Looseleaf Philosophy:

Loose Leaf for Looking at Philosophy with Connect Access Card Donald Palmer, 2015-03-16 Distilled from Donald Palmer's more than 30 years of teaching experience this text exemplifies his very successful approach to teaching introductory philosophy. Through the use of humor and nearly 400 drawings, charts, and diagrams, serious philosophical topics come alive for the reader without compromising the importance of the subject matter. In the author's words, "This book takes philosophy seriously but not gravely." McGraw Hill Connect is a subscription-based learning service accessible online through your personal computer or tablet. LOOSE LEAF FOR CRITICAL THINKING Richard Parker, Brooke Noel Moore, 2020-02-25 In this new edition, the authors have expanded on how to improve information acquisitions skills and recognize dubious claims, gravely important in this current climate of fake news. In addition, they have revised and expanded the distinction between subjective judgments and objective claims and revamped their explanation of inductive reasoning into four different types, introducing them in chapter 2 and further explaining them in chapter 11. This book is not about critical thinking as much as it is a book in critical thinking. The authors work to provide guided practice in what they and instructors think are the most important critical thinking skill sets for students. Loose Leaves & Oak Trees Charles Knause, 2015-05-26 A collection of articles and essays dealing with some aspect of current world events and my analysis of these events from a perspective other than the official narrative. This book also includes a number of philosophical essays dealing with some of the age-old and timeless questions of what it means to be human. **LooseLeaf Does the Center Hold? An Introduction to Western Philosophy** Donald Palmer, 2016-10-10 Does the Center Hold is an entertaining, topically organized introductory program with more than 500 original illustrations. The ideas and issues typically covered in introductory philosophy courses are presented here in a remarkably accessible and enjoyable manner. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master recall and apply key concepts while providing automatically graded assessments.
