Books in Print , 1991      **Why the North Star Stands Still, and other Indian Legends** Dr. William R. Palmer, 2018-02-27 No one knows how old the charming legends in this unusual book really are By word of mouth they have been handed down from generation to generation among the Pahute Indians one of the most ancient and primitive tribes on this continent who settled centuries ago in what is now the state of Utah In the main the legends tell of the origin of all living things which to the Indian includes the trees the flowers and grass the wind the water the moving clouds that suddenly darken into storm over the mountains as well as man and the animals of this earth They also tell why living things behave as they do Here for example is the Pahute version of why the sun rises cautiously why the coyote looks up when he howls how

the beaver lost the hair on his tail how the flowers got their colors and of many more interesting phenomena In language of great beauty and simplicity the stories explain how the Pahute gods Tobats and his younger brother Shinob created the earth and ruled all its inhabitants The author William R Palmer who was taken into the tribe as a token of gratitude for his work in securing better living conditions for the dwindling number of Pahutes in Utah today listened to the legends as they are still related around Pahute campfires At last and only after his Indian brothers were certain he would not misinterpret them he obtained their permission to translate the stories into English and so to make a book of them Here then is a rare collection in which young and old alike are sure to find hours of enjoyment This book makes a significant contribution to that all too scant segment of our literature the folk tales of the first Americans For this and other historical contributions Dr Palmer was given the highest recognition of an honorary doctorate degree by Utah State University *Boys' Life*, 1961-10 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting Fugitive Anne, A Romance of the Unexplored Bush Rosa Praed, 2022-11-22 In Fugitive Anne A Romance of the Unexplored Bush Rosa Praed crafts a richly evocative narrative that immerses readers in the Australian landscape while exploring themes of identity freedom and societal constraints The novel intricately weaves elements of romance with the vivid descriptions of the natural world reflecting Praed s keen observational prowess and her deep appreciation for the Australian bush Its literary style is defined by lyrical prose and an engaging sense of place effectively framing the protagonist s emotional journey against the backdrop of an untamed wilderness which serves as both sanctuary and prison Rosa Praed an Australian author and feminist was notably influenced by her own experiences with the cultural tensions of colonial Australia Growing up in a politically active family Praed s life was imbued with the complexities of social reform and the struggles of women in a patriarchal society Her intimate knowledge of the Australian frontier and its challenges instilled a profound empathy in her writing enabling her to articulate the inner conflicts faced by her characters especially women seeking autonomy Fugitive Anne is highly recommended for readers interested in early Australian literature or those who appreciate narratives that highlight the intersection of nature and human experience Praed s nuanced characters and the alluring portrayal of the bush render this book a significant exploration of personal freedom and resilience making it a vital read for anyone captivated by themes of adventure and self discovery **Black Mountain: Alex Hunter** 4 Greig Beck, 2012-12-01 Alex Hunter code named Arcadian wakes up with no knowledge of who he is in the care of a woman he doesn t recognise in a country not his own But there is a calling deep within him to return home to Black Mountain Formed a billion years ago the Appalachian s Black Mountain hosts a terrible legend Only one elder remains to guard its long forgotten deadly secret and there is a fear that there is evil lurking again Some hikers have gone missing and the rescue team sent to search for them has not returned Meanwhile in nearby Ashville Professor Matt Kearns is drawn into the mystery of an ancient artefact recovered from the mountainside and an image too grotesque to be real A survivor is then
