

My Footprints

Two little feet
with ten tiny toes
isn't it a struggle
how quickly time goes?

Footprints so small
but this will not last
I change each and every day
and grow so very fast.

These two little footprints
will help you to recall
how little I was
when my feet were so very small.

Looking For My Footprints:

On the Wings of a Dove Terry Lawrence, 2009-09-09 *On the Wings of a Dove* is a compilation of poems designed to stimulate an appreciation for the simple blessings we oft times take for granted because of the havoc and chaos that surrounds us in our daily lives here on this earth The dove is a symbol of the Holy Spirit and represents simplicity gentleness divine guidance marital affection and the deepest kind of peace Its wings exemplify the Love of God and Gods forgiveness The doves unadorned and striking white image provides us with an ever present reminder that there is always hope when there is faith in our Heavenly Father The poetry within *On the Wings of a Dove* are intended to provide inspiration and support as an arsenal against troubling times and difficult situations to produce a guiding light on darkened day and to give one the solace and belief that our Heavenly Father loves each of us watches over us and is preparing our place within His Kingdom In Repair A. L. Graziadei, 2024-05-14 Nathaniel Conti doesn't feel real when he's alone Maybe that's why he has a reputation as a troublemaker he'll do just about anything to have everyone's eyes on him But things are about to change Nathaniel is in his first year of college flung into new circumstances with new people to meet There are public speaking classmates lacrosse players and then there's the aspiring photographer who asks Nathaniel to be their model who's interested in more than what's on the surface Nathaniel feels like he's moving forward until a former friend shows up someone who reminds him of habits and hurts he thought he'd left behind From the author of *Icebreaker* comes a deeply felt gorgeously told story about confronting what's buried coming into your own and finding your people *THE DEVIL I KNOW HIM (ENG version)* Iliyan Kuzmanov, *The Devil I Know Him* is a provocative and intelligent exploration of the concepts of the Free Man Absolutism and the Devil It's a brutally honest masterpiece that looks deep into the heart of fantasy and longing In an intelligent raw and often sarcastic manner Iliyan Kuzmanov chronicles the Devil A remarkable journey from ancient Syria to worldwide notoriety today Cruel modern classic about humanism doomed love passion faith God law wisdom and redemption Contemporary high adrenaline interpretation of the works of the likes of Dante Milton Goethe and Bulgakov Anti totalitarian apocrypha a free man's confession a self-made man's gospel A rage rebellion in the name of a Love a far cry for freedom that can shake lawless empires and godless tyrants A lonely voyage of the will the endless power of the human spirit the immortal soul through cycles of metamorphoses dreams and revelations Iliyan's irony is disarming allowing brilliantly to expose all that is absurd and paradoxical in the totalitarian societies *The Devil I Know Him* is the Eastern European answer to the rising dark autocratic systems inspired by the Miguel de Cervantes classic novel *Don Quixote* Magical realism that will thrill your emotions and perceptions And in the meantime with comprehensive knowledge and entrancing storytelling skills Iliyan discovers the notions of the Devil and Free Man with a palette of narratives through different arts cultures and historical periods Provoking thoughts on freedom feudalism fascism control power belief and tolerance Thoughts, Words, Songs of the Heart Carolyn Myers, 2013-08 This book will open your mind and spirit to the reality of Father God inspire you

 both humorous and introspective writings In a collection of entertaining limericks Gross shares lyrical insight from his
 thoughts while showering shaving brushing his teeth fixing supper washing the dishes watching his beloved Hawkeyes win a
 big game or go down in ignominious defeat or performing other mindless chores His limericks touch on relatable topics

 Quest The Prize* is a memoir based on the journals of seven expeditions co led by Richard Taylor and Pat Epps Taylor s
 journals cover eleven years of the search and retrieval of the P 38 Lightning later called *Glacier Girl* On her way to war in
 1942 she and seven other planes in their squadron ran out of gas and crash landed on the Greenland ice cap After a two
 week wait all of the pilots and crew were rescued no one left behind They then went back to war and the eight planes were
 abandoned Eventually they became known as the Lost Squadron Thirty nine years later in 1981 Pat and Richard heard about
 this aviation event and formed the Greenland Expedition Society GES They teamed up with a couple of other pilots and
 headed north to find the planes Their ambitious plan was to put fresh gas in the tanks attach skis and fly as many of the
 fighters as they could back to the States What greater way to store airplanes than in a giant deep freeze As it turned out the
 planes turned out to be difficult to find The first four expeditions to the ice cap ended were conspicuous mission failures In
 situ lessons in Arctic survival are not offered without startlingly high payments of personal sacrifice On the upside some
 thrilling and harrowing stories of Mother Nature exercising her unlimited fury are shared The ice cap adage of shovel or die
 takes on new meaning It was not until the fifth expedition using ground penetrating radar of a discrete frequency that the
 planes were finally located At a glacial rate they had moved more than a mile from their original location But that wasn t the
 big problem The bad news was that they were now encased in solid blue ice 260 feet deep in the bowels of the glacier To
 melt a shaft through the ice and down to the planes the GES invented and built a system they called the thermal meltdown
 generator TMG In its first field application at seventy feet deep in the glacier the melt head lost directional control gravity

and started heading horizontally Henceforth the future TMGs were affectionately called gophers In 1990 the team returned to the glacier with a new gopher melted a four foot diameter shaft down to the B 17 bomber Big Stoop They then descended down the ice shaft melted out a hangar area around the bomber and salvaged an array of historical aviation paraphernalia machine guns throttle quadrants instruments the upper gun turret and so on The near impossible was accomplished In 1992 now a little more seasoned and with a few garlands of hard earned achievement they returned again with a new super gopher Their sights were now set on retrieving at least one complete Lockheed P 38 Lightning fighter plane The mission started with melting five ice shafts closely in a row The webs between the holes were then melted out to create a four foot by twenty foot slot in the glacier 260 feet deep This was the right sized opening through which they could lift large wings and fuselage sections to the surface The airplane was then carefully deconstructed hauled to the surface and then delivered to the States for reassembly It took ten years and two million dollars to put the plane back into flying condition They called her Glacier Girl The renovation was performed by Roy Shoffner a GES partner in the seventh expedition In 2002 Glacier Girl flew again and was featured in the one hour History Channel presentation The Hunt for the Lost Squadron Glacier Girl now flies and is the feature star attraction in airshows all over the country Citius altius fortius **Beyond the Trail** Tammy
