Andrew Rawson

Loos 1915 The Northern Battle An Hohenzollern Redoubt Battleground Europe:

Loos: Hohenzollern Andrew Rawson,2002-06-06 In September 1915 Kitchener's men were in action for the first time in the largest offensive of the year Using gas British troops managed to open a three mile gap in the German line However misuse of the reserves allowed the chance of success to pass by In the following struggle for Hohenzollern Redoubt the British were defeated time after time by superior weapons and tactics For the first time visitors will be able to explore this key battle a battle that cost the BEF over 50 000 casualties **Loos - 1915** Andrew Rawson,2003 In September 1915

Kitchener's men were in action for the first time in the largest offensive of the year Using gas British troops managed to open a three mile gap in the German line However misuse of the reserves allowed the chance of success to pass by In the following struggle for Hohenzollern Redoubt the British were defeated time after time by superior weapons and tactics For the first time visitors will be able to explore this key battle a battle that cost the BEF over 50 000 casualties *The British*

National Bibliography Arthur James Wells,2004 **Battle Story: Loos 1915** Peter Doyle,2012-02-29 Through the first year of the First World War Allied strategy had relied upon a series of small scale assaults which in reality achieved little or no ground gained The Battle of Loos was to be different Kitchener's Army was deployed in strength for the first time and an ambitious plan aimed to take ground over a 20 mile front However the battlefield was not the Allies ideal site and the battle plans did not account for the lack of ammunition and artillery It was the attempt to overcome some of these shortcomings that would put this battle firmly in the history books as the British deployed poison gas for the first time hoping to confuse and overwhelm the German positions With facts and stats that explore both sides of the conflict as well as the innovations brought to this battle The Battle of Loos 1915 analyses the key strategies at play studies the lasting legacy of this battle on the rest of the war and explores the myth of the Footballer of Loos an iconic image of the First World War to this day

1915 Campaign in France, the Battles of Aubers Ridge, Festubert and Loos A. Kearsey,2007-11 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in

our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

1915 Campaign in France Alexander Horace Cyril Kearsley,1929 *The Battle of Loos* Philip Warner,1976 France and Belgium 1915 Vol 1. Winter 1914-15 Brig-Gen Je Edmonds,2013-05 *Loos 1915* Peter Doyle,2012 The Battle of Loos saw a change in Allied strategy which up until then had been a series of small scale assaults that achieved little or no ground gained Loos was to be different Kitchener s Army was deployed in strength for the first time and an ambitious plan aimed to take ground over a 20 mile front As the fog of war descended the first day s gains were lost over subsequent days fighting and in the end the Big Push saw little achieved with Allied losses of about 50 000 men Through quotes and maps the text explores the unfolding action of the battle and puts the reader on the frontline If you truly want to understand what happened and why read Battle Story **Most Unfavourable Ground** Niall Cherry,2008-08-01 Most Unfavourable Ground offers a detailed look at the planning execution and aftermath of the Battle of Loos 1915 As well as using official records and reports numerous personal stories have been woven into the account

Loos 1915 Nick Lloyd,2008-10-01 In little over three weeks of intensive fighting which not only witnessed the first British use of poison gas but also the debut of New Army divisions filled with citizen volunteers British forces at Loos managed to drive up to two miles into the German positions However they were unable to capitalise on their initial gains After suffering nearly 60 000 casualties three times the number suffered by their opponents and being driven from the

German lines in disorder bitter recrimination followed Nick Lloyd presents a reassessment of the Battle of Loos arguing that it was vital to the development of new strategies and tactics He places it within its political and strategic context as well as discusses command and control and the tactical realities of war on the Western Front during 1915 **Loos: Hill 70** Andrew Rawson, 2008-10-20 The Battle of Loos formed part of a wider offensive conducted by both French and British Forces in September 1915 The British First Army under the leadership of General Haig were to break through the German line at Loos thanks in part to their superior numbers while other operations were to achieve a similar result in Champagne and at Vimy Ridge Due to lack of artillery the Loos attack was planned to be preceded by a massive gas attack Chlorine gas would hopefully entirely overcome the Germans inadequate gas masks and lead to a swift breakthrough Unfortunately all did not go to plan First some of the gas was blown back into the British trenches causing over 2 000 casualties Then when the assault itself took place the attackers were met by fierce German resistance none more so than at Hill 70 where the German defences were strong Despite many waves of attack very few troops made it into enemy trenches After a few days the attack had to be called off It had cost 60 000 British casualties for virtually no gain Rudyard Kipling's son John serving with the Irish Guards was also lost [An Illustrated Pocket Guide to the Battle of Loos 1915](#) Michael Gavaghan, 1998 *The British Campaign in France and Flanders ...: 1915* Arthur Conan Doyle, 1917 **The Battle of Loos 1915** Peter Doyle, 2026-07-14 Through the first year of the First World War Allied strategy had relied upon a series of small scale assaults which in reality achieved little or no ground gained The Battle of Loos was to be different Kitchener's Army was deployed in strength for the first time and an ambitious plan aimed to take ground over a 20 mile front However the battlefield was not the Allies' ideal site and the battle plans did not account for the lack of ammunition and artillery It was the attempt to overcome some of these shortcomings that would put this battle firmly in the history books as the British deployed poison gas for the first time hoping to confuse and overwhelm the German positions With facts and stats that explore both sides of the conflict as well as the innovations brought to this battle The Battle of Loos 1915 analyses the key strategies at play studies the lasting legacy of this battle on the rest of the war and explores the myth of the Footballer of Loos an iconic image of the First World War to this day [The British Campaign In France and Flanders: 1915 \(EasyRead Large Bold Edition\)](#) Arthur Conan Doyle, The British Campaign in France and Flanders 1915 by Arthur Conan Doyle is a historical account written in the early 20th century This work meticulously details the events of the British Army's operations in France and Flanders during the year 1915 a year characterized largely by frustration and stalemate in the face of intense military pressure The author known for his contributions to literature and history offers an in depth perspective detailing specific battles and notable actions taken by the soldiers alongside the struggles they faced on and off the battlefield The opening of the text sets the stage for the military events of 1915 following up on the previous volume that addressed the earlier year Conan Doyle introduces key elements such as the harsh weather conditions troop movements and significant battles like the conflicts at Cuinchy and

Givenchy He provides a narrative filled with accounts of bravery and tragedy such as the detailed experiences of individual soldiers and the strategic movements of British forces in response to German aggression The author not only highlights the grim realities of trench warfare including the psychological and physical toll it took on troops but also emphasizes themes of valor and resilience within the ranks of the British Army This is an automatically generated summary **1915** Arthur Conan Doyle,1917 Loos 1915 Gordon Corrigan,2006 This book looks at the major British offensive in 1915 when the British Expeditionary Force embarked on a battle that it did not want to fight over ground that was quite unsuitable for the attack **The British Campaign Volume 2 of 2 In France and Flanders: 1915 (EasyRead Super Large 24pt Edition) , The Fight for Hill 70 in the Battle of Loos** John M. Breit,1937
