*The Lost Chronicles of Alexander the Great* Steve Stylianos, 2004-11 From the wreckage of the Alexandria library comes an ancient scroll scribed by Ptolemy one of Alexander's famed generals This text is an adaptation of that scroll a modern day account of the history and marvel that surrounded Alexander's life mixed with a spice of fiction

**Cult Telefantasy Series** Sue Short, 2011-07-25 From *The Prisoner* in the 1960s to the more recent *Heroes* and *Lost* a group of television series with strong elements of fantasy have achieved cult status Focusing on eight such series this work analyzes their respective innovations and influences Assessing the strategies used to promote cult appeal it also appraises increased opportunities for interaction between series creators and fans and evaluates how television fantasy has utilized transmedia storytelling Notable changes within broadcasting are discussed to explain how challenging long form dramas have emerged and why telefantasy has transcended niche status to enjoy significant prominence and popularity

**Quality TV** Janet McCabe, Kim Akass, 2007-09-26 In his seminal book *Television's Second Golden Age* Robert Thompson described quality TV as best defined by what it is not it is not regular TV Audacious maybe but his statement renewed debate on the meaning of this highly contentious term Dealing primarily with the post 1996 era shaped by digital technologies and defined by consumer choice and brand marketing this book brings together leading scholars established journalists and experienced broadcasters working in the field of contemporary television to debate what we currently mean by quality TV They go deep into contemporary American television fictions from *The Sopranos* and *The West Wing* to *CSI* and *Lost* innovative sometimes controversial always compelling dramas which one scholar has described as now better than the movies But how do we understand the emergence of these kinds of fiction Are they genuinely new What does quality TV have to tell us about the state of today's television market And is this a new Golden Age of quality TV Original often polemic each chapter proposes new ways of thinking about and defining quality TV There is a foreword from Robert Thompson and heated dialogue between British and US television critics Also included are a great coup are interviews with *W* Snuffy Walden scored *The West Wing* among others and with David Chase *The Sopranos* creator Quality TV provides throughout groundbreaking and innovative

theoretical and critical approaches to studying television and for understanding the current and future TV landscape

**The Meaning of Video Games** Steven E. Jones, 2008-04-11 The Meaning of Video Games takes a textual studies approach to an increasingly important form of expression in today's culture It begins by assuming that video games are meaningful not just as sociological or economic or cultural evidence but in their own right as cultural expressions worthy of scholarly attention In this way this book makes a contribution to the study of video games but it also aims to enrich textual studies Early video game studies scholars were quick to point out that a game should never be reduced to merely its story or narrative content and they rightly insist on the importance of studying games as games But here Steven E Jones demonstrates that textual studies which grows historically out of ancient questions of textual recension multiple versions production reproduction and reception can fruitfully be applied to the study of video games Citing specific examples such as Myst and Lost Katamari Damacy Halo Fa ade Nintendo's Wii and Will Wright's Spore the book explores the ways in which textual studies concepts authorial intention textual variability and performance the paratext publishing history and the social text can shed light on video games as more than formal systems It treats video games as cultural forms of expression that are received as they are played out in the world where their meanings get made

**Die phantastische Serie** Hannes Niepold, 2016-02-15 Serien wie Lost Twin Peaks oder Like a Velvet Glove Cast in Iron faszinieren uns nicht zuletzt deshalb so nachhaltig weil sie mit etlichen Regeln des Erzählens zu brechen scheinen insbesondere mit der traditionellen und in diesen Serien besonders heraufbeschworenen Annahme einer letztlichen Sinnhaftigkeit aller Elemente einer Narration Hannes Niepold zeigt erstmals die gemeinsamen Erzählstrukturen und verfahren dieser phantastischen Serien auf und beschreibt den grundlegenden Zusammenhang von offener Serialität Phantastik und Improvisation Die Studie umreißt damit eine spezifische Erzählform welche bislang als solche noch nicht betrachtet wurde

**The Covenants of the Prophet Muhammad** Ibrahim Mohamed Zein, Ahmed El-Wakil, 2022-12-30 Through analysis of the Covenants of the Prophet Muhammad which pledge protection to diverse faith communities this book makes a profoundly important contribution to research on early Islam by determining the Covenants historicity and textual accuracy The authors focus on the Prophet Muhammad's relationship with other faith communities by conducting detailed textual and linguistic analysis of documents which have received little scholarly consideration before This not only includes decrees of the Prophet Muhammad Umar ibn al-Khattab Al-ibn Abi-lib and Mu'awiya ibn Abi Sufyan but also of important Muslim rulers They present their findings in relation to contemporaneous

historical writings historic testimonies official recognition archaeological evidence historic scribal conventions date matching calculations textual parallelisms and references in Muslim and non Muslim sources They also provide new and revised translations of various Covenants issued by the Prophet Muhammad which were attested by Muslim authorities after him The authors argue that the claim of forgery is no longer tenable following the application of rigorous textual and historical analysis This book is essential reading for Muslims Christians Jews Samaritans and Zoroastrians as well as anyone interested in interfaith relations Islamophobia extremist ideologies security studies and the relationship between Orthodox and Oriental Christianity with Islam
