Desmond Alexander, 2018-01-16 For here we have no lasting city but we seek the city that is to come Hebrews 13 14 At the very heart of God s plan for the world stands an extraordinary city Beginning with the garden of Eden in Genesis and ending with the New Jerusalem in Revelation the biblical story reveals how God has been working throughout history to establish a city filled with his glorious presence Tracing the development of the theme of city in both testaments T Desmond Alexander draws on his experience as a biblical scholar to show us God s purpose throughout Scripture to dwell with his redeemed people in a future extraordinary city on a transformed earth Part of the Short Studies in Biblical Theology series *The Six Days of Creation* William Graeme Rhind, 1855 The Mosaic Account of Creation William Dalrymple, 1794 **The Real Story of Creation** Willie J. Alexander, 2012-11-30 In his first book *Entering The Promised Land* Willies quest to understand how embedded social biases affect business success led to a much

broader revelation Religious Scholar by training Willie's source for study was biblical Scripture. In the course of his research he literally stumbled upon a new methodology for biblical study. He named this new tool the Defined Word Approach. Much to his surprise, by using this tool he found a rich cultural heritage for individuals of African descent, hence the title *Entering The Promised Land*. In his latest writing *The Real Story of Creation*, Willie lays out an entirely new perspective on Creation as recounted in the Holy Bible. Using the Defined Word Approach, he breaks down the meaning of the classical Hebrew words used to write the Scripture. The take away is vastly different from the biblical teachings of the past two centuries. Willie feels that using the Defined Word Approach to read and understand the Bible could be the impetus for re-energizing religious study and understanding. Willie continues to pursue his research and writing while providing leadership and guidance through his service and active participation in industry, business, and civic associations.

I started on this subject following a personal crisis. I had the opportunity of seeing people and phenomena beyond those experienced in the daily life. Go out of Egypt. I was told: The meaning of it was to step out of the material routine and start dealing with spirituality. I tried to examine all new information and study on the topic of the creation of the world and the connection between the Torah and science. I searched for proofs to this connection in the most thorough way possible. Was the world created by accident or with an initial thought? What was the world created for? Is the Big Bang the beginning of creation or was the world created much earlier? What is the universe made of? What maintains it? What will happen to the universe in the future? When was man created? Was man created from the monkey? Is there any kind of connection between all of humanity? How can you even research creation? Can you possibly prove the existence of God? How can you even reach Him? Who can provide answers to that? The answers to these questions are hidden in the Torah. The Torah is a secret language. The Hebrew word for world, *Olam*, hints on the words *Hidden*, *Ha-aleim*, *Ne-lam*. Scientists study the world every day, and the results of their studies are surprisingly similar to the prophecies of the Torah. Jewish thinkers, world intellectuals, and *tzadikim* are able to find a connection with the hidden worlds. They told us that there is a Creator to the world: God. The world was created with initial thought. The thought of creation. Man has a special and unique role in the world to connect with the Creator by

thinking of and helping his fellow men Love your neighbor as yourself The nation of Israel is a bridge that connects the material world with the Creator Will we successfully climb the right bridge Will man connect the world and humanity Will the nation of Israel successfully carry out its task Love your neighbor as yourself this is how the soul is built Let s connect to it Good luck
