*My Brother, My Land* Sami Hermez, 2024-02-20 A riveting and unapologetic account of Palestinian resistance the story of one family s care for their land and a reflection on love and heartache while living under military occupation In 1967 Sireen Sawalha s mother with her young children walked back to Palestine against the traffic of exile My Brother My Land is the

story of Sireen's family in the decades that followed and their lives in the Palestinian village of Kufr Ra'i. From Sireen's early life growing up in the shadow of the 67 War and her family's work as farmers caring for their land to the involvement of her brother Iyad in armed resistance in the First and Second Intifada, Sami Hermez with Sireen Sawalha crafts a rich story of intertwining voices mixing genres of oral history, memoir, and creative nonfiction. Through the lives of the Sawalha family and the story of Iyad's involvement with the Palestinian Islamic Jihad, Hermez confronts readers with the politics and complexities of armed resistance and the ethical tensions and contradictions that arise as well as with the dispossession and suffocation of people living under occupation and their ordinary lives in such times. Whether this story leaves readers discomforted, angry, or empowered, they will certainly emerge with a deeper understanding of the Palestinian predicament. The Politics of

Teaching Palestine to Americans M. Knopf-Newman, 2011-11-21 Explores how American youth are indoctrinated with Zionist mythology and how to intervene in that process by teaching about Palestine. It argues that as the relationship between Zionist education and the Israel lobby continues to be strong, it is necessary to correct the misrepresentations that infiltrate Western culture. Documentary Cinema in Israel-Palestine Shirly Bahar, 2021-07-01 Alongside the upsurge in violence that came

with the downfall of the Oslo era in the early 2000s, a new wave of documentaries emerged that centered on Palestinians and Mizrahim's Jews of Middle Eastern origins, historical and lived experiences of pain and oppression across Israel, Palestine, and beyond. The documentaries challenge the systemic removal of self-represented Palestinian and Mizrahi pain from mainstream media and the public realm dominated by Israel. This book explores how Palestinians and Mizrahim perform their long-endured pain on screen. Analysing key documentary films from the first decade of the 2000s, Shirly Bahar offers a nuanced reading of the cinematic documentary corpus emerging from Israel, Palestine, as well as Palestinians and Mizrahim's different and unequal yet interrelated forms of oppression and racialization under Israeli rule. While pain sets them apart, the documentary representations of pain of Palestinians and Mizrahim invite us to consider reconnection by focusing on the very relational nature of pain. **Contemporary State Terrorism** Richard Jackson, Eamon Murphy, Scott Poynting, 2009-09-10

This volume aims to bring the state back into terrorism studies and fill the notable gap that currently exists in our understanding of the ways in which states employ terrorism as a political strategy of internal governance or foreign policy. Within this broader context, the volume has a number of specific aims. First, it aims to make the argument that state terrorism is a valid and analytically useful concept which can do much to illuminate our understanding of state repression and governance and illustrate the varieties of actors, modalities, aims, forms, and outcomes of this form of contemporary political violence. Secondly, by discussing a rich and diverse set of empirical case studies of contemporary state terrorism, this volume explores and tests theoretical notions, generates new questions, and provides a resource for further research. Thirdly, it contributes to a critical, normative approach to the study of terrorism more broadly and challenges dominant approaches and perspectives which assume that states, particularly Western states, are primarily victims and not perpetrators of terrorism.

Given the scarceness of current and past research on state terrorism this volume will make a genuine contribution to the wider field particularly in terms of ongoing efforts to generate more critical approaches to the study of political terrorism This book will be of much interest to students of critical terrorism studies critical security studies terrorism and political violence and political theory in general Richard Jackson is Reader in International Politics at the University of Wales Aberystwyth He is the founding editor of the Routledge journal Critical Studies on Terrorism and the convenor of the BISA Critical Studies on Terrorism Working Group CSTWG Eamon Murphy is Professor of History and International Relations at Curtin University of Technology in Western Australia Scott Poynting is Professor in Sociology at Manchester Metropolitan University

**The Israeli-Palestinian Conflict** R. Halwani, T. Kapitan, 2007-12-14 This book addresses the ongoing conflict among Israeli Jews and Palestinian Arabs from a philosophical perspective The authors argue that ignoring justice and failing to address violations of rights including the rights of both Palestinians and Israelis to live securely and freely then a lasting solution to the conflict will remain elusive

Nassar,2009-07-16 Courageously stepping into charged terrain this book casts a clear light on globalization and terrorism for what they are not what some may wish them to be Jamal R Nassar carefully defines these twin concepts placing them in historical as well as political context Woven throughout the book is his central theme of the migration of dreams and nightmares As some are able to take advantage of the opportunities of globalization leaving others behind they leave behind a legacy of unrealistic dreams These unfulfilled hopes of the poor and oppressed often transform themselves into nightmares for the wealthy and powerful This vicious cycle the author argues is often enhanced by globalization and effected by terrorism Focusing on the key case studies of Palestine and Northern Ireland Nassar applies their lessons to other examples of conflict including Iraq Afghanistan the Congo Chechnya and Colombia in order to internationalize our understanding of how globalization and terrorism operate in a range of situations He also devotes a chapter to Islamist terrorism in a tour de force of incisiveness and balance This book considers globalization and terrorism not only from the perspective of the major powers but also introduces the views of those dominated by forces beyond their control Yet even as the author offers a profound critique of Western hegemony he conveys respect and hope for an enlightened global interdependence embracing the power of the dream over the nightmare
