Look at Me Now and Here I Am Gertrude Stein, 2004 This volume of Gertrude Stein's writings attempts to dispel the obscurity and misunderstanding that surround her work by presenting for the first time in this country many of her lectures which clearly explain her philosophies and include her portraits of people and objects to encourage readers to make their own assessment of her literary importance Geary's Guide to the World's Great Aphorists James Geary, 2008-12-08 Both an expert and a collector James Geary has devoted his life to aphorisms and the last few years to organizing indexing and even translating them The result is Geary's Guide featuring aphorists like Voltaire Twain Shakespeare Nietzsche Woody Allen Muhammad Ali Emily Dickinson and Mae West as well as international practitioners appearing in English for the first time But it is more than just a conventional anthology It is also an encyclopedia containing brief biographies of each author in addition to a selection of his or her aphorisms The book is a field guide too with aphorists organized into eight different species such as Comics Critics Icons and Painters Poets The book's two indexes by author and by subject make it easily searchable while its unique organizational structure and Geary's lively biographical entries set it apart from all previous reference works A perfect follow up to Geary's New York Times bestseller *The World in a Phrase* Geary's Guide is eminently suitable for browsing or for sustained reading A comprehensive guide to our most intimate idiosyncratic literary form the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers *The Idiom of the Time* Rod Mengham, 2010-08-26 In this 1982 study Dr Mengham sets out to uncover the systematic basis of the quality of secretiveness in Green's writing *The Oxford Companion to Twentieth-Century Literature in English* Jenny Stringer, 1996-09-26 This is a unique new reference book to English language writers and writing throughout the present century in all major genres and from all around the world from Joseph Conrad to Will Self Virginia Woolf to David Mamet Ezra Pound to Peter Carey James Joyce to Amy Tan The survivors of the Victorian age who feature in *The Oxford Companion to Twentieth Century Literature in English* writers such as Thomas Hardy Olive Schreiner Rabindranath Tagore Henry James could hardly have imagined how richly diverse Literature in English would become by the end of the century Fiction plays poetry and a whole range of non fictional writing are celebrated in this informative readable and catholic reference book which includes entries on literary movements periodicals and over 400 individual works as well as articles on some 2 400 authors All the great literary figures are included whether American or Australian British Irish or Indian African or Canadian or Caribbean among them Samuel Beckett Edith Wharton Patrick White T S Eliot Derek Walcott D H Lawrence Tennessee Williams Vladimir Nabokov Wole Soyinka Sylvia Plath as well as a wealth of less obviously canonical writers from Ana's Nin to L M Montgomery Bob Dylan to Terry Pratchett The book comes right up to date with contemporary figures such as Toni Morrison Ben Okri Salman Rushdie Carol Shields Tim Winton Nadine Gordimer Vikram Seth Don DeLillo and many others Title entries range from Aaron's Rod to *The Zoo Story* topics from *Angry Young Men* Bestsellers and Concrete Poetry to Soap

A Concise Companion to Twentieth-Century American Poetry Stephen Fredman, 2008-04-15 This Concise Companion gives readers a rich sense of how the poetry produced in the United States during the twentieth century is connected to the country s intellectual life more broadly Helps readers to fully

appreciate the poetry of the period by tracing its historical and cultural contexts. Written by prominent specialists in the field, it places the poetry of the period within contexts such as war, feminism, and the female poet; poems of immigration and migration; communism and anti-communism; philosophy and theory. Each chapter ranges across the entire century, comparing poets from one part of the century to those of another. New syntheses make the volume of interest to scholars as well as students and general readers. *Twentieth Century Fiction* George Woodcock, 1983-04-01

Out of Time? Elena Backhausen, Benjamin Wihstutz, Noa Winter, 2023-07-10 Out of Time has many different meanings amongst them: outmoded, out of step, under time pressure, no time left, or simply delayed. In the disability context, it may also refer to resistant attitudes of living in 'crip time' that contradict time as a linear process with a more or less predictable future. According to Alison Kafer, crip time bends the clock to meet disabled bodies and minds. What does this mean in the disability arts? What new concepts of accessibility, crip futures, and crip resistance can be staged or created by disability performance? And how does the notion of out of time connect crip time with pandemic time in disability performance? The collective volume seeks to respond to these questions by exploring crip time in disability performance as both a concept and a phenomenon. The book tackles the topic from two angles: on the one hand, from a theoretical point of view that connects performance analysis with crip and performance theory; on the other hand, from a practice-based perspective of disability artists who develop new concepts and dramaturgies of crip time based on their own lived experiences and observations in the field of the performing and disability arts. The book gathers different types of text, genres, forms, and styles that mirror the diversity of their authors. Besides theoretical and academic chapters on disability performance, the book also includes essays, poems, dramatic texts, and choreographic concepts that reflect upon the alternative knowledge in the disability arts. **Abstraction in Modernism and Modernity** Jeff Wallace, 2023-04-30 Explores abstraction as a keyword in aesthetic modernism and in critical thinking since Marx. *The Cambridge Guide to Reading Poetry* Andrew Hodgson, 2021-11-18 At the heart of this book is a belief that poetry matters and that it enables us to enjoy and understand life. In this accessible guide, Andrew Hodgson equips the reader for the challenging and rewarding experience of unlocking poetry, considering the key questions about language, technique, feeling, and subject matter which illuminate what a poem has to say. In a lucid and sympathetic manner, he considers a diverse range of poets writing in English to demonstrate how their work enlarges our perception of ourselves and our world. The process of independent research is modeled step by step as the guide shows where to start, how to develop ideas, and how to draw conclusions. Providing guidance on how to plan, organize, and write essays, close readings, and commentaries from initial annotation to final editing, this book will provide you with the confidence to discover and express your own personal response to poetry. *Reviews and Essays of Austin Clarke* Austin Clarke, 1995 Austin Clarke is widely regarded as one of 20th century Ireland's most important poets. In this selection of nearly fifty essays and reviews written over Clarke's long career, he demonstrates that he is an astute and provocative literary critic as well. Having grown up in Dublin when the excitement of

the Irish Literary Revival was still running high Clarke knew many of the principal figures of that movement personally and his readings of Yeats Joyce Synge O Casey Lady Gregory George Moore and others enjoy the advantages of an insider's point of view Moreover committed in his own poetry to the basic assumption that fuelled the Literary Revival that the most productive course for Irish literature lay in the direction not of England but of Ireland Clarke in his criticism provides a way of understanding and judging the Revival's major writers in terms of their relationships to Ireland's rich literary and cultural traditions At the same time these essays call attention to a number of distinctly Irish but often overlooked writers working on the margins of the revival As Yeats observed more than once the Irish for all the contributions that they have made to modern fiction poetry and drama have fallen somewhat short in the genre of literary criticism Austin Clarke's essays and reviews many of which were written under a pseudonym and so not attributed to Clarke for years go a long way towards filling that gap

Veteran Poetics Kate McLoughlin, 2018-05-24 In this first full length study of the war veteran in literature Kate McLoughlin draws new critical attention to a figure central to national life Offering fresh readings of canonical and non canonical works she shows how authors from William Wordsworth to J K Rowling have deployed veterans to explore questions that are simultaneously personal political and philosophical What does a community owe to those who serve it What can be recovered from the past Do people stay the same over time Are there right times of life at which to do certain things Is there value in experience How can wisdom be shared *Veteran Poetics* features veterans who travel in time cause havoc with their reappearances solve murders refuse to stop talking about the wars they have been in and refuse to say a word about them Through this last trait they also prompt consideration of possible critical responses to silence
