One of Our Submarines Edward Young,2004-09-30 Young immortalized his distinguished war service as a submariner in the bestselling autobiography *One of Our Submarines* a gripping memoir The Guardian In the very highest rank of books about the last war Submarines are thrilling beasts and Edward Young tells of four years adventures in them in a good stout book with excitement on every page He writes beautifully economically and with humor and in the actions he commands he manages to put the reader at the voice pipe and the periscope so that sometimes the tension is so great that one has to put the book down The Sunday Times No disrespect to the big screen but you can t beat a book for digging out the details And the details feel even better if the author is someone who s been there So at least take the time to read *Das Boot* the autobiographical novel by Lothar G nther Buchheim And for the British perspective read *One of Our Submarines* by Edward Young The Mouldy Books He tells his story in a modest clear and amusing way that is a delight to read not too much Boy Scouts in a Submarine; Or, Searching an Ocean Floor G. Department of Defense appropriations for 1982 United States. Congress. House. Committee on Appropriations. Subcommittee on Department of Defense,1981 **Asia Looks Seaward** Toshi Yoshihara,James R. Holmes,2007-11-30 Asia is headed toward an uncertain and potentially volatile future in the maritime arena The two rising Asian powers China and India dependent as they are on seaborne commerce for their economic well being have clearly set their eyes on the high seas Yoshihara and Holmes offer a stark warning that many strategists in Beijing and New Delhi appear spellbound by the more militant visions of sea power Indeed both powers appear poised to develop the capacity to control the sea lanes through which the bulk of their commerce flows If they enter the nautical environment with such a martial mindset Asia could very well fall victim to regional rivalries that give rise to a vicious cycle of competition Yoshihara and Holmes provide the first examination of the simultaneous rise of two naval powers and the potential impact that such an oceanic reconfiguration of power in Asia could have on long term regional stability Their study analyzes the maritime interests and strategies of the littoral states in Asia as they prepare for the expected reordering of nautical affairs This long overdue assessment revisits underlying assumptions that have prevailed among strategy makers and provides a concrete policy framework for reducing the risk of confrontation in Asian waters

William A. Renzi, Mark D. Roehrs, 2019-08-01 50 years ago Japan attacked Pearl Harbour and brought a reluctant America into World War II Armed with fresh materials which have become available only in the last decade Renzi and Roehrs take a critical look at the decisive Japanese American episodes in The Great Pacific War Unlike standard histories of World War II Never Look Back includes the Japanese perspective bringing to light challenging facts in Operation Flying Elephant the Japanese attempted to cause forest fires in the American West by releasing hydrogen filled balloons When Americans of Japanese ancestry were interned during the conflict word reached Japan of their plight and resulted in even greater mistreatment of American POWs in Japan It is argued that Japan did not surrender because of the atomic bombing of Hiroshima and Nagasaki or because of the conventional firebombing or because of the US submarine campaign but because the USSR entered the war Department of Defense Authorization for Appropriations for Fiscal Year 1991 United States.
