Health Care for an Aging Society David Haber, 2014-01-02 First published in 1989 In an aging society however the challenge broadens to include health care and social support at home and in the community The major premise of this book is that cost conscious community care and self care will become increasingly important as the era of cost containment intensifies *Trends and Factors in Japan's Long-Term Care Insurance System* Pedro Olivares-Tirado, Nanako Tamiya, 2013-11-19 Ageing population poses a set of complex policy and dilemmas for social security systems intensifying the concerns about rising expenditures in health care and long term care for elderly In this context ageing societies has many

valuable lessons to learn by studying Japan's experience dealing with its hyper aged society and particularly from its strategies to ensure the financial sustainability of the Long Term Care Insurance LTCI system. Based on an exhaustive literature review and the results from six original researches on long term care expenditures in Japan, LTCE conducted during a doctoral program, the book provides a comprehensive view in analyzing trends and factors associated with increasing expenditures in the Long Term Care Insurance system in Japan. The book addresses relevant topics such as the main socio-demographic changes experienced by the Japanese society during the last three decades, predictors of the LTCE, measuring efficiency in nursing homes, the impact of the LTCI 2005 reform to contain expenditures, cost effectiveness of the in-home and community based services and institutional LTCE in the last year of life. The book ends with a discussion on future challenges and strategies oriented to contribute with the sustainability of the LTCI system in Japan.
