems* shows his first tentative steps into poetry the notes show him as he prepares to make a giant transformation in his art Shortly after *Poems* appeared Williams went through a series of experiences that changed his life a trip to Europe a marriage to the sister of the woman he genuinely loved and the establishment of his medical practice In Europe he was introduced to a consideration of an unlikely trio Heinrich Heine Martin Luther and Richard Wagner resulting in an exposure that subsequently influenced his developing style Williams looked back on *Poems* as apprentice work calling them bad Keats nothing else oh well bad Whitman too But I sure loved them There is not one thing of the slightest value in the whole thin booklet except the intent and never republished the collection Now that Williams's work is widely read and appreciated his reputation secure his development as a poet is a matter worth serious study *Poems* can be seen as a point of departure a clear record of where Williams began before his life and ideas about poetry made seismic shifts Virginia M Wright Peterson's succinct introduction puts *Poems* in the context of his life and times discusses the reception of the volume his reconsideration of the poems and what they reveal about his poetic ambitions
