Longbows Of The Far North An Archers Adventures In Alaska And Siberia

AW Rasmussen

Longbows Of The Far North An Archers Adventures In Alaska And Siberia:

Longbows in the Far North E. Donnell Thomas, Jr., 2007 Exciting encounters with bears moose wolves rams and deer 16 stories of bowhunting adventure in the Far North In this entertaining collection of memoirs Don Thomas takes readers to places few will ever have a chance to explore His deep respect for the wildness of nature is ever present as he recounts the country people and animals he encountered during archery expeditions in Alaska and Siberia Whether pursuing open country caribou stalking Russian rams or quietly observing black bears on the coast of Alaska Thomas s vivid descriptions of the Arctic wilderness convey the wonder inherent in the hunting experience **Guide to the Longbow** Brian J.

Sorrells, 2014-10-15 Advice on all aspects of selecting and shooting a longbow including buying custom and choosing arrows

Domination of Bears Sherry Simpson, 2013-10-18 Long ago we invited bears into our stories our dreams our nightmares our lives We have always sought them out where they live for their hides their meat their beauty their knowingness Human country and bear country exist side by side As Sherry Simpson suggests the relationship between bears and humans is ancient and ongoing and in Alaska profoundly and often uncomfortably close A huge number of North America s bears live in Alaska including at least 31 000 brown bears 100 000 black bears and 3 500 polar bears And nearly every aspect of Alaskan society reflects their presence from hunting to tourism marketing to wildlife management to urban planning A long time Alaskan Simpson offers a series of compelling essays on Alaskan bears in both wild and urban spaces because in Alaska bears are found not only in their natural habitat but also in cities and towns Combining field research interviews and a host of up to date scientific sources her finely polished prose conveys a wealth of information and insight on ursine biology behavior feeding mating social structure and much more Simpson crisscrosses the Alaskan landscape in pursuit of bears as she muses marvels and often stands in sheer awe before these charismatic creatures Firmly grounded in the expertise of wildlife biologists hunters and viewing guides she shows bears as they actually are not as we imagine them to be She considers not only the occasionally aggressive behavior bears need to survive but also the violence exacted upon them by trophy hunters advocates of predator control or suburbanites who view bears as land sharks that threaten the safety of their families Shifting effortlessly between fascinating facts and poetic imagery Simpson crafts an extended meditation on why we are so drawn to bears and why they continue to engage our imaginations populate indigenous mythologies and help define our essential visions of wilderness As Simpson observes The slightest evidence that bears share your world or that you share theirs can alter not only your sense of the landscape but your sense of yourself within that landscape **In the Presence of Grizzlies** Doug Peacock, Andrea Peacock, 2009-03-17 Winner of ForeWord Magazine s 2006 Gold Award for Nature Book of the Year The most comprehensive and compelling chronicle of human grizzly bear interactions ever written In the Presence of Grizzlies formerly published as The Essential Grizzly examines the fragile bond between ourselves and the quintessential alpha predator Doug and Andrea Peacock contend that the conservation of big wild sometimes dangerous animals is essential

for the survival of our own species and for the sense of humility necessary for rational thought They explore a wide range of human grizzly encounters through interviews with biologists mauling victims hunters and photographers To these they add unique portraits sketches of real grizzlies from the bear s viewpoint and up to date commentary on such developments as the declassification of grizzlies as an endangered species In the Presence of Grizzlies eclipses all existing books on bear behavior and bear attacks providing readers with a twenty first century context for revisiting the original shudder of Homo sapiens the bear in the cave of our genesis **The Cumulative Book Index** ,1995 A world list of books in the English language
