

LORD ACTON

A STUDY IN
CONSCIENCE & POLITICS

GERTRUDE HIMMELFARB

Lord Acton A Study In Conscience And Politics

Axel Körner

Lord Acton A Study In Conscience And Politics:

Lord Acton Gertrude Himmelfarb, 2015 Lord Acton is the author of the maxim Power tends to corrupt and absolute power corrupts absolutely In this intellectual biography Gertrude Himmelfarb regards Acton as a man more of our age than of his own He was a Liberal Catholic and a distinguished historian and his vigorous denunciations of nationalism racism statism and bigotry rank among the classics of political and social thought *Lord Acton for Our Time* Christopher Lazarski, 2023-10-15 Lord Acton for Our Time illuminates the thought of the English historian politician and writer who gave us the famous maxim Power tends to corrupt and absolute power corrupts absolutely Extracting lessons for our current age Christopher Lazarski focuses on liberty how Acton understood it what he thought was its foundation and necessary ingredients and the history of its development in Western Civilization Acton is known as a historian or even the historian of liberty and as an ardent liberal but there is confusion as to how he understood liberty and what kind of liberalism he professed Lord Acton for Our Time provides an introduction that presents essentials about Acton s life and recovers his theory of liberalism Lazarski analyzes Acton s type of liberalism probing whether it can offer a solution to the crisis of liberal democracy in our own era For Acton liberty is the freedom to do what we ought to do both as individuals and as citizens and his writings contain valuable lessons for today

The Study of History, 2000 History is a subject which never stands still It is always changing its philosophies its contours its leading questions its politics its conceptual status and its methodologies This bibliographical guide to the study of history is wide ranging in scope extending from the ancient world to the 20th century It deliberately concentrates on modern historians views provides a substantial section on the philosophy of history charts controversies and highlights the continual evolution and diversification of history The material is logically organized in major areas and subsections and cross references are given where appropriate An index of authors editors and compilers is also provided

Truth, Morality, and Meaning in History Paul T. Phillips, 2019-03-14 In this important new book Paul T Phillips argues that most professional historians aside from a relatively small number devoted to theory and methodology have concerned themselves with particular specialized areas of research thereby ignoring the fundamental questions of truth morality and meaning This is less so in the thriving general community of history enthusiasts beyond academia and may explain in part at least history s sharp decline as a subject of choice by students in recent years Phillips sees great dangers resulting from the thinking of extreme relativists and postmodernists on the futility of attaining historical truth especially in the age of post truth He also believes that moral judgment and the search for meaning in history should be considered part of the discipline s mandate In each section of this study Phillips outlines the nature of individual issues and past efforts to address them including approaches derived from other disciplines This book is a call to action for all those engaged in the study of history to direct more attention to the fundamental questions of truth morality and meaning

Discipline and Power, 1995 An intellectual cultural and social analysis of the ways in which universities successfully transformed a set of

values encoded in the concept of liberal education into a licensing system for a national elite Humanities ,1991

Studies in Biography Daniel Aaron,1978 **The Fortunes of Liberalism** F.A. Hayek,2014-08-13 In this new collection of essays F A Hayek traces his intellectual roots to the Austrian school of economics and links it to the modern rebirth of classical liberal or libertarian thought There is much new interesting material here for scholars of Hayek essays on Hayek s early life and on the intellectual climate of Vienna in the early part of the twentieth century Hayek s opening address to the inaugural meeting of the Mont P lerin Society and other material from the period when Hayek was playing his part in the revival of liberal thought Hayek s views on his teachers and on other leading figures in the Austrian school This is the fourth volume of The Collected Works of F A Hayek and the third to appear This series provides a new standard edition of Hayek s writing complete newly ordered and comprehensively annotated Much of the material in this volume is either previously unpublished or previously unavailable in English *Politics of Culture in Liberal Italy* Axel Körner,2008-08-18 Exploring theatre and opera architecture and urban planning the medieval revival and the rediscovery of the Etruscan and Roman past this book analyzes Italians changing relationship to their new nation state and the monarchy class conflicts and the emergence of new belief systems and of scientific responses to the experience of modernity British liberal internationalism, 1880-1930 Casper Sylvest,2013-07-19 This book explores the development character and legacy of the ideology of liberal internationalism in late nineteenth and early twentieth century Britain Liberal internationalism provided a powerful way of theorising and imagining international relations and it dominated well informed political discourse at a time when Britain was the most powerful country in the world Its proponents focused on securing progress generating order and enacting justice in international affairs Liberal internationalism united a diverse group of intellectuals and public figures and it left a lasting legacy in the twentieth century This book elucidates the roots trajectory and diversity of liberal internationalism focusing in particular on three intellectual languages international law philosophy and history through which it was promulgated Finally it traces the impact of these ideas across the defining moment of the First World War The liberal internationalist vision of the late nineteenth century remained popular well into the twentieth century and forms an important backdrop to the development of the academic study of International Relations in Britain
