Looking Back On The End Of The World:

Approaching the Millennium Deborah R. Geis, Steven F. Kruger, 1997 Leading critics scholars and theater practitioners consider the most talked about play of the 1990s *Tough Girls* Sherrie A. Inness, 2018-01-09 Tough girls are everywhere these days Whether it is Ripley battling a swarm of monsters in the Aliens trilogy or Captain Janeway piloting the starship Voyager through space in the continuing Star Trek saga women strong in both body and mind have become increasingly popular in the films television series advertisements and comic books of recent decades In *Tough Girls* Sherrie A. Inness explores the changing representations of women in all forms of popular media and what those representations suggest about shifting social mores She begins her examination of tough women in American popular culture with three popular television shows of the 1960s and 70s *The Avengers* *Charlie's Angels* and *The Bionic Woman* and continues through such contemporary pieces as a recent ad for Calvin Klein jeans and current television series such as *The X files* and *Xena Warrior Princess* Although all these portrayals show women who can take care of themselves in ways that have historically been seen as uniquely male they also variously undercut women's toughness She argues that even some of the strongest depictions of women have perpetuated women's subordinate status using toughness in complicated ways to break or bend gender stereotypes while simultaneously affirming them Also of interest *Madcaps* *Screwballs* and *Con Women* *The Female Trickster in American Culture* Lori Landay *Marketing Apocalypse* Jim Bell, Stephen Brown, David Carson, 2003-09-02 The present volume of essays examines the extent to which the end of marketing is nigh The authors explore the present state of marketing scholarship and put forward a variety of visions of marketing in the twenty first century Ranging from narratology to feminism these suggestions are always enlightening often provocative and occasionally outrageous *Marketing Apocalypse* is required reading for anyone interested in the future of marketing *Encouragement from the Psalms* Dr. B, 2023-06-12 As James Brandon read and studied the Psalms over the years he came to realize that the Lord was talking to our souls through these ancient songs He was also struck by a book written in the 1800s by a man named Hawker who after reading one of the Psalms would exclaim Oh my soul what is this that thou hast found in the Holy Writ He would talk to his soul after reading the text The author began to read the Psalms and reflect on what each one said to his soul He has done that for fifty years In this book he focuses on the Psalms of Moses which encompass Psalms 90 to 106 They may have been collected by the men of Hezekiah during the reign of King Hezekiah and or by Ezra following the Babylonian Captivity It was titled *The Numbers Book the Wilderness Sojourn and the Promised Land* *The Pulpit Commentary* Vol 8 254 *The Companion Bible* Psalms 720 The Psalms are a wonderland of devotion They have enlightened the author's mind and encouraged his spirit They can do the same for you all while providing principles for living this life as you help others walk with the Lord *Public Papers of the Presidents of the United States* United States. President, 2000 Containing the public messages speeches and statements of the President 1956 1992 *Looking Backward* Edward Bellamy, 1982-12-16 Edward Bellamy's prophetic novel about a

young Boston man who is mysteriously transported from the 19th to the 21st century from a world of war and want to a world of peace and plenty The year is 2000 The place Utopian America The hero anyone who has ever longed for escape to a better life Translated into more than twenty languages and the most widely read novel of its time Looking Backward is more than a brilliant visionary's view of the future It is a blueprint of the perfect society a guidebook that stimulated some of the greatest thinkers of our age Today in the very era it attempted to visualize it is even more compelling than ever With an Introduction by Walter James Miller And an Afterword by Eliot Fintushel *The Greatest Love Poems of All Time* Cook & Brothers,2015-01-09 This book is very humorous and it gets straight to the point It could leave you with tears falling from your eyes or make you very angry My mama was my heart and my soul She taught me everything I know I am the man I am because of her She was my backbone She was there for me through hard times and good times What can I say Words do not explain the things I feel about my mama She stood by my side when no one else would She was truly truly a mother *The Drama* ,1919 *Apocalypse and Golden Age* Christopher Star,2021-12-07 How did the ancient Greeks and Romans envision the end of the world What is the long term future of the human race Will the world always remain as it is or will it undergo a catastrophic change What role do the gods human morality and the forces of nature play in bringing about the end of the world In *Apocalypse and Golden Age* Christopher Star reveals the answers that Greek and Roman authors gave to these questions The first large scale investigation of the various scenarios for the end of the world in classical texts this book demonstrates that key thinkers often viewed their world as shaped by catastrophe Star focuses on how this theme was explored over the centuries in the works of poets such as Hesiod Vergil Ovid and Lucan and by philosophers including the Presocratics Plato Epicurus Lucretius Cicero and Seneca With possibilities ranging from periodic terrestrial catastrophes to the total dissolution of the world these scenarios address the ultimate limits that define human life and institutions and place humanity in the long perspective of cosmic and natural history These texts also explore various options for the rebirth of society after world catastrophe such as a return of the Golden Age or the redevelopment of culture and political institutions Greek and Roman visions of the end Star argues are not calls to renounce this world and prepare for a future kingdom Rather they are set within larger investigations that examine and seek to improve personal and political life in the present Contextualizing classical thought about the apocalypse with biblical studies Star shows that the seeds of our contemporary anxieties about globalization politics and technology were sown during the Roman period Even the prevalent link between an earthly leader and the beginning of the end times can be traced back to Greek and Roman rulers the emperor Nero in particular *Apocalypse and Golden Age* enriches our understanding of apocalyptic thought [Public Papers of the Presidents of the United States: William J.
