Lost Face:

The Challenge of Facework Stella Ting-Toomey, 1994-05-24 This book addresses the cross cultural variations in the conceptions of face and facework from a multidisciplinary communication perspective Facework represents one of the most important theoretical concepts available to us in contemporary communication literature as it encompasses a dynamic network of cross cultural social cognitive affective interpersonal interactional and identity issues The book serves a dual purpose to raise issues and to extend some of the current ideas in face and facework research in the cross cultural and interpersonal communication settings and to illuminate some specific directions for future research into the face and facework management process Face and facework are presented in conjunction with phenomena such as politeness request interaction embarrassment conflict business negotiation and international diplomacy Face/On Sharrona Pearl, 2017-04-12 Are our identities attached to our faces If so what happens when the face connected to the self is gone forever or replaced In Face On Sharrona Pearl investigates the stakes for changing the face and the changing stakes for the face in both contemporary society and the sciences The first comprehensive cultural study of face transplant surgery Face On reveals our true relationships to faces and facelessness explains the significance we place on facial manipulation and decodes how we understand loss reconstruction and transplantation of the face To achieve this Pearl draws on a vast array of sources bioethical and medical reports newspaper and television coverage performances by pop culture icons hospital records personal interviews films and military files She argues that we are on the cusp of a new ethics in an opportune moment for reframing essentialist ideas about appearance in favor of a more expansive form of interpersonal interaction Accessibly written and respectfully illustrated Face On offers a new perspective on face transplant surgery as a way to consider the self and its representation as constantly present and evolving Highly interdisciplinary this study will appeal to anyone wishing to know more about critical interventions into recent medicine makeover culture and the beauty industry **Training the Body for China** Susan Brownell, 1995-08 Competing in the 1986 National College Games of the People's Republic of China Susan Brownell earned both a gold medal in the heptathlon and fame throughout China as the American girl who won glory for Beijing University Now an anthropologist Brownell draws on her direct experience of Chinese athletics in this fascinating look at the culture of sports and the body in China Training the Body for China is the first book on Chinese sports based on extended fieldwork by a Westerner Brownell introduces the notion of body culture to analyze Olympic sports as one element in a whole set of Chinese body practices the old people's disco dancing craze the new popularity of bodybuilding following reluctant official acceptance of the bikini mass calisthenics martial arts military discipline and more Translating official and dissident materials into English for the first time and drawing on performance theory and histories of the body Brownell uses the culture of the body as a focal point to explore the tensions between local and global organizations the traditional and the modern men and women Her intimate knowledge of Chinese social and cultural life and her wide range of historic examples

make *Training the Body for China* a unique illustration of how gender the body and the nation are interlinked in Chinese culture The Origins of Contemporary Sino-Japanese Relations Mayumi Itoh,2016-05-19 In this book Mayumi Itoh presents a comprehensive and in depth examination of China s first Premier Zhou Enlai s youth in Japan where he received his enlightenment in Marxism from the Japanese scholar Kawakami Hajime Itoh analyzes primary sources including diaries and letters to reveal the innermost thoughts of young Zhou about how to save China from total destruction by imperial powers and demonstrate how Zhou s time in Japan gave him a profound understanding of the Japanese people and society These formative experiences would become the foundation for post World War II Chinese foreign policy toward Japan and the origins of contemporary Sino Japanese relations Red Riding Hood Wolfhunter Sebastian Hale,2025-04-14 In the shadowy depths of a medieval village where the air is thick with whispers and the forest looms like a predator Red Riding Hood Wolfhunter reimagines the classic tale with a dark adult twist Years have passed since Red outwitted the Big Bad Wolf yet the scars of her past linger in her heart No longer the innocent girl in the red cloak she has transformed into a fierce hunter training relentlessly to protect her village from the lurking horrors that prowl the night But the woods are treacherous and the line between hunter and hunted blurs when Red faces an unexpected foe a werewolf that stirs memories she thought long buried As she navigates the twisting paths of the ominous forest she must confront not only the beast lurking within the shadows but also the ghosts of her own trauma With every moonlit clearing her resolve is tested as the haunting echoes of her past intertwine with the present In this chilling tale Red s journey is not merely about vengeance it s about justice in a world that often turns a blind eye to the monsters that hide in plain sight Her encounters with the enigmatic Woodsman who harbors secrets of his own and her wise yet frail Grandmother who embodies the fragile strength of survival serve as poignant reminders of the choices one must make in the face of darkness The Big Bad Wolf may have fallen but new horrors rise from the depths of the forest creatures that howl for revenge and prey on the vulnerabilities of those who dare to tread too close As the full moon waxes Red finds herself drawn into a perilous game of cat and mouse where courage is not just an act of bravery but a necessity for survival Red Riding Hood Wolfhunter masterfully weaves themes of trauma and resilience into its folklore inspired narrative exploring the complexities of justice in a world rife with betrayal and fear Will Red embrace her destiny as a hunter or will she succumb to the very darkness she seeks to vanquish Embrace the haunting allure of this dark fairy tale and discover how courage can illuminate even the darkest paths *Flying* Eric Kraft,2009-03-03 Critics have compared him to Proust Pynchon and Fred Astaire an artful slyly intelligent wildly inventive observer of Americana Now Eric Kraft has landed an ambitious comedy set both in our present and in an alternative 1950s universe Flying It is the tail end of the 1950s and in the town of Babbington New York a young dreamer named Peter Leroy has set out to build a flying motorcycle using a design ripped from the pages of Impractical Craftsman magazine This two wheeled wonder will carry him not only to such faraway places as New Mexico and the Summer Institute in Mathematics Physics and

Weaponry but deep into the heart of commercialized American culture and return him to Babbington a hero More than forty years later as Babbington is about to rebuild itself as a theme park commemorating his historic flight Peter must return home to set the record straight and confess that his flight did not match the legend that it inspired Drawing together Eric Kraft's previously published *Taking Off* and *On the Wing* with the brand new final part of the story *Flying Home* *Flying* is a buoyant comedy of remarkable wingspan a hilarious story of hoaxes digressions do it yourself engineering and the wilds of memory and a great satire of magical thinking in America
