**He gives life
And dies after fertilizing the eggs
He either abstains
He either dies
Both ways

Creativity and the Poetic Mind Jean Tobin, 2004 Creativity and the Poetic Mind mingles the voices of well known writers such as Nikki Giovanni Donald Hall John Koethe Marge Piercy and Robert Pinsky with newer voices and includes engaging excerpts from interviews with thirty eight American poets Within a sustained argument about creative states of mind this book innovatively presents and explores the technique of going to the place as more reliable in writing poetry than waiting for inspiration It explains why poets frequently believe that talking about their own poetry may damage their creativity and why for centuries inspiration has seemed to come from somewhere beyond the poet In addition it discusses the practicality of poets thinking that being creative and writing poetry are two separate skills inspiration is unreliable but experienced poets create daily

Gelpi, 1998-02-19 The Oxford poets of the 1930s W H Auden C Day Lewis Stephen Spender and Louis MacNeice represented the first concerted British challenge to the domination of twentieth century poetry by the innovations of American modernists such as Ezra Pound and William Carlos Williams Known for their radical politics and aesthetic conservatism the Auden Generation has come to loom large in our map of twentieth century literary history Yet Auden s voluble domination of the group in its brief period of association and Auden s sway with critics ever since has made it difficult to hear the others on their own terms and in their own distinct voices Here rendered in eloquent prose by one of our most distinguished critics of modern poetry is the first full length study of the poetry of C Day Lewis a book that introduces the reader to a profoundly revealing and beautifully wrought record of his poetry against the cultural and literary ferment of this century Albert Gelpi explores in three expansive sections the major periods of the poet s development beginning with the emergence of Day Lewis in the thirties as the most radical of the Oxford poets An artist who sought through poetry a way of living in time without

Blue Song Henry I. Schvey,2021-06-04 In 2011 the centennial of Tennessee Williams s birth events were held around the world honoring America s greatest playwright There were festivals conferences and exhibitions held in places closely associated with Williams s life and career New Orleans held major celebrations as did New York Key West and Provincetown But absolutely nothing was done to celebrate Williams s life and extraordinary literary and theatrical career in the place that he lived in longest and called home longer than any other St Louis Missouri The question of this paradox lies at the heart of this book an attempt not so much to correct the record about Williams s well chronicled dislike of the city but rather to reveal how the city was absolutely indispensable to his formation and development both as a person and artist Unlike the prevailing scholarly narrative that suggests that Williams discovered himself artistically and sexually in the deep South and New Orleans Blue Song reveals that Williams remained emotionally tethered to St Louis for a host of reasons for the rest of his life

Primo Levi and the Identity of a Survivor Nancy Harrowitz,2017-01-06 Primo Levi 1919 1987 was an Italian chemist writer and Holocaust survivor who used a combination of testimony essays and creative writing to explore crucial themes related to the Shoah His voice is among the most important to emerge from this dark chapter in human history In *Primo Levi and the Identity of a Survivor* Nancy Harrowitz examines the complex role that Levi s Jewish identity played in his choices of how to portray his survival as well as in his exposition of topics such as bystander complicity

Her analysis uncovers a survivor's shame that deeply influenced the personas he created to recount his experiences. Exploring a range of Levi's works including *Survival at Auschwitz* and lesser known works of fiction and poetry she illustrates key issues within his development as a writer. At the heart of Levi's discourse Harrowitz argues lies a complex interplay of narrative modes that reveals his brilliance as a theorist of testimony. Ravishment of Reason Brandon Chua, 2014-09-11

Ravishment of Reason examines the heroic dramas written for the restored English theatres in the later seventeenth century, reading them as complex and sophisticated responses to a crisis of public life in the wake of the mid-century regicide and revolution. The unique form of the Restoration heroic play, with its scenes of imperial conquest peopled by hesitating and indecisive heroes, interrogates traditional oppositions of agency and passivity, autonomy and servility that structure conventional narratives of political service and public virtue, exploring in the process new and often unsettling models of order and governance. Situating the dramas of Dryden, Behn, Boyle, Lee, and Crowne in their historical and intellectual context of civil war and the destabilizing theories of government that came in its wake, Brandon Chua offers an account of a culture's attempts to reconcile civic purpose with political stability after an age of revolutionary change.
