their self representations when the whole world seems to be watching The question is familiar but not new Julia Fawcett examines the stages pages and streets of eighteenth century London as England's first modern celebrities performed their own strange and spectacular self representations They include the enormous wig that actor Colley Cibber donned in his comic role as Lord Foppington and that later reappeared on the head of Cibber's cross dressing daughter Charlotte Charke They include the black page of Tristram Shandy a memorial to the parson Yorick and author Laurence Sterne a page so full of ink that it cannot be read And they include the puffs and prologues that David Garrick used to heighten his publicity while protecting his privacy the epistolary autobiography modeled on the sentimental novel of Garrick's protégé George Anne Bellamy and the elliptical poems and portraits of the poet actress and royal courtesan Mary Robinson aka Perdita Linking all of these representations is a quality that Fawcett terms over expression the unique quality that allows celebrities to meet their spectators demands for disclosure without giving themselves away Like a spotlight so brilliant it is blinding these exaggerated but illegible self representations suggest a new way of understanding some of the key aspects of celebrity culture both in the eighteenth century and today They also challenge divides between theatrical character and novelistic character in eighteenth century studies or between performance studies and literary studies today The book provides an indispensable history for scholars and students in celebrity studies performance studies and autobiography and for anyone curious about the origins of the eighteenth century self

Henry James: The Young Master Sheldon M. Novick,2011-07-27 As if Henry James himself were guiding us we visit old Calvinist New York in the mid nineteenth century and share the coming of age of a young man whose boldness of spirit and profound capacity for affection attract both men and women to him We journey with James through Italy and France witness his first love affair in Paris and settle with him in London at the height of Empire in the Victorian Age We scale the heights of London society with him and as the world opens to James we share with him the experience of writing a series of celebrated and successful novels culminating with Washington Square on which the play The Heiress is based and his masterpiece The Portrait of a Lady The Washington Post Book World notes It is no small ambition to write a biography of James that is commensurate with that master and Sheldon Novick has done it Splendidly written Novick has aimed to bring James back to life and he has succeeded brilliantly The Washington Post Book World Like a movie of James's life as it unfold moment to moment The New York Times Masterful in bringing James and his world to life San Francisco Examiner Chronicle Beautifully written with a grace that enables Sheldon Novick to weave his subject's words in and out of his own with a properly Jamesian suavity Novick's account gives one a profound respect for James's persistence and power of will The New Republic NOTE This edition does not include a photo insert
