Ingenious Jason Fagone,2013-11-05 An epic tale of invention in which ordinary people s lives

are changed forever by their quest to engineer a radically new kind of car In 2007 the X Prize Foundation announced that it would give 10 million to anyone who could build a safe mass producible car that could travel 100 miles on the energy equivalent of a gallon of gas The challenge attracted more than one hundred teams from all over the world including dozens of amateurs Many designed their cars entirely from scratch rejecting decades of thinking about what a car should look like Jason Fagone follows four of those teams from the build stage to the final race and beyond into a world in which destiny hangs on a low drag coefficient and a lug nut can be a beautiful talisman The result is a gripping story of crazy collaboration absurd risks colossal hopes and poignant losses In an old pole barn in central Illinois childhood sweethearts hack together an electric powered dreamboat using scavenged parts forging their own steel and burning through their life savings In Virginia an impassioned entrepreneur and his hand picked squad of speed freaks pool their imaginations and build a car so light that you can push it across the floor with your thumb In West Philly a group of disaffected high school students come into their own as they create a hybrid car with the engine of a Harley motorcycle And in Southern California the early favorite a start up backed by millions in venture capital designs a car that looks like an alien egg Ingenious is a joyride Fagone takes us into the garages and the minds of the inventors capturing the fractious yet beautiful process of engineering a bespoke machine Suspenseful and bighearted this is the story of ordinary people risking failure economic ruin and ridicule to create something vital that Detroit had never pulled off As the Illinois team wrote in chalk on the wall of their barn SOMEBODY HAS TO DO SOMETHING THAT SOMEBODY IS US **Wide Boy** Bill Appleton,2006 *Objective English for Competitions* ,
